Mr. Ec. cles is looking after the work of erecting the new spile dock for Richardson & Sops, and every morning last week he took a dip-but not because he desired to. The ice is now very dangerous condition especially for the work that Mr. Eccles is gaged in, and to continue with job he must put up with a cold every day. It is stated that he is running Mayor Mowat a keen contest for honors, in this line. The weather being somewhat chilly today, Mr. Eccles said that he would wait for warmer weather before taking another plunge.
