ALDERMAN'S VIEWS
ON QUESTION OF STREET LIGHTING.
 Ald. Graham Demands Lights For Victoria Ward—Ald. Ross Says the Moonlight Schedule Should Be Abolished.

The fire and light committee met yesterday afternoon. Aldermen Ross (chairman), Robertson, Millan, Gray, Ham, Agnew and Henderson were in attendance.

The chairman reported that the changes in No. 2 station necessary to add an additional team of horses were completed, and the cost would be under \$100.

It was decided to recommend to council that the services of the fire department engineer be dispensed with on or after April 6th.

The question of street lighting received some discussion. Ald. Graham wanted three lights erected in Victoria ward, in the darkest spots in the city," he said. The chairman said that any additions to the street lighting must be left over till after the joint committee's report on the whole ward was made.

Ald. Graham insisted that the lights be asked for were absolutely necessary and the finance committee should be requested to provide the necessary funds when striking the budget.

Ald. Ross declared that he could get twenty or thirty petitions for lights in Frontenac ward, which need them just as badly as Victoria ward. There was no use going into the street lighting question by piecemeal. Ald. Graham found fault because the central part of the city was so well lighted, while the outlying wards were neglected. Ald. Henderson pointed out that the central and down town sections were higher assessed, and were only getting what was due them. Ald. Graham held that the people of the outlying wards were not getting a fair return for the taxes they paid, but Ald. Ross declared that they were. Would they agree to pay a 14th higher tax for better street lighting, he asked. He doubted very much that they would.

Ald. Ross said that he would certainly vote in favor of changing the lunar system of street lighting after the "display" of Thursday night last, when the lights were turned on about midnight and the hours they were on during the night were not indicated by need, viz. from 7:30 till 9:30 o'clock they were on. The chairman said he would try and have a meeting of the two light committees as early as possible to take final action on the street lighting question. It was necessary to have J. M. Campbell present, and he could be got only on certain days.

QUEEN'S NORMAL COLLEGE.
 This is What Dr. Currie Tells Legislature.

In the house at Toronto, Dr. Currie, member for Prince Edward, thus spoke: "Regarding the supply of high school teachers, it seems that we are about to create an anomalous position. We are about to establish a normal college in connection with Toronto University. This is as it should be. The young man who graduates in arts may then retain the associations of his alma mater and enter any of the departments of law, theology, engineering, medicine or pedagogy. However, we have another great university at Kingston. We have at that institution men equally well fitted for the work of conducting a normal college. We have at Queen's all the other professional courses at the disposal of the graduates in arts. But if Queen's student should wish to enter the profession of pedagogy, we say to him, 'You must give up your college associations and friendships and you must move to Toronto, which you did not wish to do in the first place, because of its distance from your home, because the graduates of the normal college are singled out from all the other professions as one which can be taught only in Toronto.' This condition of affairs will naturally prevent many graduates of Queen's from entering the profession of pedagogy, and it should be remedied by the establishment of a normal college at Kingston." Dr. Currie is a graduate of Toronto University and not of Queen's.

CAUSE EXCITEMENT.
 Argued Two Hours Over Load of Iron.

Excitement ran high on Chatham street, Friday afternoon, for close upon two hours. Benjamin Palmer and James Boeker, well known peddlers, had a disagreement over a load of iron, and as a result, both have been summoned to appear before Magistrate Farrell, in the police court. The case will probably be heard on Tuesday morning, and promises to be an interesting one.

It appears that Roeker had his rig loaded with scrap iron, which he had taken out of Palmer's yard. He claimed that the iron had been sold to him by another peddler, L. Lambert, but Palmer claimed that the iron was his property, and strongly protested against it being taken away until it was paid for. The argument took place in the middle of the road, and waxed very warm at times. Close upon two hundred people gathered there, and as it was feared that serious trouble might arise, a call was sent to the police.

