Catarrh of the Kidneys Not Always Recognized.

A Cold Settled in Kidneys Causing Serious Trouble-Pe-ru-na Restores Health. ATARRH of the kidneys is a very

much neglected disease. It is not until the disease has a firm old upon the kidneys that the patient begins to realize that there is some deangement of these organs. The slight backsches, the feelings of assitude, and other warning symptom

of kidney disease are overlooked. They are not serious enough to detain the patient from his regular work. Even when he discovers that the kidseys are affected, he does not recognize the difficulty as being caused by catarrh. Catarrh is sometimes so very gradual in its approach and its earlier symptoms cause such slight discomfort that it is not noticed.

However, when it is once firmly seated in the kidneys it becomes a difficult lisease to exterminate.

Indeed, catarrh of the kidneys is more serious than catarrh affecting some of the other organs of the body. In the kidneys it is liable to terminate in Bright's Disease or diabetes, both of

which are recognized as very serious ilments, if not fatal. The thing to be done, when catarrb of the kidneys is discovered, is to take some internal, systemic catarrh remedy, one that reaches the very source of the catarrh and removes the cause of the difficulty.

Such a remedy has been found in Peruns, It reaches catarrh, no matter where it may be PE-RU-NA FCR located in the UDNEY DISEASE. | body-whether in membranes of the nose and throat, or

whether in the remotest part of the That Peruna is at once the safest and most reliable remedy for catarrh of the kidneys is proven by the many testimonials written by those who have experienced its benefits.

The testimonials given here are only specimens of the many testimonials on our records, pertaining to the relief afforded by Peruna in severe cases of kid-

Kidney Disease of Long Standing. Mr. Samuel A. Paxton, 1118 Troost Ave., Kansas City, Mo., member I.O.O.F., and National Annuity Association, writes: "I am a well man today, thanks to Peruna. I was troubled with catarrh and kidney disease of long
