DEATH OF R. J. SPOOR
HIS PASSING AWAY WAS VERY
SUDDEN.

Taken With a Hemorrhage of the
Brain on Tuesday Evening—
He Was One of Wolfe Island's
Leading Men For Years.

THE LATE RICHARD J. SPOOR.
Death came with suddenness to
Richard J. Spoor, Clarence street, on
Tuesday evening. Mr. Spoor was at
business all day, in usual health. After
supper he complained of not feeling
well and lay down on a couch.
Later a doctor was called, and saw
that Mr. Spoor had been taken with a
hemorrhage of the brain, and that his
life was fast ebbing away. Death en-
sued at ten o'clock.

The late Mr. Spoor was a son of
the late Morley Spoor, one of Wolfe
Island's pioneers, who died in Sep-
tember, 1839. He was born on June
19th, 1839, and lived on the island
until a few months ago, when he
moved to Kingston as agent for the
Massey Harris company. Mr. Spoor
received his education in the rural
schools and at the Ontario Commer-
cial college. From early life he fol-
lowed agricultural pursuits, first farm-
ing, then entering the cheese business,
and representing agricultural implement
companies. He owned the Ontario
cheese factory on Wolfe Island. Mr.
Spoor was also a grain purchaser for
some years for James Richardson &
Sons.

In 1892, he entered municipal life.
In 1893 and 1894, he was reeve of
Wolfe Island, and from 1899 to 1907
represented that municipality in the
Frontenac county council. He was un-
derstandable, for he was held in high
esteem and was popular with the people
from the head to the foot of the is-
land. Mr. Spoor was largely instru-
mental in getting out politics from the
county council. He was a faithful
and wise councillor. In no small mea-
sure is due to him the renovation of
the court house, which has now such
a beautiful interior. In 1902, he was
elected warden of Frontenac and served
the county well.

Mr. Spoor was one of the leading
members of the Catholic Order of
Foresters. In 1894, he was sent as dele-
gate of the Wolfe Island C.O.F. to St.
Paul, and there received the appoint-
ment of deputy high chief ranger, of
Ontario, which position he held ever
since. In church matters on the is-
land, Mr. Spoor was ever foremost.
He was at the head of all movements
that affected the welfare of Wolfe Is-
land, whose people were greatly at-
tached to him. In politics, he was a
conservative.
Mr. Spoor married Miss Dolly Beau-
pre, daughter of the late R. Beaupre,
of Wolfe Island. She survives, together
with three sons and two daughters.
The latter are Leopold in Toronto;
Bruno, Richard and Etta at home;
and Mrs. Cosgrove, also of this city.
Mr. Spoor's death is sincerely re-
gretted in city and county. The de-
ceased was a generous hearted man
and of the most kindly disposition.
The remains will be taken to Wolfe
Island on Thursday morning, for in-
terment.

Thread Advances In Price.
The two big thread companies in
Canada have advanced the price of
spool cotton about 1c. a spool, so that
now a spool which last week sold for
6c. will cost the buyer 7c. Large dry
goods merchants protested strongly
against the advance, but found they
must pay it just at this time of the
year the retailers' stocks are pretty
well depleted. No notice was given
them of the sudden advance, and they
were, therefore, unprepared for it.

Good News.
A large wholesaler sent Gilbert, the
grocer, consignment of McCormick's
English marmalade and strawberry
jam, in good condition, put up in glass,
regular 20c. and 25c. goods, sale price
16c. No reserve, come early and see
our window.

The Y.M.C.A. basketball team will do
some hard practising during the next
few days. Arrangements are now be-
ing made for a return match with the
Watertown team.

DAIRY SCHOOL CLOSED

After Most Successful Term in Its
History.
The Eastern Dairy school has just
closed the most successful term in its
history. The class was large and every
student took the full course, indicating
that dairy students are beginning to
realize the necessity of having a knowl-
edge of every branch of the industry.

The splendid opportunities which are
opening up in the dairy business, and
the fact that the dairy farmer is actu-
ally all over the dominion and else-
where, are acting as an incentive to
young men to qualify themselves for
any good position which offer, and
has led to the best of making the
past season the best all-around term
since the opening of the school.
Upon the eve of their departure the
students presented the superintendent,
Mr. Mitchell, with an address, which
expressed their gratitude for his idel-
lity and success with which the super-
intendent had directed their studies.
Their efficiency and success, they said,
was largely due to Mr. Mitchell's de-
votion and enthusiasm which acted
as an inspiration. The Ontario reg-
iment made a wise selection, ap-
pointing Mr. Mitchell as superintendent.
The information he had im-
parted to them was of great value, and
of great use on every farm, and in
every corner of eastern Ontario. To the
staff the students also conveyed their
high appreciation for the interest they
had taken in their welfare, and for
the efforts which were put forth in
every department to give them all the
instruction possible within the limited
term.

