Neglected Bronehitis is one of the most general causes of consumption, as cure it at once by the use of

Dr. Wood's Norway Pine

Mrs. 8. Fidder, Linton's, N.B., writes: "I feel it my duty to let you knowef my experience with Dr. Wood's Norway Pine Syrup. My little girl was very low with Bronchitis and our doctor did all in his power for her, but could only gave her relief for a short time. My husband saw your medicine advertised, and immediatly procured three bottles. I never mw anything give so much relief in so short a time. It stopped the amoying cough at night and she is now perfectly cured. I am so glad I can hardly express my gratitude for what Dr. Wood's Norway Pine Syrup has done for a constant of poisoned arrows.

Price 25 content at 11 dealers.

The Anglo-Russian, of London, in tic tortures practised in Russian pris-ons upon 'politicals' with the object of compelling them to betray their friends and supporters. For a long time such tortures have been reported from various prisons all over the empire, but the worst atrocities seem to be habitually perpetuated in the prisons of Poland and the Baltic provinces. In Riga, for instance, a special chamber has been fitted up with all long pins, pincers, a rack, and so forth, are used in the process of making the victim 'confess,' and all this not only by permission of the higher local authorities, but frequently even in their presence and under their personal guidance. Such things as knocking out the teeth, tearing out the hairs and pieces of flesh are in ordinary usage.

Railway Slaughter.

With a record of nearly 400 persons killed in railway wrecks during the last six months and about 450 injured, the public is asking whether the rail-way commissioners of the several states and the Interstate Commerce

cently, said that, according to the offi-cial estimate for 1906, there were 12,-Commonwealth, the grain yield was over 100,000,000 bushels, the wool yield was worth £20,000,000, agriculmineral products £25,000,000, manu-factured products £30,000,000, the oversea trade £113,000,000, and the £24,000,000, the increase since 1900, was directly due to federation. The trade returns of the Australian Com-monwealth show that the total value of merchandise imported during 1906 amounted to £42,590,527, an increase of £5,685,460 compared with 1905. The merchandise exported during 1906 reached a total value of £52,926,097, an increase of £7,141,362. The total volume of Australia's trade in 1906, including imports and exports of gold, amounted to £114,597,023, being an increase of nearly £19,500,000.

Great Naval Basin Opened.

At Davenport, England, the new
Keylman docks, which in connection
with the artificial basin thirty-five acres in extent form the greatest naval dockyard scheme in the world, were epened Feb. 21. From this basin entrance is made into three docks 740 feet long and forty-five feet deep.

TERROR TO THE BENCH

Eccentric Lawyer's Death Recalls

Mr. E. Justinian Stanbury-Eardley, who was one of the most eccentric lawyers in the country, died a Frogmore, Henley-in-Arden, Warwickshire, recantly. Twenty years ago he plaited his long black hair, which fell in queue or kept it in position by means only defending a man charged with being drunk and disorderly, and more often than not be would talk to the If the magistrates dared to interrupt him he would immediately quote a case recorded hundreds of years ago and proceed to show in a most laborious manner that the magistrates were compelled to listen to him, whether

When French Left His Saddle. Gen. French, of the British army. is a man of extraordinary personal charm and espirit. It is a joy to hear him tell the story of how when he had been thrown from his horse in his been thrown from his horse in his subaltern days a pompous officer of the old school came fussing up and demanded: "What do you mean, sir, by leaving your saddle without orders?" One of his cherished possessions is a copy of The Standard and Diggers' News, the Boer organ, containing a full account of the complete rout of his cavalry division and winding up with the statement that Gen: French had been mortally wounded.

Namingit "spring water"

doesn't make it safe to drink. C. Spring water, as a rule, is good pure water, and fit to drink-at the spring. But it may not be so when you get it.

II. Many things can happen—do happen to much spring water, long before you pour it into a glass. Some of them are things you wouldn't like to know about. C. Some bottlers of spring water bring it long distances in tanks. This simply invites bacteria to come and multiply in the water. ... C. Some spring waters are stored in containers a long while before they are bottled. Then the water gets flat and insipid. C. Things happen in the bottling house, too, that don't do the water any kind of I. The safe way for you, and the only way for a bottler who cares about purity, cleanliness, quality, is to do the bottling where the spring flows, as we do with

York Springs

Wholesome - Limpid - Refreshing We take more trouble than seems worth while to have everything

just as clean as daintiness demands - we are perhaps "finicky,"even the bottles we use are cleansed with York Springs water. a Bottling at the Springs for surety of purity, and bottling under scrupulously hygienic conditions, we KNOW York Springs Water gets to you pure. If you realized half the dangers that come from drinking water that isn't surrounded with just such precautionsyou would drink no water except York Springs Water.

Ideally Pure York Springs Water is the basis of these beverages: York Springs Water (natural), York Sparks (York Springs Water charged with purified carbonic gas), York Ginger Ale, York Sarsaparilla, York Soda, York Potash Water, York Aperientis (the perfect laxative)

FOOD IRON

You need Iron. Everybody does. The harder you work, the more you worry, the more Iron you require. But Crude Iron won't do. Iron Pills, Iron Tinctures, Iron Tonics are useless in nineteen cases out of twenty. You must have pre-digested Iron or your

blood will not assimilate it.

furnishes the Iron you need in combination with Cod Liver Oil, and so intimately incorporated with the oil that the most delicate digestive organs cannot fail to assimilate it.

The value of the combination cannot be overestimated. It builds up and fortifies the system against Coughs, Colds, Bronchial Affections and kindred troubles. If any of these diseases have already been contracted, or if the lungs are affected or threatened, FERROL cures by enabling nature to throw off the disease, not by "killing the germs," which is a physical impossibility.

FERROL is an absolute specific for Croup and Bronchitis, and no household where there are children can afford to be without it.

FERROL is not a patent mystery. The formula is freely published. It is prescribed by best Physicians. It is endorsed by the most eminent Medical Journals. It is used in G, W, MAHOOD, AGENT.
