DR. FLOOD PERISHED

WHILE HUNTING FOR QUANTITY OF LOST GRUB.

Story of a Dog's Devotion—Other Sled Dogs Ran Away, But the Leader Remained and Met Death With His Master.

Winnipeg, Feb. 16.—Further details of the tragic death of Surgeon Flood, R.N.W.M.P., at Port Churchill, who was frozen to death in the great storm of November 29th, have been learned from W. Beech, the courier who brought the first tidings to civilization. According to Beech's story, Dr. Flood, Major Moodie and Engineer Thibadeau, who had been surveying the harbor and dock reserve for the federal government at Port Churchill, left home on November 25th, for the purpose of exploring for timber. When they left, the weather was fair, and everything looked favorable for them. They had prepared to camp up country and proceeded to that, but when they arrived they found that they had dropped their grub box on the way, and were without food. Laughingly the fact was noticed by Dr. Flood, and it was thought that it was not far away. With a light heart the doctor said that he would go back for it, and he joyfully treated Major Moodie's offer of assistance. He took the dog back, and as he disappeared over the snow the last of him was seen until his dead body was found by a moose-trail search party three days late. While he doubled back over the track a snowstorm came up, and he lost the trail. Over the bleak wilderness, miles away from any chance of rescue, unless he could find his way to the camp, he wandered, until he dropped from exhaustion.

When the body was found it was a pitiful sight. Flood lay in the snow, and his faithful leader lay alongside of him, also frozen stiff. Faithful until the last, the dog had tried to keep his master from the snow, and had lashed the responsibility of the dog train is left by that animal, and when Flood dropped in his tracks, the other dogs bit his feet, and he was harnessed and each other until he sought safety, while the leader lay down beside his master, and with him died in the snow.

The storm was the worst that Mr. Beech has ever seen. The thermometer fell to twenty-five below, and the wind blew sixty-one miles an hour. The damp atmosphere along the coast of the bay makes twenty-five below extremely cold, and much worse than forty below in Winnipeg. The dogs which broke loose from the sleds and their faithful leader, returned to Churchill seven days after they had left the camp on their ill-fated journey in search of the grub box.

The body of Dr. Flood was buried at the barracks at Churchill, and his is the first grave, and the first death in the history of the Royal Northwest Mounted Police in the Hudson Bay district.

Dr. Flood was thirty years of age, and went north from Quebec, where he was born. A brother is now resident in Winnipeg.

TO ASK COLONIES.

Regarding Rights of United States Fishing Vessels.

St. John's, Nfld., Feb. 16.—Premier Bond's proposal to address the secretaries of the colonies, on the subject of the modes of vessels, with the United States, regarding the fishing vessels of the latter country in Newfoundland waters, was adopted in the lower house of the Newfoundland legislature by a vote of twenty-five to three after a debate lasting two days. One member of the opposition, Mr. Blandford, voted with the government party. The matter goes to the upper house for concurrent action.

The Late Rev. W. J. Young.

Toronto, Feb. 16.—Rev. W. J. Young, a Methodist minister, of Sea Gravy, Ont., died at the Western Hospital from appendicitis. Deceased, about seventy years of age, had undergone an operation, which terminated fatally. Rev. Mr. Young had filled a number of stations during his ministry, principally in Eastern Ontario. He had been both secretary and assistant secretary of the Methodist conference, and was treasurer of the conference fund.

He entered the ministry in 1867, his first circuit being Ameliasburgh. Since then he has had charges at Stirling, Wilton, Cataract, Pittsburg, Morven, Demorestville, Milford, Mount Albert, Thomasburgh, Tweed, Odessa, Canifton, Cherry Valley, Redversville, Tamworth.

WOMAN SUFFRAGE

THE PRECISE TERMS OF MEASURE NOT DECIDED.

The Unionists Will Not Oppose the Bill—The Government Attitude is Not Known—Franchise to Go to All Married and All Rate-Paying Women.

London, Feb. 16.—The precise terms of Mr. Dickinson's woman's suffrage bill, which will be introduced into the Commons, have not yet been settled, but the bill lays down the principle that all married women and all rate-paying women shall receive the franchise. It is stated that the Unionists will not oppose the bill, but will submit an amendment—giving both house equal franchise rights on the present basis. According to one estimate 400 members of parliament will support the bill, which will ensure its passage by the House of Commons. The government's attitude on the bill is unknown.

CONTRACT FOR RAILS.

Algoma Steel Co. Gets Order For 65,000 Tons.

Toronto, Feb. 16.—The Tensimack and Northern Ontario railway commission, yesterday, awarded the contract for supplying 65,000 tons of rails to the Algoma Steel company of the Soo. This will complete about forty-five miles of road. Cars are now running on the line as far as Englehart. The distance from Port Churchill, on the junction with the Grand Trunk is 112 miles. When this is complete the T. and N. O. will stretch 250 miles beyond North Bay. From the junction with the C.T.P., to Port Churchill, on Hudson Bay, where the line will probably be extended to, is 1,100 miles.

