Both Animals Were Dead.

Here is a curious little story about

Sir James Simpson, the man who inroduced the use of chloroform into surgery, and a peril which he escapd, as recorded by Lyon Playfair. Simpson, when busy with his research es into the subject of anesthetics, called one day on Playfair and asked if e had anything new likely to produce anesthesia. Playfair had just prepared a liquid which seemed worthy of trial. Simpson, who knew no fear New Carriages, Cutters, Harness, prepared instantly to test it on himself. This Playfair refused to allow until it had first been tried on rabbits. Two were procured and placed Sale of Horses Every Saturday under the effects of the anesthetic. Next day Simpson proposed to try it on himself. "We might as well see how the rabbits have fared," said Playfair. They found both the ani
