THE 5 P. M. EDITION A HEARTY GOOD-BYE
GRAND PATRIARCH POWLEY WAS GIVEN TO LIEUT. COL. J. A. FAGES.
 Here From Toronto to Visit the Oddfellows.
 Limestone Encampment, No. 15, I. O. O. F., was last evening visited by J. Powell, Grand Patriarch of the Grand Encampment of Ontario. The attendance was good and the proceedings very interesting.
 The occasion was marked by the conferring of the Patriarchal degree upon a number of Odd Fellows, followed by the installation of the chief patriarch and appointed officers.
 Grand Patriarch Powell, in the course of his remarks, indicated that the Encampment branch of the order was booming; that he had called for an increase of twenty-five per cent. in membership, and there was the promise that his wish would be granted. He had done a good deal towards the revival, personally having visited forty-six encampments since his accession to the highest office in Ontario.
 To-night he visits Cataract Lodge, No. 10, of which he is still a member, though he removed from Kingston about fourteen years ago.

LETTERS TO THE EDITOR.
 Another View of the Accident to Miss Long.
 Kingston, Feb. 12.—(To the Editor): I am writing in regard to the little accident that occurred on the battery rink, I may state that the account in your paper, given by one who was present, is very misleading. In your paper it is stated that the rink is at the disposal of the public. It is understood that any part of the rink boarded in is considered private. But the officers and men never objected to ladies skating on the rink; they even took the trouble to clear a part of the ice outside of the rink for the use of people not playing hockey while the battery teams are practicing. And I may state that while the game was going on the rink opened on the other rink, with the exception of Miss Long, who remained on the rink, and furthermore Miss Long was not skating when she got struck with the puck, but was standing in front of the goal talking with two young gentlemen. FROM ANOTHER WHO WAS THERE.

AT DIVISION COURT.
 Judge Price presides at To-day's Session.
 Judge Price presided at a session of the division court to-day. Cases were dealt with as follows:
 Robert Boyd vs. Wilmar Boyd.—Account, \$76.35. Adjudged.
 Dr. J. H. Bell vs. John Lawrence.—Account, \$91.50. Adjudged, until March 19th.
 Robertson Bros. vs. G. T. R.—Account, \$14.52. Judgment for defendant without costs.
 James McFarland vs. J. P. Doran.—Account, \$79.51. Judgment for plaintiff.
 R. Crawford vs. Edmund Cook.—Nolo, \$12.00. Judgment for plaintiff.
 Percy King vs. Mary Laird.—Wages, \$18.02. Judgment for plaintiff, for \$12.50 and costs.
 Dr. R. H. Abbott vs. William Scarborough.—Account, \$12.75. Judgment for plaintiff.

A COLORED WALK.
 Couple Walk Twenty-Eight Miles With Heavy Valises.
 A well-dressed couple arrived in the city early Monday afternoon, on foot, having walked from Wilton to the city, and carried a heavy hand bag. The couple took dinner at a downtown hotel and started on foot for Cape Vincent, N.Y. The young couple did not have much to say, and their appearance would not denote that they were in serious financial trouble, but the walk, when stages are to be had at such a low price, can only have one meaning. The couple are said to belong to Wilton, and all sorts of romantic rumors are to be heard on the street, this morning, concerning the two. Whether they made Cape Vincent or not is unknown.

FELL ON SIDEWALK
 And Had His Right Leg Fractured.
 George Williamson, a laborer, residing on Concession street, fell on the sidewalk, at the corner of Barrie and Colborne street, about ten o'clock, Monday night, and as a result had his right leg fractured.
 Williamson was found lying in a helpless state by some people who were passing, and Corbett's ambulance was called, and the injured man was removed to the general hospital. He was reported as doing nicely this afternoon.

