AN ANNIVERSARY AT SYDENHAM ST. METHODIST CHURCH.

Rev. W. H. Emsley, of Napanee, Preacher at Both Services to Large Congregations.

Sunday was anniversary day at the Sydenham St. Methodist church, and there were large congregations present, both morning and evening.

The pastor, Rev. C. E. Manning, was present, and assisted in the scripture readings.

The pastor announced that the trustee board had decided to take up a special offering, in aid of the Princess Street Methodist church, and that the collections of the day would be given for this purpose.

At the evening service, Rev. Mr. Emsley preached from the text, II Corinthians, v. 19-20: "To wit, that God was in Christ, reconciling the world unto himself, and imputing their trespasses unto them; and hath committed unto us, the word of reconciliation."

Every Christian was an ambassador for Christ, and on this anniversary day, the question that each one should ask himself was, "Am I living up to my opportunities?"

These were questions that should be considered. There were great opportunities in the mission field, we should seek to help men, and each one act as an ambassador. There was no limit to such a calling as this.

The great North West is pictured with its daily increase in population. Newcomers from foreign lands were arriving into this country every day.

GRAND OPERA HOUSE MARKS COMPANY ENGAGEMENT CLOSED.

Manager Brannigan Presented With an Irish Flag Saturday Afternoon—The Productions For This Week.

The Marks Bros. Dramatic company closed a very successful week's engagement at the Grand Opera House on Saturday evening.

There are musical plays and musical operas comparatively limited. "Sergeant Kitty," which will be seen at the Grand on Tuesday, March 19th, is one of the limited number, for it has a plot and a good one, music and clever attractive music, that lingered with an auditor long after the lights have gone out on the last act.

"Shadows Of The Past." Lincoln J. Carter's successful drama "Shadows of the Past," comes to the Grand on Saturday, March 23rd, and from the record it has made thus far, it is one of the best plays that will be seen here this season.

"In All Matters Tending to the County's Interests." In opposing the purchase of the Park Toll Road by the county because they are not directly interested, the island and lake townships overlook the fact that a day may come when some of them may want a grant towards the expenses of a small-pox outbreak or something else, and they will not get the best play that will be seen here this season.

"Capt. Henckley's Plan." In bringing the mail from the Cape. Watertown, N.Y., Times.

"Brick Company Preparing." The Rideau Canal Brick company expects to begin the erection of buildings near Washburn about the beginning of April.

"Clear Away Your Slush." It would be decidedly an improvement and appreciated by suffering pedestrians, if the city engineers would clean the thick slush from their walks.

"Why 'Nerviline' Is The Most Widely Used Liniment." Because it is immensely stronger than other liniments—because it relieves the congestion pain—because it sinks into the centres and affords relief at once.

LETTERS TO THE EDITOR.

What Is Needed. Kingston, Ont., March 18.—(To the Editor): I was interested in your editorial on the expenditure in schools.

McLeod's Message. Montreal, March 16.—(To the Editor): In a leading article in your issue of 12th inst. it is stated that "renewed attempts are being put on foot by the Canadian society of civil engineers of Montreal, to obtain in Ontario and other provinces the close corporation privileges which it enjoys in Quebec."

Editor's Note.—Hoity! Toity! Listen to this, ye public journals, ere you again discuss a public matter, in the public interest, in your public capacity. Confer with lordly C. H. McLeod, for gracious permission.

ST. PATRICK'S DAY OBSERVED IN ST. MARY'S CATHEDRAL.

Sermon on St. Patrick By Rev. Father Keany—Rev. Dr. Mackie, of St. Andrew's, Also Preached on St. Patrick.

Yesterday being Passion Sunday the services in St. Mary's cathedral were of a penitential character. At early mass the members of the several Irish Catholic societies partook of the Holy Communion.

High mass was celebrated by Rev. Father McWilliams. The sermon was preached by the Rev. Father Mea, who took his text from the words of the gospel of the day, John viii, 46-50, "Amen, Amen, I say to you, if any man keep my word, he shall not see death forever."

In the evening Father delivered an eloquent eulogy on St. Patrick, who he said was appointed by God to preach the gospel of Christ to the world.

His fame soon spread throughout Europe. Irish missionaries were appointed to preach the gospel of Christ throughout Europe.

St. Andrew's church yesterday morning, Rev. Dr. Mackie preached a very fine sermon on "St. Patrick." His text was, "The Memory of the Just is Blessed."

Dr. MacTavish's discourse in Cooke's church yesterday morning was on St. Patrick, and his text, Amos viii, 15: "The Lord Took Me While I Followed the Flock."

MEETS HIS CRITICS GRANT PYKE DECLARES HE TOLD THE TRUTH

About the Hardships of the Settlers in the North-West. People Suffer, Cattle Die, and Provisions Freeze.

Wolfe Island, March 15.—(To the Editor): When I returned this morning I found the two letters which were handed me in prison, containing some few in the west to call me anything but a truthful writer.

Mr. O'Reilly apparently wishes the public to think I do not understand the "vestments" of the western country. This is a particularly well averaged set of words, and happy to say my information and experience are not local.

Also the foreman of the Bell Telephone company told me they bore from five feet to six feet all winter, without once reaching unfrozen ground.

Mr. O'Reilly's Irish apples do not freeze this winter the military department should be informed, as it certainly must be bomb-proof.

Now we will go the world-famed sunny Alberta. This is what others who are living there say. First, it will give some state, down to the edge of the well-known Thomas Keys, formerly a well-known business man on Wolfe Island, and who has now retired in the city of Chatham.

Mr. Keys is an exceptionally well built young man, and is capable of doing the work of two ordinary men at this rate, a first-class mechanic.
