#### Wanted A Definite Plan.

The Hamilton Times notes the public schools. "Three years ago," it remarks, "the medial slant was sv stituted for the vertical style, but the hange has not brought improvement in the writing of the pupils. Perhaps the teaching has as much to do with it as the system."

No, friend, the teaching is all right. unils by rule or system after the writing, because free of all flourishes, to master, and there was a mistake more advanced ones write medialwrite the vertical.

The medial slant is not as readily tor, as the vertical, but the pupils who have begun with it, who have continued for some time with it, are showing satisfactory progress. The one thin, needful is a decision as given course, and the power to follow

The school board should have a deunderstanding upon the subject and a definite plan, and for the pupils and their usefulness writers, get rid of all their fads,

#### The State And The Poor.

that the country should care for all aged and infirm people, received consideration of parliament, but met the fate of all schemes that indefinite. He cited the success of Australian act on the subject, and said that the experience made by it showed that thrift of the people had not been interfered with

a difficulty in dealing with the poor, in aiding them by old age pensions, as suggested, but in Canada there were only 269,338 persons over sixty-five poor and helpless.

The premier took the common sens taion that the New Zealand law had been abused, that it had interfered with individual thrift, and to guard against fraud the act had been changed. Besides a simple allowance n old age by the state would not incite towards economy. An allowance in proportion to a contribution, pension on a fixed basis, would be better, and something like that would

Le worth considering. Parliament may eventually solve the desperate battle with public opinion problem of caring for the deserving running against it more strongly than poor, but it has a large question on has yet been known. hard. The poor will always be in evidence, but not so much in this country as some people think if friends opened a fine field for graft, The scanand relatives do their duty. The local dals now under investigation are with government is finding out that it is out a parallel. the disposition of certain persons to cast their burdens on the state, and the reckoning in connection with the asylums is very notable. The manngers of the charities know how prone some persons are to hand over the elpless poor to the municipality and the province, and sometimes without