The address was signed by Allan
Macdonell, R. T. Grey, G. H. Barker
and W. H. Gibson.

LOBOROUGH LAKE BRIDGE.

County Council to Decide What to
Do To It.
The special meeting of the Frontenac
county council on Thursday afternoon
was for the purpose of deciding as to
what shall be done to Loughboro Lake
bridge, which has been in a dangerous
condition for some time. This bridge
was abandoned by the Perth Road com-
pany about two years ago, and scarcely
any repairs have been made to it
since. Several accidents have occurred
upon it, and the townships on whose
boundaries it exists are demanding
that the county council, which is liable
for its maintenance, put it into safe
condition for travel. It is estimated
that to put the bridge in a permanent
state of repair would cost the county
thousands of dollars, and for this rea-
son it was claimed the county council
was very unwise in not purchasing the
Perth toll road and receiving the govern-
ment grant towards the purchase of
such roads and also the grant for the
rebuilding of bridges on roads so pur-
chased. The idea of the council at its
last session was to patch the bridge
and make it temporarily fit for travel.
Such a method would be anything but
wise.

On St. Patrick's Day.

St. Patrick's day will be observed
on Sunday next. The sermon in St.
Mary's cathedral, in evening, will be
delivered by Rev. Father Keaney, a
son of the Emerald Isle.
All the Irish Catholic societies of
Kingston, will meet at their respective
halls on Sunday morning, and pro-
ceed in a body to St. Mary's cathed-
ral, where they will partake of holy
communion.
In the afternoon, Rev. Father
Mea, dean of Regiopolis College, will
address the Hibernians in their hall.
A musical programme will be given.
A number of Kingston Hibernians
will take part in the St. Patrick's
parade at Ottawa on Sunday after-
noon.

HAD GOOD EFFECT

THE FINING OF THE HOLD-
ERS OF CORNERS.

Some Eight Persons Have Been
Before the Court and Warned—
Keep the Parties Moving—Out
After the Spitters.

The recent move of the Kingston
police, in having "corner holders" sum-
moned to the police court and fined,
is having good effect, so it is stated
by those who are in a position to
know. Already eight persons have
paid the penalty, which the magis-
trate fixed at \$1 and costs, and the
collections of the court have been ad-
ded to materially, as a result of the
summons. For the benefit of all who
have any inclination towards "the
habit of loitering around the streets,
it might be stated that the police in-
tend to see that the law in this re-
spect is carried out to the letter, and
now as the "good old summer time"
approaches, when the streets will be
alive with people at all hours of the
day and night, it might be well for
all likely to violate the law, to take
a kindly tip from the bluecoats.

There is a by-law in Kingston pro-
hibiting expectorating on the street,
and the Kingston constabulary of the
law will endeavor to see that this is
carried out during the coming sum-
mer. It will, no doubt, be a difficult
matter for the officers to catch, all
guilty offenders in this respect, but a
word to the wise should be sufficient.

For Obstructing Sidewalk.

Because he was the means of block-
ing the sidewalk in front of E. P.
Jenkins' store, Princess street, last
Saturday afternoon, Charles Sinnott,
the well-known Kingston newsboy, was
fined \$1 and costs in the police court
this morning. Lewis Bros., of Chi-
cago, have, during the past few days,
been conducting a big sale for Mr.
Jenkins, and in order to advertise the
sale, the services of the newsboy were
secured. He was attired in a special
garb for the business, and stood in
front of the store, announcing that the
big sale was now on and that every-
thing would be sold cheap. In this
way he attracted a large crowd, but
when Sgt. Nesbitt passed the store
this morning, at 4 o'clock Saturday af-
ternoon there was such a crowd of
boys gathered around the "newsie"
that traffic was blocked. Accordingly
a summons was issued. Sgt. Nes-
bitt said that Sinnott stood behind a
packing box on the sidewalk, and
there made his announcements. There
were about twenty boys gathered
there. The box was partly on the side-
walk, and also helped to block the
sidewalk, but Sinnott said that he
had better go and see the boss. Sin-
nott walked down the street a short
distance, but soon returned, and re-
started to do his work.
City Solicitor McIntyre, who was
the prosecution and W. F. Nickle, ap-
peared on behalf of Sinnott.