Constable Arnel was sent to the scene, and to settle matters, the officer drove the load of scrap to the police station, the two peddlers accompanying him. At the police station, it was agreed between the two that Mr. Lambert should have the two loads of scrap, and it was handed over to him, pending the result of the dispute in court.

AS TO WATER RATES.
 Would it Be Advisable to Give Free Water For Lawns?

The waterworks committee should have no trouble in making some reduction in the water rates. For instance, the amount collected for small amounts for private baths is only \$5.00. This special rate could be wiped out, and the amount collected for the use of hose on lawns, from \$8.00 to \$1,400 a year. To throw off both bath and hose rates would mean a loss of \$2,000 to the department. To give free water for lawns free would involve more than the dropping of \$800 to \$1,400 Superintending Hermit says. It would mean that the great majority of property owners would look in summer, and he is very doubtful if in the hot months, the demand in the hot months, the pump were going all but one hour during the day, the consumption of water being less than in winter, and the laws, the consumption would increase enormously. It would seem, therefore, that until the waterworks adds another pump, it will not be able to supply the demand.

MUTUAL LIFE OF CANADA.
 Thirty-seventh Annual Statement is Just Issued.

The new business written by the Mutual Life of Canada last year, according to the report just issued, amounted to \$5,503,547, and under 3,936 policies, all of which were obtained in Canada and Newfoundland. The total amount of business in force, under 30,986 policies, was \$2,912,407.55, showing a net addition for the year of \$2,714,453. The year's income, from premiums, interest, rents and profits, was \$1,015,615.68. Expenses and taxes took \$338,717.40—less than 16.34 per cent. of the income, and \$10,223.36 less than in 1905. Interest and mortgage payments have been very well met. The increase in the surplus over 1905 was \$251,377.46.

Marbles are chiefly made in Germany. Rough fragments of marble or granite are ground between two mill-stones and polished in a wooden cask.

Annual Good Friday picnic of the Kingston Vocational Students' Club, Rosina's "Stabat Mater" will be given in Chalmers church, March 29th, at 3:30 p.m. Tickets 25c. At Uglow's.

There was a meeting of the civic finance committee last evening, but only routine business was transacted. The city council will meet on Monday evening.

Lullington church, Sussex, is only sixteen feet square, and, therefore, probably the smallest in England.

The longest, largest and strongest bone in the human system is the thigh bone.

A stag does not acquire full antlers until he is from six to eight years old.

Electric paste, 3c. per stick, to-night, only at Mullin's.

Neckwear elegance, 50c. Bibby's.

AT "WONDERLAND."
 A Fine Programme Was Given Last Night.

"Wonderland" is increasing in popularity. Last night there was an entire change of programme, and one that pleased everyone. "Wonderland" was well filled during the evening. The pictures are, without doubt, the best ever put on in Kingston. They are clear, without any blurring whatever, and are very interesting. "The History of a Pair of Trousers," and "An Old Man's Darling" put on last night, attracted much interest. George Hammond sang the popular song of the day, "Not Because Her Hair is Curly," in his usual good style.

Hatters To The King.
 Scott's London, are hatters to the king and have long been hatters to the royal family. This celebrated make of hats are sold in Kingston only at Campbell Bros., the style centre for men's hats.

Fancy baskets of candy for Easter giving, high-class, McConkey's and Huyler's. Sold only at Gibson's Red Cross Drug Store.

Christy's spring hats at Bibby's.

A special feature of the market, today, was the display of flowers, and they were soon disposed of. There was a good supply of eggs at 20 cents.

HOW TO QUICKLY CURE HEARTBURN AND HICCUUPS.
 They are always caused by fermentation or excessive acidity of the stomach. The distress they cause is relieved like magic by slowly sipping a few drops of "Nerviline" in sweetened water. "Nerviline" cures the condition that causes the hiccups, just as it does all other disorders of stomach, bowels, and indigestion, cramps, flatulence and stomach pains, nothing better is known. For a household illness, use Nerviline—25c. per bottle everywhere.

SHIPS' OFFICERS
 ARE NAMED BY VARIOUS NAVIGATION COMPANIES.

