Harrying To Sick Child.

Ottawa, Jan. 19.—It is reported from Gatineau district that a shanty-man named Lepine, while on his way out from his camp on Wednesday, was nearly frozen to death. His hands and feet were badly frozen, his ears were nipped and his nose so badly frozen that, the report says, part of it fell off.

HELD IN RUINS

A Canadian Rescued After Fifty Hours.

WAS ALMOST INSANE

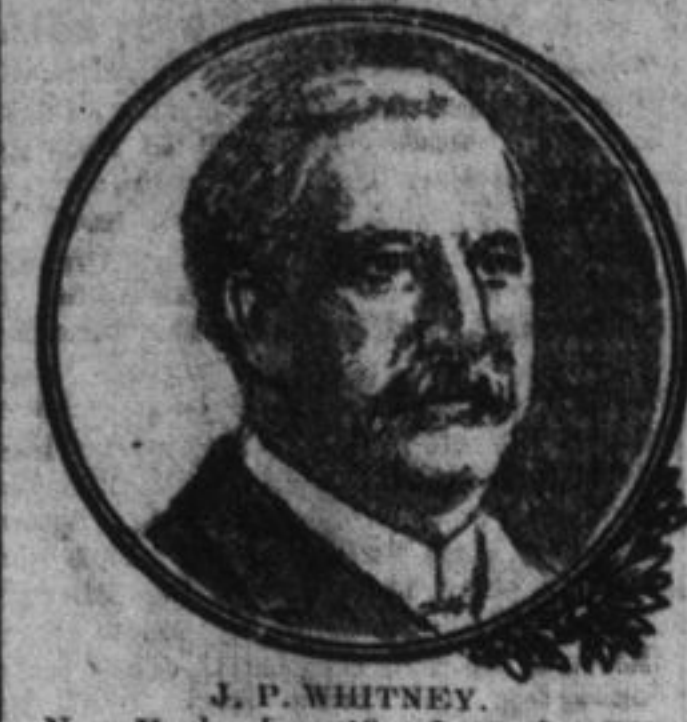

THERE IS GREAT SUFFERING AT KINGSTON.

Hamar Greenwood, M.P., Says Scene Just After the Earthquake Was Simply Hellish—The Blacks Were Very Heroic—Dead Are Carried Off in Barges.

Holland Bay, Jan. 19.—Two perceptible earthquake shocks were noted, here, early yesterday morning, following which telegraphic communication was discontinued for three hours, when it was again resumed. The break register indicates that five disturbances occurred off shore, about twenty-five miles from Jamaica. It is believed the oceanquakes are responsible for the reported deepening of the water in Kingston harbor. Slight tremors continue off shore. The water supply in Kingston has not been restored, and 200 deaths were reported there, yesterday morning. Ten bodies were recovered from the wrecked building, because of lack of food and medicine. A deputation of fifty sufferers appealed to the governor, yesterday, for the systematic distribution of relief. The spokesman says that many had died of neglect. He charged that those with money had been supplied with food and medicine. Two cargoes of food supplies arrived yesterday morning, but were exhausted quickly and more are needed. Five more dead bodies and one living man were taken yesterday, from the wrecked building. The six were imprisoned by the collapsing, and all but one, a Canadian named Truesdale, crushed to death. Truesdale was held a prisoner in the corner of the building for five hours. He was half insane when rescued, but will recover.

Epidemic Of Disease in Chicago.

WANT INSPECTORS

DIPHTHERIA, MEASLES, TYPHOID AND TUBERCULOSIS.

There were Seventy-Six New Scarlet Fever Cases, Thirty-Six Diphtheria and Seven Measles, Making Total of 3,000 Scarlet Fever and 2,000 Diphtheria Cases.

Chicago, Jan. 19.—The epidemic of scarlet fever, diphtheria, measles, typhoid fever and tuberculosis, which has developed in Chicago, has reached such alarming proportions that the health department called for one hundred extra inspectors for emergency work.

At noon on Friday, the health report indicated seventy-six new scarlet fever cases, thirty-six diphtheria and seven measles, bringing the total to three thousand cases of scarlet fever and two thousand of diphtheria. This is the highest number of contagious disease cases in the history of the city.

The suburbs of Evanston, Rogers Park, Wilmette and Oak Park are the most heavily afflicted. The milk supply of the city and suburbs is being examined to see whether the measles have their greatest distributing power through the lactical fluid.

THE KING'S DONATION.

London, Jan. 19.—The king has informed the city corporation that he will give 1,000 guineas (\$5,250) to the Manchester House earthquake fund. The Princess of Wales has given \$2,625 to the fund, the Royal Mail Steam-Parcel Co., \$7,800, and the Legislature the Island of Trinidad, \$7,500.

REDUCTION OF ARMAMENTS.

Italy Willing to Assume the Initiative.

Rome, Jan. 19.—A correspondent in London writes that the foreign office that Italy, besides supporting the Anglo-American initiative at The Hague for a reduction of armaments, is disposed in the event of a disagreement between the powers, to assume the initiative herself, having in on the plea of the exhaustion of the resources of the world for the relief of the Jamaica sufferers.

ETNA ERUPTION.

Cantania, Sicily, Jan. 19.—Fears are entertained that an eruption of Mount Etna is about to occur.

People are fleeing for safety. Ashes are being thrown out by the volcano and subterranean rumblings have alarmed the inhabitants. The phenomena are almost similar to those occurring in 1893, when one of the worst eruptions occurred.

