14TH TEAM FAILED TO OVERCOME THE LEAD OF STRATFORD.

Won Last Night's Match By 3 to 1, But Lost the Championship

Stratford Played a Defence Game Most of the Time. The 14th Regiment hockey team, last night, failed to overcome the lead of four goals secured by Stratford in the first of the O.H.A. senior finals.

It was confidently expected that the 14th team would win out. Had the lead been kept, that might have been the result, but the ice was sticky, and the local team's skates had been made too sharp to catch a surface.

At one time it looked as though the Kingston team had the game won in hand. Although only one goal had been scored in the first half, the locals netted two within seven minutes' play in the second half, and with the score 3 to 0, a win out looked assured.

Stratford was in a position to play on the defensive with a lead of four goals, but their defence was broken by the 14th forwards, who were right in, but they had bad luck in attempting to find the net.

Stratford was in a position to play on the defensive with a lead of four goals, but their defence was broken by the 14th forwards, who were right in, but they had bad luck in attempting to find the net.

At the close of the contest there was an unfortunate occurrence, though it didn't amount to much. Half a dozen both ends tried to get to the referee to deliver their opinions of him.

BETTER PROTECTION AGAINST FIRE NEEDED TO THE SCHOOLS.

Chief Elmer Urges the Civic Committee to Act—Street Lighting Matters—Tenders For Firemen's Uniforms.

At the fire and light committee meeting, yesterday afternoon, were Aids, Home (chairman), Graham, Millan, Nickle and Robertson.

An important report from Chief Elmer was read. It made the following recommendation with regard to better fire protection to the schools:

There is great necessity for making provision for lessening loss of life and property in this direction, by the addition of fire protection and by equipping schools with large fire extinguishers, fire drills and fire buckets, and the placing of fire partitions. I ask the assistance of the committee so that all possible efforts may be made.

There was a discussion upon firemen's application for an increase in salary, but action was deferred on this matter. The department drivers were the most valuable of the firemen, and if there was any delay in getting the amount of pay they should get increased, it was suggested by Ald. Nickle, that the line work be divided among several firemen.

Mr. J. H. Bell made his third appearance before the committee at the meeting of the week. He is bound to have some attention paid to Concession street. First he asked for water, then a concrete walk, and lastly he asked for a concession street committee for an electric light.

Mr. J. H. Bell made his third appearance before the committee at the meeting of the week. He is bound to have some attention paid to Concession street.