Those Who Will Be in Command on Lake and River—The Vessels Will Soon Be Ready for Service.

The steamer Captain, of the Bay of Quinte Navigation company, has been remodelled during the past winter. The steamer comes out this season with a new dining-room and system of staterooms.

The M. T. Co.'s fleet is about ready for navigation. The vessels have all been overhauled and will leave the city as soon as the Welland canal is free of ice.

Advice from Montreal and the west reached the city, to-day, to the effect that much more grain will be handled at this port than last season. The rate has not been fixed yet for transhipping the grain.

The British Island Paper company has purchased the steel steamer Cuba, of Buffalo. The steamer will be used to bring pulpwood from Ha Ha Bay, Que. to Oswego, N.Y. She has a capacity of 500 cords.

The appointments of captains and purser of the Folger fleet for the season of 1907, are announced by H. S. Folger: Steamer St. Lawrence, Capt. M. D. Ester; purser, G. W. Johnson; Island Wanderer, W. C. Hudson; R. S. Milligan, Islander; Manville Evans, Charles Macdonald; Ramona, John Bertrand, Carl Bertrand; America, Robert Carnegie, G. H. Hunter; Ottawa, James Allen; St. John, J. H. Hunter; Herrihan brothers, Toronto, and confectionery privileges on the boats of the Folger fleet for the season.

Capt. Noonan expects to start on Monday to fit out the steamer Beau King, which will start on her trips to Ottawa on May 1st.

Calvin Co., Garden Island.

 Importers of Fine Hats.
 100-102 Princess St.

CITY AND VICINITY.
 First Of The Season.

The first flowers grown out of doors, in the vicinity of Kingston, are to be seen on the lawn of Inspector Keld, Harris street. The flowers are crocuses, and though not abundant, they are proof positive facts that spring is here.

Had A Fine Time.
 The Social Five dance, on Friday night, in the Whig hall, proved the most successful of the season's excellent gatherings. The floor was never in better condition, and the music furnished by Crosby & O'Connor was of the best. Dancing was kept up until an early hour this morning.

Better Sanitation Wanted.
 The county property committee has been called to meet on Thursday next to consider the question of better sanitary arrangements for the jail. The grand jury, which reported to the assize court on Wednesday last, found a fault with the ventilation and also recommended that closets be placed in all the cells.

Off To Brockville.
 The 14th rifle team and the officers' baseball team left, at noon, to-day, for Brockville to meet the representative teams of that place. The team was accompanied by nearly every officer in the battalion. The rifle team consists of: Maj. Cunningham, Capt. Johnson, Lieut. Swaine, Quartermaster Sergeant, Staff-Sergeant, Twigg, Sergt. Skinner, Sergt. Hall, Sergt. Wilkinson, Pte. Swaine, Pte. Merritt, and Pte. Agnew and Bird.

A Gentlemen's Driving Club.
 It is proposed to organize a gentlemen's driving club in the city for the purpose of holding weekly or fortnightly matinees, either at Catarquin driving park or the fair ground track. A canvass among the citizens will be called shortly. Matinee meets have proven a success wherever held. It is felt that a club of this kind will help to raise horse racing to the standard of legitimate sport.

Died In The Hospital.
 Miss Bella Brownlee, Bagot street, died at the general hospital, on Friday. The young woman underwent an operation, on Thursday, but the shock proved too great for her delicate condition. She passed peacefully away, surrounded by her four sisters. Deceased was a Presbyterian in religion and an earnest and constant attendant at Zion church. It is two years ago since they lost, by death, the protection of their kind and loving father and a mother several years before. Deceased had a large circle of friends and was beloved for her amiable qualities.