Sinnott told the court that he had
asked that Sinnott to take the box
store to take in the boxes, but that
he was told this could not be done.
The store was crowded with people.
Charles G. Lewis, who is in charge
of the sale, said that he was unable
to take the box on the sidewalk, as
the store was crowded.
Mr. McIntyre asked Mr. Lewis if he
was introducing something new in the
way of advertising.

"I have tried the same scheme on
every state on the other side, and this
is the first time I have ever had any
trouble," replied Mr. Lewis. He fur-
ther stated that Sinnott's business was
to stand out in front of the store and
draw the attention of the people to
the sale, but that he had given up
his job on Saturday night, as he was
compelled to take abuse from the peo-
ple who passed by.

Mr. Nickle contended that in bring-
ing Sinnott before the court, the police
were drawing the line rather tight.
He knew of a case where a merchant
had one hundred boxes and barrels
of goods on the sidewalk.
"There should have been a com-
plaint," said the magistrate.
The magistrate further stated that
he was satisfied that such a thing
ought not to have been allowed in either
Ottawa or Toronto. Traffic had been
made very difficult in the street, just
because of the boy being on the street.
He would, therefore impose a fine of
\$1 and costs. The total cost amount-
ed to \$2.55, and was paid by Mr.
Lewis.

IN CONCLUDING THE CASE, THE
MAGISTRATE TAPPED SOME OF THE
MERCHANTS ON THE KNUCKLES FOR THE
WAY THEY HAD BEEN CONDUCTING
SOME OF THE SALES.

TENDERED A GIFT.

Last evening Lieut.-Col. Massie was
entertained by the Kingston Horse
Shoers at the residence of Peter
Lowry, Division street. Just before
sitting down to the supper, Mr.
Lowry, Jr., on behalf of those present,
read an address expressing the kindest
appreciation of the services
rendered by Lieut.-Col. Massie in de-
livering courses of free veterinary
lectures to the members during the
winter months. Accompanying the ad-
dress was a beautifully engraved gold
mounted fountain pen. Col. Massie
replied in a short, happy speech, stat-
ing that it gave him pleasure to
meet with the members in the class
room, and that he felt amply repaid
for any effort he had made, if they
actually had derived benefit
from his talks. Music and song and
story combined to pass a very pleas-
ant evening.

TO OBSERVE ST. PATRICK'S DAY.

St. Patrick's Day will be strictly ob-
served in Kingston tonight. All of
the banks will be closed on that day.
No sessions will be held in any of the
schools. Every manufactory will be
closed from tonight from the night before
until the morning after. The post-
office will observe the day. Services
will be held on that day in every
church in the city—for, if you haven't
realized it already, St. Patrick's Day
falls on Sunday this year.

TO BE MADE AN A. A. G.

Intimation comes from Ottawa, that
Major W. A. Grant, late of the Royal
School of Artillery here, is to be ap-
pointed assistant adjutant-general at
the military department in succession
to Major Panel, promoted.

THE M. T. CO.'S NEW BOATS

Are Named Glenmount and Stor-
mount.

James A. Cuttle, manager of the
Montreal Transportation company, has
returned from England, says the Mon-
treal Witness. During his stay on the
other side he succeeded in purchasing
two large, up-to-date boats to be used
on the upper lakes. They have been
christened the Glenmount and the Stor-
mount. They will be 225 feet long and
44 feet beam, and will have a carrying
capacity of 3,000 tons. They will ar-
rive at Montreal on May 1st and May
15th, respectively. The Glenmount will
be brought across by Captain Muir,
and the Stormount by Captain Fraser.
They will immediately go to Fort Wil-
liam and will ply between Fort William
and Sydney, C.B.

Around The Harbor.

Capt. Barnhardt, of the schooner
Voges, is in the city to-day securing a
new mast for the vessel, which is
now at Chateaufort.
The mild weather of the past few
days has made the captains of the
different vessels think about the open-
ing of navigation, and to make an-
other inspection of their vessels. The
work of repairing continues.
The new steamer, Rapid King, of
the R. & O. line, is nearing comple-
tion and will be ready for the open-
ing of navigation. The steamer Belle-
ville is booked to make the first trip
to Montreal, on April 29th.

This morning work was commenced
on alterations to the schooner Robert
McDonald. A new boiler and engine
will be put into the vessel, and she will
be fitted out as a steamer. Some light
repairs are being made to the schooner
Metzner.

LEWIS BROS.