CHANGES IN TARIFF.
 A Long List Presented By Mr. Fielding.
 Ottawa, Feb. 11.—Mr. Fielding, tonight gave notice of over 120 changes in the tariff resolutions as originally submitted on November 29th. Some of these are important, as indicating the extent to which criticism has influenced the government in its action. The amendments cover a wide range of articles. The fruit grower, the agriculturist, the oil refiner, have all been looked after. Many changes have been made in the duties on iron and steel, not less than twenty items having been altered. An important item provides for the ninety-nine per cent. drawback of the duty on bituminous coal when imported to be converted to coke for smelting purposes.
 The Montreal sugar refiners are likely to be hurt by the provision that raw sugar, to get the benefit of the drawback and to be imported direct and entered at a Canadian port. In the past it has been found convenient to bring it in via New York, which offered advantages in the matter of ocean freight. The Halifax and Vancouver refiners will not be affected by the change.
 A resolution is submitted providing a bounty on the manufacture of cordage from Manila fibre, this bounty to be equal to the amount paid as export duty in the Philippine Islands on Manila fibre produced on those islands and used in the manufacture of cordage in Canada. This bounty is to be operative in Manila cordage manufactured in Canada since January 1st, and only for home consumption. It is not to exceed three-eighths of one cent per pound.

WAIVING THE FLAG.
 Colonel Hughes Advocated An Imperial Parliament.
 Ottawa, Feb. 12.—The Commons, yesterday, indulged in one of those talks, which, while protracted, lead to nothing. The resolution of Colonel Sam. Hughes, calling for a full partnership of Great Britain and her colonies, was taken up, and resulted in a general waving of the British flag by the doctory warrior from Victoria and Haliburton, and Dr. Chisholm, of East River. C. R. Devlin thought the issue was not yet decided, and Mr. Smith, of Wentworth, volunteered the opinion that Mr. Devlin had so lately been imported from Galway that he could not resist the temptation to twist the lion's tail. Col. Hughes impressed upon the house that Canadian independence was an absolute myth. He advocated an imperial parliament, entirely apart from the present British parliament, which would deal with imperial affairs. Sir Wilfrid in an eloquent speech, gave it as his opinion that there was no special grievance against Canada's policy in imperial affairs. The carrying out of the scheme embodied in Colonel Hughes' resolution, Mr. Borden also added a few observations, after which the matter dropped.

TELEPHONE ENQUIRY.
 What Miss Leckie Gave as Evidence.
 Toronto, Feb. 12.—The telephone investigation, this morning, opened up with further revelations about the Bell company's listening board, Miss Jessie Leckie, who had formerly worked on the telephone desk, being the first witness. It was found that the monitors, or officials, above the operators, could go in on any line and hear conversations. Miss Leckie alleged that an inspector had overheard one of her private conversations. "Considerable bad language passed over the lines," she said. Further evidence was heard to the effect that the promise of the company's officers regarding relief had been made. "Killed" operators working for the company at the present time said the work per hour, under the eight hours, was just as heavy as under the five hours.

Mental Unsoundness.
 'New York, Feb. 12.—In the Thaw trial, Dr. Evans said he noticed that Thaw suffered from forms of insanity, characterized by an "exaggerated ego" including adulation, vanity, deliriousness. Dr. Evans said Thaw also exhibited symptoms of having recently undergone an explosive or fulminating condition of mental unsoundness.

Notice.
 300 sections fine flavored dark honey, market price 15c., our price this week 10c. Get a move on and get some. Also a few tins of the coffee left, 25c. a tin, worth 35c. Another small lot of the fresh herrings left, 6 tins for 25c. Gilbert's stores.

Roller Skating Project.
 Some Toronto parties are endeavoring to rent the Kingston skating rink from April 1st to December 1st, for roller skating, which has become so popular in many cities and towns. The venture would likely pay well.

AN OLD ORANGEMAN.
 Amherst Island Lodge Will Honor Member.
 The members of Burleigh Orange Lodge, No. 482, will do honor to their oldest member, in the person of D. T. Finlay, on the evening of February 21st. Mr. Finlay is leaving the island to take up his residence on the main shore, and on the night mentioned the lodge will show its esteem for the veteran member of the lodge, by presenting him with a silver service. The event promises to be a most interesting one. Mr. Finlay has been a resident of the island for some time, and his friends regret very much his departure.