The Caretaker Injured.
 An accident occurred on King street on Friday afternoon, about five o'clock, in which William Graham, the caretaker of St. George's cathedral, was hurt severely. Graham has been the caretaker of St. George's cathedral since the time of the fire, and lately has been subject to weak spells. Graham, along King street, he was seized by a convulsion, and fell on the pavement near the corner of William street. His head struck the pavement with such force, that he was rendered unconscious. Some passers-by carried the unfortunate man to the office of Dr. Kilborn, who dressed an ambulance was summoned to the scene, and the man was conveyed to his home and afterwards to the General Hospital. Though still in a badly bruised condition, Mr. Graham is progressing well. His head was badly bruised and cut.

NEWY PARAGRAPHS PICKED UP BY REPORTERS ON THEIR STANDS.
 Semi-Ready clothing at Bibby's.
 Birt's Water Crackers, 25c. lb. Gilbert's.
 Are we to have a Victoria day celebration? Get busy!
 The railroads may say they will not suffer headaches with floods. The electric wiring at the city buildings will be completed next week.

First Congregational Church, corner of Wellington and Johnson streets.—Pastor, Rev. J. Charles Villier. Divine worship, morning at 11, sermon on "The Power of the Gospel." Evening at 7, sermon on "The Story of Palm Sunday." Pastor's Bible class for men, afternoon at three o'clock. A cordial invitation to these services is given to all. Seats are free.

Chalmers Presbyterian, corner of Brock and Earl streets.—Pastor, Rev. M. Macgillivray, D.D. Services: Morning, "Address by the new sailor missionary"; evening, "God's School for the Clever and the Unscrupulous—An Old Testament Study in Character." Sunday school and Bible class, 3 p.m.; prayer meeting, Wednesday, 7:30 p.m. Strangers cordially invited to all the services.

Y.M.C.A. Sunday Notes.
 George Pount speaks at the boys' meeting, at 10:15 a.m. His subject is "The Seven Ps." All boys of the city are made welcome at this meeting. At 3 p.m., Mr. Stokes gives an introduction to the Epistle to the Romans at the men's Bible class.

St. George's Pount gives the address at the men's meeting at 4:15, talking as his subject, "God's Answer to a Widow's Need."

LETTERS TO THE EDITOR.
 Interest in the Woman's Art Association.

Kingston, March 22.—(To the Editor): The Woman's Art Association desires me to thank you for your kindness in publishing the letter which I sent you, on its behalf a short while ago. The letter awakened a good deal of interest, and I am glad to say, secured to the association amongst others, as associates, Principal Gordner, Prof. Jordan, Mayor Mowat, Ald. Rigney, and Mr. Samu, the American consul. It also enlisted one or two good, enthusiastic working members.

I am desirous to say that the association gladly welcomes both associate and working members at any time, and shall be glad to furnish any information required to intending members at any time. J. R. DRUMMOND, Secretary-Treasurer, Kingston branch W.A.A.

Helping Mothers.
 "I always tell my neighbors who have children how good I have found Baby's Own Tablets," says Mrs. Rev. Reville, Gawas, Ont. Mrs. Reville further says: "I would not be without the tablets in the house for I know no medicine that can equal them in curing the little ones from children so often suffer." It is the enthusiastic praise of mothers who have used the tablets that makes them the most popular of childhood medicine in Canada. Any mother using Baby's Own Tablets has the guarantee of a government analyst that this medicine does not contain one particle of opiate or harmful drug. Sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

Dr. Elliott Injured.
 Dr. Elliott, professor of philosophy in Wesleyan college, fell against a projection in his house and was considerably hurt. He did not give in, but was around the city in the evening. Later, however, a medical doctor was summoned, and on examination of the patient's side found that a fracture of a rib had been sustained. It is thought that the professor will be unable to attend to his classes in the college for a couple of weeks, and by that time the lectures will be over for the season.

People want a varnish stain that will stain and varnish furniture and woodwork without covering up or obscuring the grain of the wood. In these days of pigment varnish stains, which are in reality varnish paints, it is worth while to remember that Campbell's varnish stains give a beautiful color and varnish effect without obscuring the handsome grain of natural woods. Sold by W. A. Mitchell. Semi-Ready clothing at Bibby's.