Speaker Fined One Dollar and
Costs.
Milo Sinnott, who for the past
years has been Kingston's celebrated
newsboy, and who recently took a
position with Lewis Bros., of Chi-
cago, to act as speaker and advertise
the great clearance sale, was, this
morning, fined one dollar and costs
for obstructing the passage in front
of E. P. Jenkins' store, where the
great saugher sale is now going on.
Sinnott took to the stand with that
fearless feeling characteristic to him.
His voice could be heard at all cor-
ners of the court room, but he said
nothing of the great bargains in
clothing, furnishings, etc., although it
must have been on his mind.

When mention was made to boxes be-
ing on the sidewalk, Lewis took
the stand and said it was impossible
to take them inside, owing to the great
crowds who packed the store and
were hungry for bargains.

The fine was paid for Sinnott, by
Mr. Lewis, and Sinnott is once more
free to advertise, although he must be
careful that he does not obstruct the
passage. It seems he must at all
times be on the move, but Milo is a
Kingston hustler and it is hoped he
will keep going, while hollering shirts,
collars, cuffs, ties, clothing, etc., less
than cost.

Many new residences may be built
this season. Landlords are obtaining
twenty-five per cent more for houses
than they received two years ago.
The work on the spike dock at Rich-
ardson's was delayed to-day, owing to
the non-arrival of spits. They are
expected to reach the city to-morrow.

The Kingston skating rink will close
for the season on Thursday night.
The management reports the most suc-
cessful year in the history of the rink.
A rather odd sight on the streets,
last night, was to see people going to
the rink, with their skates in one
hand, and an umbrella in the other.
The estate of E. J. Orwell was ad-
justed yesterday, the dividends were forty-
eight and one-half cents on the dol-
lar.

Prevost, Brock street, has received
three cases of imported goods for his
order clothing department, consisting
of Scotch and English tweeds, serges,
cheviots and vicunas. A great variety
of them to choose from.
Never before were houses so hard to
get in Kingston, as they are this
spring. There are numbers of families
boarding at the local hotels, who
cannot obtain suitable residences.

The classes at the public schools are
rapidly filling up. The fine weather
of the past two weeks has done a lot
towards stamping out the ailments
common among the small children.
"Bileans" for biliousness are sold at
Gibson's Red Cross Drug Store. Fresh
there.

Work was started yesterday, on
George Mills & Co's new store, Prin-
cess street. The walls at the rear of
the building are being pulled down
and stronger walls will replace them.
"Pro Bono Publico" does not send
his name along with his letter; it
cannot, therefore, be published. ("One
Who Knows," writing about mill com-
plications, also overlooked the same im-
portant thing.)

A street car stopped, for five min-
utes, on Bogot street, the other after-
noon. No there was no breakdown
this time. Two small boys were en-
gaged in a fight, on the roadway,
and the conductor and motorman
wanted to see the outcome.

congratulations of the populace, and
will hand out shamrocks and cigars
to all who call upon him.

AN OPEN LETTER

TO THE PEOPLE OF KINGSTON.
From George W. Mahood, Our
Well-Known Druggist.

To Whom It May Concern:
Of late there has been a good deal
of discussion in Kingston, in regard
to advertising medicines and their
value—the papers are full of them.
We want to say to every man,
woman and child in Kingston that we
believe the most valuable preparation
of cod liver oil—the best tonic recon-
structor, health restorer and strength
creator—we have ever sold in our
store is Vinol.

Vinol is not a patent medicine, it
contains no injurious drugs, and it
actually does contain all of the medi-
cinal curative elements taken from
fresh cods' livers, but without a drop
of oil to upset the stomach and re-
tard its work, and, moreover, it is
delicious to the taste.
Vinol acts first upon the stomach,
tones up the digestive organs, creates
an appetite, purifies and enriches the
blood and strengthens every organ in
the body to do its work as nature in-
tended.

Vinol is recognized throughout the
world as the greatest strength creator
for old people, weak, sickly women,
and children, nursing mothers and
after a severe sickness.
Vinol cures hacking coughs, chronic
colds, bronchitis and all throat and
lung troubles. Unequalled to create an
appetite, and to make those who are
too thin fat, rosy and healthy.

Vinol is sold everywhere on a posi-
tive guarantee that, if it does not
give satisfaction, the entire purchase
money will be refunded. George W.
Mahood, Druggist.

Mrs. F. Carr, Vineland, Ont.

"For several years I was afflict-
ed with catarrh, which made life a bur-
den. The coughing and hacking
accompanied the disease was ter-
rible. The complaint finally exten-
ded to the stomach and I was in a
very bad condition.