Death of An Ex-Member.
 Belleville, Ont., Feb. 12.—Alexander W. Carscallen, ex-M.P., of Marmora, succumbed to a stroke of paralysis, this morning, received a few days ago. He represented North Hastings in the commons for three terms, succeeding Sir Mackenzie Bowell, when this gentleman was called to the Senate in 1892. He retired when the county was made into two constituencies in 1904. A widow survives. The late Mr. Carscallen was sixty-two years old.

FIRST IN HISTORY
QUEEN ALEXANDRA HAS NEW COAT OF ARMS.
 Her Majesty as a Lady of the Garter is Granted a Special Device.
 London, Feb. 12.—By a recent royal warrant, Queen Alexandra is now possessed of a coat of arms of her own, a privilege never enjoyed by any previous queen consort of this country.
 Hitherto, her majesty, despite the fact that she maintains an entirely separate household from the king, has used as her arms two shields, one bearing the British royal arms and the other those of Denmark—a device which the king has a perfect, if not a greater, right to use. In this country a married man is always entitled to his wife's as well as his own arms. So, granted recently, the queen has never had a coat of arms of her own, which was exclusively entitled.

The new arms consist of the arms of Britain and Denmark, impaled within the Garter, the supporters are taken from the arms of both countries, on the dexter side the lion of England and on the sinister the wreathed salvage of Denmark. The whole is surmounted by King Edward's crown. Arms were granted under the king's personal warrant, not so much to the queen as queen, but as the Lady of the Order of the Garter. Since being invested with the Garter her majesty has possessed her own seal and stall plate in St. George's Chapel at Windsor, and, now that she has her own arms her position is exactly the same as that of a knight of that order.
 The late princess consort had arms granted to him by Queen Victoria, in which the arms of Britain and Saxony were quartered, and the arms of Saxony still appear upon the shields of all his descendants, with the single exception of King Edward.

The usual and somewhat clumsy form of the quartered shield, which may be seen in the arms of the present Prince of Wales, who uses the arms of the prince side by side with her own family's device.
REFEREE DAYS ARE O'ER.
 The King of Hockey Officials is Tired.
 Toronto News.—"Chaucer" Elliott has organized a new company to take over the Oswego ball grounds, and in the coming season the great coach, ball player and king of hockey referees, will, as he writes the News, be "manager, captain, catcher, sole owner and first baseman" of the Oswego team in the Empire State League.

Curles Are Through.
 The Central Ontario Curling Association games will be finished this week. There is only one more league game to be played, and that in Brockville, with Prescott; if Brockville loses this game the series will be a tie between Kingston and Brockville, but if they win from Prescott the cup goes to Brockville.
 The Kingston Junior Curles have captured the trophy offered by the Central Ontario League, having won seven games and lost only one.

Had A Good Practice.
 The 14th Club and Queen's seniors had a fine practice, at the rink, last night, at the conclusion of the Varsity H-Curlets game. The players were in uniform and the form shown by the forwards of the 14th team was quite satisfactory. The team is in fine condition for their Toronto game, on Wednesday night, and is expected to win out. The game between Peterboro and Midland, to-night, is attracting much attention, for if Peterboro loses it makes the district championship more secure for the 14th.
 The Queen's team is in good shape for its contest with McGill, on Friday night, and it is expected, in university circles, that the local team will defeat McGill.

Met Last Night.
 The executive of the City Basketball League met last night, to discuss St. James' proposal of playing the Y.M.C.A. team. It was shown that the basketball players at the club were limited, and the executive granted St. James' Club permission to play their team.
 The Ontario Bank is suing the Toronto General Trusts Corporation, as executors of the estate of Edward J. McCosmack, late of Toronto, and Peter Ryan, to recover \$2,300, alleged to be his share of a check and notes held by the plaintiff.
