A Montreal Street Scuffle.

On Thursday evening, there was a scuffle near the G.T.R. junction. Two young men, walking with a couple of girls, were attacked by a party of four, said to be students, who tried to take them away from the girls.

Two who were attacked resisted strenuously, and finally defeated the attacking party. One of the former, however, had his face injured by contact with a fence. The police heard of the affair, but were unable to locate those involved, but hope to do so.

MAY BE IN DANGER

A SURVEY PARTY IN ABITTI COUNTRY.

May Not Have Enough Supplies—One Party Reached Ottawa—Floods on Rideau Are Subsid-ing.

Ottawa, March 30.—A survey party on the National Transcontinental railway, who were with Engineer Cotton in the Abitibi country may be in some danger. There are grave doubts if they have enough supplies to last until spring. One half of the party seeing this trouble ahead started for Ottawa. They tramped over 200 miles on snowshoes and got to Englishman on the T. & N. O. They arrived in Ottawa a lame and weary bunch with the above report.

The floods on the Rideau river are showing a little today. At Billings Bridge, boats are being used to go round the farms to feed the cattle. The danger is not yet over for the ice jam holds.

Sunday in England.

One of the most remarkable documents in the history of England, best issued in England in the form of a message to the nation signed by the Archbishop of Canterbury, the Roman Catholic Archbishop of Westminster and the president of the Nation Council of the Evangelical Free Churches.

The message urges upon all people the importance of adequate and reasonable Sunday observances. The Times in a long editorial reviews the subject, and points out that by the efforts of Lord Avebury and others the blessings of "one day's rest in seven" will be extended in England much further than at present. It also refers to the great advance made in regard to Sunday rest in France under the new law, and thus concludes: "To call it a problem has become, indeed, misleading. It is no longer a problem, but a received opinion that work—above all our modern work under high pressure—is impossible for man unless he is allowed at least one day in seven to rest his mind and body."

Puzzle For Post Office Clerks.

Neat Journal.

Cleverness is one of the attributes necessary for every man who is employed in the post office sorting mail, for the posts with all kinds of freaks in the shape of letters peculiarly addressed. Some jokers appear to think that all the postal clerks have to do is to solve puzzles.

Recently at the Boston office a letter was received, addressed "Wood, Mass.," with a line drawn under the "Wood," and over the "Mass." The letter went out the same day it was received, and reached Mark Underwood, Andover, Mass., for whom it was intended, and the postal clerk who solved the riddle did not think he had done anything brilliant. It was all in his day's work.

NEW G.T.R. FREIGHT SHEDS

Likely to Be Erected Near the Hay Market.

The Grand Trunk Railway company has found its freight sheds at the foot of Johnson street, wholly inadequate to the increasing business, and has been looking about for a new and larger site. It has about decided to locate its sheds near the hay market, and is completing arrangements with owners for the purchase of land. It will be necessary to acquire the hay market ground, and the city will be approached with reference to selling it to the railway company. The G.T.R. has to get larger quarters in order to handle the local business.

A RAILWAY STRIKE

MAY TIE UP LINES IN THE CANADIAN WEST.

What a Winnipeg Despatch Says—If Strike Order is Issued, Employees Must Obey.

Winnipeg, March 28.—There is every possibility that western Canada will be involved in the expected strike which will tie up the railways of Western America. It was stated in a Chicago despatch that the men on the C.N.R. and C.P.R. would not be involved in a general strike order owing to complications which would arise with the authorities because of the provisions of the labor dispute act, recently passed at Ottawa. This would appear to be incorrect, from information obtained locally. Members of the unions have stated that if a strike order is issued, all railway employees west of Fort William will be called out.

INCIDENTS OF THE DAY.

News Paragraphs Picked Up By Reporters on Their Rounds.
