CORDIAL INVITATION

ADDRESSED TO WORKING GIRLS

Miss Robitaille Tells How Mrs. Pinkham's Advice Helps Working Girls.

Girls who work are particularly susceptible to female disorders, especially those who are obliged to stand on their feet from morning until night in stores or factories.

Day in and day out the girl toils, and she often finds it a broad-winner of the family. Whether she is sick or well, whether it rains or shines, she must go to her place of employment, perform the duties exacted of her, and be agreeable.

Among this class the symptoms of female diseases are early manifest by weak and aching backs, pain in the lower limbs and lower part of the stomach. In consequence of frequent wetting of the feet, periods become painful and irregular, and frequently there are faint and dizzy spells, with loss of appetite, until life is a burden.

These symptoms point to a derangement of the female organism which can be easily and promptly cured by Lydia E. Pinkham's Vegetable Compound.

Miss Alma Robitaille, 78 rue St. Francois, Quebec, writes, tells what this great medicine did for her. She writes:

Dear Mrs. Pinkham:—Overwork and long hours at the office, together with a neglected condition of a very serious female trouble until finally I was unable to go to work. I then thought of a friend who had taken Lydia E. Pinkham's Vegetable Compound when her health was in the same condition that mine was and straightway sent for a bottle. I finished that and took two more before I really began to improve but after that my recovery was very rapid and I was soon well and able to go back to work. I am certain that your medicine for sick women worthy of praise and am indeed glad to endorse it.

It is to such girls that Mrs. Pinkham holds out a helping hand and extends a cordial invitation to correspond with her. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women of her charge. Her long record of success in treating women's ills makes her letters of advice of untold value to every ill-suffering working girl. Address, Mrs. Pinkham, Lynn, Mass.

SERVICE AT COOKE'S CHURCH

In Preparation For Evangelistic Meetings.

The preparation service held in the school room of Cooke's church, last night, for the evangelistic services, which will commence to-night, was well attended. Rev. W. H. Sparling presided, and spoke along the line of preparation for evangelistic work, taking as his subject, "Make the Valley Full of Ditches," pointing out that the Lord would supply water for every ditch, and the same way with the sowing of seeds, God had the power to do this.

The special choir for the evangelistic meetings was present, and at the close held a practice.

At the close of the service there was a meeting of the Evangelical Alliance, when some matters of detail, in regard to the holding of the meetings, were arranged.

Scotland's Greatest Tenor.

"Scotland's Greatest Tenor," is a title hard to live up to, but George Neil carries this honor with ease. Possessed of a pure tenor voice of great range, power and sweetness, he captivates his audiences as only a glorious tenor can. With the Royal Scots Concert company, under the auspices of the Sons of Scotland, at the Grand Hotel on Monday, April 15th, Mr. Neil will sing from a popular repertoire.

Kidney Trouble

Doctors Say it on the Increase. Thousands of copies of "Kidney Diseases and How to Cure Them" are being distributed.

If you or your family in this past generation have had kidney disease, dropsy, rheumatism, neuralgia, liver trouble, gravel, stone in the bladder or female weakness, you should test your kidneys at once, as kidney disease causes all these other complications, and is the source of the system's weakness months before you notice any outward symptoms.

If you desire to know the proper method of testing your kidneys, you can obtain the doctor's advice and a communication from the Warner Safe Cure Co. A descriptive medical booklet will also be sent if you ask for it.

Warner's Safe Cure Cures Kidney Disease.

Warner's Safe Cure is made of pure herbs and contains no dangerous drugs. This is the reason doctors and hospitals use it exclusively for kidney troubles.

Dr. C. E. P. Buchner, a prominent physician of 278 Huntington Ave., Boston, Mass., says: "I always prescribe Warner's Safe Cure for all forms of kidney and bladder disease, whether male or female, and I have yet to see a patient dissatisfied with its results. It cures all diseases of the kidneys, bladder, genital and urinary organs existed. Count on it every time as a strong advocate of Warner's Safe Cure."

When the kidneys are diseased this urine is not carried off, and this causes Lumbago, Rheumatism of the joints, Rheumatism of the bladder, Rheumatism of the heart, Rheumatism everywhere.

In Bright's disease the bowels are often constipated and the liver torpid. Warner's Safe Cure will cure this condition, and no ill after effect is experienced.

WARNER'S SAFE CURE is put up in two sizes and is sold by all druggists, or direct, at \$1.00 a bottle. Refuse substitutes containing harmful drugs which injure the system.

Last November (1905) I was seriously ill, counting I believe from kidney trouble. I commenced taking them according to directions, and in a few days my doctor's medicine, and on second day of evening commenced in my feet, legs and body. The following day I was so changed and relieved that I did not stop after taking them a week, the resulting discharge being me with a complete free from pimples, tired, weary feeling gone, constipation, even which I suffered for years, gone, pain in my back, gone, and a general feeling of light heartedness. I have not felt since a child, took place in me.