RETURN TO EMPEROR.

Jap Count Urges Nobles to Abolish Feudalism.

Tokyo, Feb. 16.—Count Taisuke Itagaki, founder of the liberal party, has addressed a circular to the nobility in which he advocates the abolition of the hereditary class between the imperial house and the nobles, and the progress of the nation, and advises the peers to return their titles to the emperor, just as the old feudal lords and daimios relinquished their prerogatives at the time of the abolition of feudalism in 1878.

This radical suggestion, from a man of Count Itagaki's high standing, causes great excitement and wonder.

ON HIS WAY TO PRISON.

General Manager McGill Enroute Here.

Toronto, Feb. 16.—Charles McGill, former general manager of the Ontario Bank, who is under sentence of five years imprisonment for making false returns to the dominion government, left this morning, at nine o'clock, for Kingston. The prisoner had been detained here to render assistance in the investigation being carried on by the Ontario Bank. The prisoner's family was allowed by the authorities to say farewell to him, yesterday, at the offices of the bank.

GENERAL LAKE TO GO.

Accompany Canadian Delegates to the Conference.

Ottawa, Feb. 16.—It is understood that Major-General Lake, chief of staff of the Canadian militia, will accompany Sir Frederick Borden to London in April in connection with the discussion of the question of imperial defence, which is one of the important items on the programme for the colonial conference.

Canada Wants Labor.

London, Feb. 16.—Lord Strathcona, high commissioner for Canada, received a telegram, yesterday, from the minister of the interior, at Ottawa, that contractors in Canada declare that 20,000 men will be wanted this year for railway construction. The Grand Trunk Pacific Railway company alone will require 10,000 men.

The Duke of Devonshire, as chancellor of the University of Cambridge, is appealing for funds for the university, which is unable to keep pace with modern requirements, owing to lack of means. The university, he says, requires nearly \$7,500,000, which amount, he adds, might be immediately expended without extravagance for equipment and new professorships.

Sir Frederick Borden is now said to be the likely successor of Lord Strathcona, when the latter retires from the post of high commissioner.

A week's Sunday school convention is to be held in Rome in May next. One of the sessions will be held in the Coliseum.

VALENTINES FOR THAW.

No Question as to His Present State.

WOMAN SUFFRAGE

THE PRECISE TERMS OF MEASURE NOT DECIDED.

The Unionists Will Not Oppose the Bill—The Government Attitude is Not Known—Franchise to Go to All Married and All Rate-Paying Women.

London, Feb. 16.—Despite the interruption of the trial of Harry K. Thaw, there appears no basis for a doubt that the case will be resumed, as planned, on Monday.

Thaw, who had been reported as east down because of a possibility of a miscarriage, declared himself in good health when his wife visited him at the Tomb. If his spirits were not in keeping with his physical condition he did not make the fact known. With his wife, the prisoner went over 1500 or more letters and belated valentines that the morning mails brought him. None seemed to please him more than a sympathetic message from a little girl in Baltimore.

As the case stands, Thaw is assumed to be of sound mind. No one of the experts called by the defence has said that in his opinion Thaw is insane now.

The defence has announced its plans for next week. Dr. Wagner and Dr. Evans, the alienists, will be recalled, to tell of conversations had with Thaw, which the court has ruled may be admitted. The prisoner's wife will then conclude her story, after which Mrs. William Thaw, the defendant's mother, will be called.

TOOK THE PRIZE.

Bologna, Feb. 16.—Giosue Carducci, an Italian poet, who was awarded the Nobel prize for literature died, yesterday, of pneumonia. His funeral will be conducted by the state.

KILLED BY EXPLOSION.

The Disaster Occurred at Sea, Wednesday.

New York, Feb. 16.—Seven persons were killed and three injured, and considerable damage was sustained to the vessel by an explosion on the German steamer Valdivia, at sea, last Wednesday morning. The donkey engine boiler exploded, throwing the steamer's funnel over and ripping open the upper deck. Among the injured is the first officer. The dead are six men and one woman, the stewardess.

Couple Were Married.

Toronto, Feb. 16.—Among the papers found in the house, where yesterday's double tragedy occurred, was a marriage certificate showing that the victims, John J. Raymond and Mrs. Mary Charlton, were married in Buffalo, on July 1st, 1901, by Rev. Mr. Fattison, Methodist minister. It is said Raymond tried to destroy the document which is badly torn and almost illegible.

Contesting Abandonment.

Montreal, Feb. 16.—The Royal Bank of Canada is contesting the abandonment of the estate of W. J. Moties, the defaulting secretary-treasurer, of the People's Mutual Building Society, on the ground that he is not a trader.
