He was so bad we had to call the family physician, but he said he could do but little.

"I tell you, neighbor, ST. GEORGE'S BAKING POWDER makes fine cake and pastry."

"Of course you said so—but Baking Powder is one of the things that a baker must try for himself."

"That's right! What's the use of buying the best pastry flour, creamery butter and rich milk—and then have one of those alum baking powders ruin the baking."

St. George's Baking Powder

is a pure Cream of Tartar baking powder. I know it by the way the paste rises. You have eaten my Cakes, Pies and Fancy Pastry for years. Have you ever known them to be quite so light and flaky—and taste so good—as they do now? It's all due to ST. GEORGE'S."

"Yes, neighbor, we old fellows have found out about Baking Powders by practical experience. And ST. GEORGE'S is the best baking powder I've ever tried—not only for bakers, but for home cooks as well."

OUR NEW COOK BOOK is a daily help in the kitchen. It tells how to select and prepare meats, vegetables, etc.—and gives all sorts of recipes. Sent FREE. National Drug & Chemical Co. Limited, Montreal.
