We Are Going to Let You In On a Trade Secret

Every Underwear manufacturer in this country has been reluctantly compelled to raise his price this season. Cottons ar dearer. Laces are dearer. Embroideries are dearer. Labor dearer, and there was no other alternative but to raise prices all around. We placed our orders last August before the bigger advances went into effect, consequently we bought at pretty near last year's prices.

You can buy here to the same advantage. That's the secret.

AN EXCELLENT APPARATUS FOR A BROKEN DOWN ARCH.

Flat-foot is a scource of misery. When the natural arch is lost, progress becomes difficult and painful, and the sufferer is more or less crippled. The tendency of the defect is, unfortunately, to go from bad to worse as the afflicted person grows in years. In serious cases an actual deformity is produced The affection is not infrequently brought to the attention of the general practitioner. Both physicians and patients will be glad to learn that in the Ventilated Arch Support mechanical principles have been successfully applied to correct the depression of the arch and to restore an important member to