READING DEATH NOTICE.

Mount Vernon Man Had Been Regularly "Buried."

New York, Jan. 19.—Reuben Belcher, of Mount Vernon, yesterday had the novel experience of reading his own obituary. When he read the death notices, Belcher started laughing and nearly became hysterical. The reaction played havoc with his heart and a physician was called.

Recently a man resembling Belcher was found dead in the street, and the authorities, believing it was Belcher, buried the body. Belcher appeared, Tuesday night, and his friends, astounded, Charles Hartless was the man found dead.

Overrunning Mexico.

Mayaguez, Mexico, Jan. 19.—Six hundred Japanese arrived here, today, on the Hokan, Maru. The total landed here, in six months, amounts to 3,186, but few remain in the country, as they gradually make their way north and enter the United States. The Mexican government has given them free transportation from Japan in order to get them to work on important industries hampered greatly owing to the lack of labor, but for some reason or other, although pay is good and conditions of life better than that in Japan, they quit at the earliest opportunity and make for the United States. It is calculated that considerably over 2,000 of them have entered the latter country during the past twelve months.

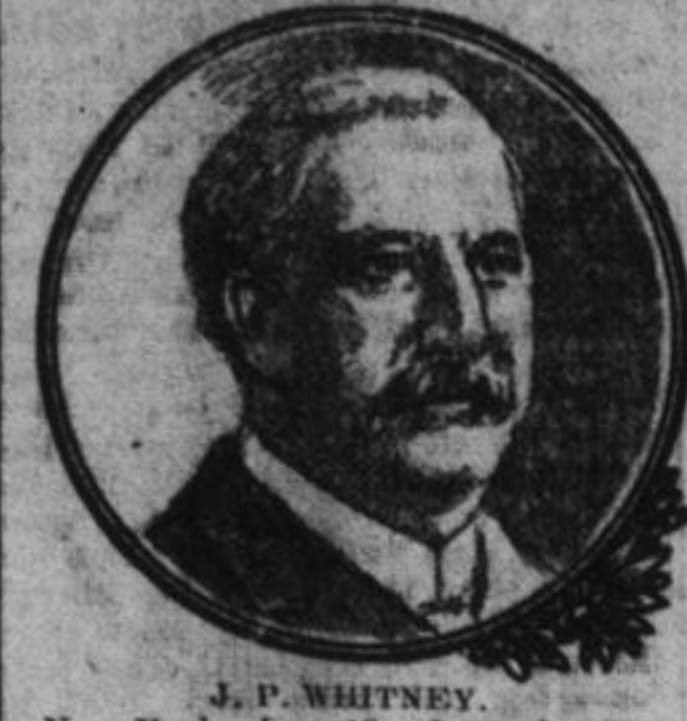

Saskatoon's Big Loss.

Saskatoon, Sask., Jan. 19.—The hardware store of Oliver & Kempthorne, on Second avenue, was destroyed by fire, yesterday. Kempthorne, who with his sister occupied rooms in the front of the building, was aroused by the smoke and made a hurried exit. WANTED TO DEATH.

Murder and Robbery at Pentecost, British Columbia.

Vancouver, B.C., Jan. 19.—Jeweller W. Zimmerman, who was brutally murdered at Pentecost, on Thursday night by a thief, who hocked him on the head with a hatchet, came from Winnipeg two years ago. The police think Indians are responsible for the crime, as the only things known to be missing are twenty watches left for repairs and a few rings of small value, which white thieves would not have taken.

DIED, AGED 106 YEARS.

Took Part in the Indian-French Trouble in 1830.

Detroit, Mich., Jan. 19.—John James died near Kalamazoo at the age of 106 years. He was the first settler of Cass county, Mich. During trouble in Canada between the French and Indians about 1830, James left his farm in Cass county and went to Canada to take the part of the French. He was shot, and returned to his home here, being unable for a year to resume work.

MAY DE CABLE ERROR

Said the Number is Far Too Extravagant.

London, Jan. 19.—A special despatch from Kingston, to the Evening News, says: "An official report issued states that over 700 bodies have been buried at Kingston, that the remains of 1,017 other victims have been identified, and a large number are still missing."

There is no confirmation of this large total of dead slaves, and it is believed the figures 1,017 may be a cable error.

AWFUL OUTLOOK.

Holland Bay, Jan. 19.—Earthquake shocks still continue and the people are in terror of another disaster, great fissures have opened up the streets from which comes black mud. The subsidence of the shore line continues and there is every evidence that the earth crust for many miles around the city is being broken by subterranean forces. The sea is black with mud.

Viscountess Arrested.

Paris, Jan. 19.—The Viscountess and Viscountess Paillard de Chemy, have been arrested on a charge of infanticide. The viscountess has four children, and gave birth to a fifth child on December 18th. Ships Collide.

Dover, Eng., Jan. 19.—The Red Star Liner Vaderland, collided with and sank the Dundee steamer Naworth Castle, four miles east of South Goodwin Lightship, during the night. So far as is known only three members of the Naworth Castle's crew, of twenty, are missing. The Vaderland's forward bulkhead remained tight so that there was no danger of the ship sinking.

Dryer Still in Ottawa.

Ottawa, Jan. 19.—The civic finance committee has decided to recommend to the city council the retention of liquor license dealers from seventy, which at present exist, to sixty-seven. The mayor severely criticized the board of license commissioners and its inspectors for the manner in which the license law is enforced in the city.
