LOCAL NOTES AND THINGS IN GENERAL.

The Tidings From Various Points in Eastern Ontario—What People Are Doing And What

Lake Opinicon News.
Lake Opinicon, March 11.—The people here with sorrow of the death of Mrs. E. Auning, North Bay, formerly Miss Lizzie Plummer, and three small children survive. The sick, viz., Messrs. Warner, Lindsay, and Pluke, and Mrs. Ubbegrove, are rapidly assuming their usual health. Geo. F. Fere recently held the annual dinner meeting. The patrons were highly pleased with the season's operations. The gross earnings per ton were \$22.72, and the net earnings \$21.36. The average selling price of cheese was 11.35 cents. The officers elected for the ensuing year were: Salesman, B. G. Leggett; secretary-treasurer, J. E. Davidson; committee, Messrs. Darling, Hughson, and Barr. H. C. Austin is again here to take charge of the ranch. A number from here attended the tea-meeting at Perth road. Melvin Hughson and Miss Lindsay were visiting friends at Inverary, last week. Miss Maggie Darling has returned from her extended visit. Mr. and Mrs. Barr and family spent Sunday at William Spicer's, Newboro. Mr. Waters, Cortland, N.Y., was re-joining acquaintances last week. Mr. and Mrs. Wesley Harriman, Battershe, called on friends, last Sunday.

A Cement Company.
Seelye's Bay, March 12.—James Bay, who had his house partly destroyed by fire a few days ago, is having it repaired. J. N. Chapman who has been visiting friends here and vicinity the past few days has returned to his home at Buffalo. The hockey match played here, last Saturday, between Deseronto and Seelye's Bay team resulted in favor of Seelye's Bay, the score being three to one. The Seelye's Bay rink has closed up for the season. The sleighing is all gone, and wheels are again in requisition. The Seelye's Bay Cement company, Dillon and Leadbeater, managers, are getting material on the ground for the erection of buildings, etc., for manufacturing cement brick building blocks. The plant will be situated on Bay street. C. Hartley has removed to the corner of Helen and Bay streets. The funeral of John Smith, who died last Saturday, from an attack of appendicitis, took place Monday to Brewer's Mills. The deceased was a son of Captain Edward Smith. His age was about seventeen years. His afflicted parents and sorrowing friends have the heartfelt sympathy of all in their and loss.

Lively Hockey Match.
Lansdowne, March 12.—On Saturday last an interesting and most exciting hockey match took place between the teams of two local devotees, Shaw and McKillop. Dr. Shaw's team defeated Dr. McKillop's by a score of seven to six. The teams were composed of men who had not played hockey in a year and some had not skated for years, so they made things very lively. John Mitchell, Ottawa, refereed the game and he certainly had his hands full. He generally had to assist them to the finish. At one time every player was sitting on the ice with the exception of one goal-keeper. It was the most interesting game of the season. The funeral of the late Christopher Young, Brockville, was held here last Friday. The sympathy of the entire community goes out to the sorrowing relatives. He left a wife and two small children. Mrs. Ferrier, Kingston, who has been the guest of her daughter, Mrs. (Dr.) Bradley, leaves for home to-day. Mr. and Mrs. Byron Leverette paid a flying visit to Mrs. Leverette's parents in Frankville. Arthur Latimer, who underwent an operation in the Kingston General Hospital for appendicitis is recovering nicely. Mrs. Robert Corbett has been the guest of Mrs. John McCrea, Ivy Lea, for the past week or so.

Desert Lake Items.
Desert Lake, March 11.—Our school has opened, under the management of Miss Anglin, Athens. J. Wallace has sold his farm and is moving to Collins Bay. A number of friends gathered at their home and spent a very enjoyable evening. Clarence Babcock is with pneumonia, is improving. The friends of Mrs. Albert Anney are glad to hear of her speedy recovery. James Wilson, Jr., is much improved in health. William Snook has filled his ice-house and the ice is in excellent condition for packing. Surprise parties are numerous. Misses Letitia and Alma Snook entertained a number of friends and a very enjoyable evening was spent. J. Whaley, who had the unfortunate to break his arm some time ago, is improving. Close attention should be given to Sunday fishermen. A. Abrams is hauling wood from his timber lot to Hartington. A number of men in this locality are hauling logs to E. T. Babcock's saw mill. The many friends of James Campbell are glad to hear that the report of his being devoured by wolves, in Cobalt, is false. The friends of Miss Letitia Snook are pleased to have her with them again. Miss Alma Snook and Miss May Page were visiting at "The Elms." Frederick Snook and sisters spent Sunday at Glenora. G. Sanborn and S. Vandewater, at B. Page, Miss O. Walroth and S. Snider, at C. Walker's, A. Connolly and Mr. Simpkins, Yorket, at E. H. Snook's; Mr. and Mrs. R. Smith, Wilbur, spent Sunday at William Snook's; "Wife" Babcock, at E. T. Campbell's; Miss Letitia Snook, spending a few days at home; H. Smith, of the General Electric mine, at P. Snook's; F. Wood made a flying trip through the vicinity on road home; Miss Jennie Campbell, with her sister at Perth Road; Mrs. S. Morse, with friends at Violet; Mr. and Mrs. J. Storms, High Falls, at S. Deyo's; Miss M. Page and Miss Walroth, at E. H. Snook's; P. Vanocotte, Cobalt, at J. Whaley's.

SILVER BIRD

WILL POSITIVELY ADVANCE TO 25 CENTS ON MARCH 25TH.

The recent strike on the adjoining property of two veins of cobalt and silver but a short distance (about 60 feet) from and running directly towards Silver Bird has, in our opinion, really doubled the value of this property.

Advice from Superintendent Gauthier states that the shaft is now 94 feet deep, that drifting will commence at the 100-foot level, and that he expects to soon be bagging ore for shipment. Supt. Gauthier has had many years of experience in mining, is thoroughly familiar with the formation and conditions, and his opinion and advice can be relied upon.

SILVER BIRD

NOW 15 CENTS PER SHARE.

SILVER BIRD is surrounded by the greatest producing mines in the Cobalt District. SILVER BIRD is absolutely inside property, consisting of twenty acres (patented), being the west half of the northeast quarter of the north half of Lot 3, Concession 6, Coleman.

SILVER BIRD is a mine in full operation, with two 25 h.p. boilers, steam hoist, steam drills and all machinery and buildings necessary to complete an operating mine.

SILVER BIRD is working two shifts and is in full operation both day and night, sinking upon three veins and in the same formation. Identically as in the O'Brien, Timmins and Right of Way mines and lying immediately between these mines and the Greenow 34 feet in shaft.

SILVER BIRD has no indebtedness; there are no incumbrances against the property or stock of the company. The capitalization and no personal liability, with 500,000 shares in the treasury. The first allotment is now offered to the public for subscription at 15 cents per share.

Considering the inside location of the property, development done, results obtained, low capitalization and the large amount of shares in the treasury, this is unquestionably one of the best bargains (if not the greatest bargain) that have been offered in Cobalt.

To guard against over-issue and to guarantee to investors the genuineness of the certificates when issued—also the prompt and safe delivery of same—arrangements have been made with The Trusts & Guarantee Company, Limited, 14 King street west, Toronto, to act as Transfer Agents and Registrars.
