I That the "Semi-ready" system of tailoring must ultimately prevail, just as the manufacture of the finest boots have vanquished the old custom-made boot, is the universal belief of the many

who have watched the splendid growth of the idea. The one difficulty which Semi-ready tailoring had to surmount was that of conveying in words the exact meaning of the many innovations and improvements introduced under the one name, "Semi-ready." I This difficulty was offset by the enthusiasm of all who

bought Semi-ready garments and told their friends about
