CIVIC HAPPENINGS

CHAMP ELECTRIC LIGHT FOR DISPLAY PURPOSE.
The Eight Plant Poles Are Soon to Be Painted—The City Property Committee Had No Quorum.
Ald. Toy's idea to give electricity for outdoor lighting purposes at the lowest possible rate will commend itself to the merchants, who will be able to erect lighted signs on their stores and have them operated at a reasonable figure. The business streets of Kingston should be better lighted, especially in summer when visitors are here. A well-lighted city is a big advertisement. A visit to large places shows this. Kingston can follow the lead on a smaller scale, but quite effectively. When Ald. Toy brings the matter before the light committee and the price is fixed, there should be an increased demand on the light plant.

The Electric Plant Poles.
The chairman of the civic light committee says that when all the electric extension work is completed, there will be less poles on the streets than heretofore. Many new and smaller poles are being erected, but many others will be removed from inside boulevards. The new poles are all being placed outside the walks, as the lines can be better maintained by having them away from the trees as far as possible.
As soon as the extension work is complete the light plant poles will be painted. They have sadly needed a dressing for many a day—and year, and during the summer the paint brush will be used upon them, so that the city's own poles may compare favorably with those of outside corporations which are required to keep theirs regularly painted.

Civic Committee Meetings.
The city property committee was called for yesterday afternoon, but a quorum of members did not attend. A postponement was made till this evening.
The board of works was called for four o'clock this afternoon. The question of street rebuilding was to be discussed.
Tomorrow afternoon the fire committee will appoint a mechanical engineer to the vacancy now existing.

The Fire Limits.
Recently the fire limits were extended, but the people are not acquainted with the changes, and, innocently, are erecting buildings which are illegal. In all cases, the city engineer has been notified of the requirements. All citizens who are contemplating erecting buildings of any kind should first consult the city engineer, who is Kingston's building inspector, and who must receive a ground plan of any building before it is begun. Wooden buildings are now allowed only in certain localities and care should be taken about erecting them. The engineer will give all information desired.

The Plumbing By-Law.
The new plumbing by-law is working well. City Engineer Beckwith is the inspector and people changing their house plumbing or having new plumbing put in new houses find it to their advantage to have the engineer inspect their properties. Calls are daily made on the engineer's office in this regard; and hereafter the sanitary condition of houses should be improved.

GANOANOQUE TIDINGS.
Schooners Arrive With Coal and Relieve Scarcity.
Ganoanoke, April 15.—The schooner Theodore Voges arrived yesterday with coal for Taylor & Green. The schooner Britton also arrived with coal for the Scranton Coal company. This will relieve the scarcity of coal nicely.
Three 'bus loads left this afternoon for Lansdowne, containing the choir, organist and rector of Christ church. They will conduct a short service in the Anglican church, Lansdowne.
Miss Bessie Middleton of Queen's University, is holidaying here with her mother, Mrs. T. O. Midd'lon, King street.

James O'Brien, of Brockville, is spending a few days with relatives in town. J. C. Shortell, of Galt, is in town, summoned to the bedside of his wife, who is seriously ill at the home of her parents, Mr. and Mrs. J. Dempster, King street west.
Joseph McGrath, an old resident of Ganoanoke, who has for the past few years been located in Toronto and Collingwood, is spending a short time with friends in town. Miss Gladys Yule, who has been in attendance at Queen's College, Kingston, is home.

Entertained Last Night.
Miss Mabel Snyder, Division street, entertained last night, at her home, for about twenty-five of her friends. Cards and dancing helped to pass a pleasant evening. The gathering broke up shortly after twelve o'clock.
We've for wall paper bargains; sale of remnants opens tomorrow.

PEN-ANGLE
Pen-Angle Underwear is form-knit so it can't help fitting your figure, —it's made of long-fibred wool so it won't shrink —and it's guaranteed besides. The whole idea is to make it so good you can't afford not to buy by the trademark (in red).
UNDERWEAR

INCIDENTS OF THE DAY.

Newspapers Picked Up By Reporters On Their Bounds.
William Swaine, piano tuner. Orders received at McAuley's, Phone 778.
A few of the newly arrived immigrants were given work with the corporation men, cleaning the streets. Police court business has been very slack this week. No arrests were made during yesterday or last night, and thus there was no police court this morning.
Several citizens suffered painful falls on the postoffice steps today. As a result of the snow storm the steps were in a very slippery condition. No serious accidents were reported.
The two Italians who were found guilty of assaulting Sergeant Nesbitt in the row at the outer station last June, and who served a term in the Central, were in the city yesterday for a short time. They were heading for Montreal.

THEIR FINAL DANCE.
"R. U. H." Club Entertained Last Evening.
The members of the R. U. H. club held their final dance of the season at Miss McAuley's last night, and the event proved one of the best ever held by the club. Twenty couples were present and a fine programme of music, including many popular airs, was rendered for the merry dancers, who thoroughly enjoyed themselves. A dainty lunch was served at the end of the afternoon and was followed by another hour and a half. The R. U. H. club has been holding dances at Miss McAuley's every Monday during the winter, and all of them have been marked with much success. It is the intention of the club to hold dances again next winter.

SERVICE FOR WORKMEN.
McMaster Band Holds Meeting at Noon Hour.
The members of the McMaster evangelistic band paid a visit to the locomotive works at noon, today, and held a short service for the men. The service was commenced at 2.30 o'clock, and was continued until one o'clock, when the men returned to their work. Short addresses were given, a number of Torrey-Alexander hymns were sung, and the meeting was a bright and helpful one. The members will visit the men at the Kingston foundry tomorrow, at noon. The band has been holding meetings in the workshops in the different places they have been visiting, and they have resulted in much good being done.

"The Squaw Man" To-Night.
William Faverham comes to the Grand to-night with "The Squaw Man," a four act comedy drama, by Edwin Milton Royle, in which he appeared under the management of Liebler & Co., at Wallace's Theatre, New York, at last season. The story of the play, briefly told, is that of a young Englishman, who to save the head of a noble family from punishment for embezzlement and a woman he loved from disgrace, takes the name of an Indian, and makes off to America, where he becomes a cattle ranchman in a western state. There he marries an Indian girl, and saves his life. Hence the title of the play, for in the west when a white man marries an Indian woman he becomes a "squaw man." The Indian wife eventually commits suicide, when her husband attempts to take her son, a young boy, to England, and back to the title which he has himself inherited, but which she renounces in the child's favor. Freed by the death of his wife, the Englishman determines to return and claim his inheritance for himself, but before he goes, an Indian uprising gives him an opportunity to rescue his former sweetheart, and when the curtain falls it is upon one of those happy endings that the majority of theatregoers delight in.

The Clammy Hand.
Cold hands and feet indicate more than poor circulation, they are signs that vitality is lacking and that serious conditions are apt to follow. Thin watery conditions of the blood should not be allowed to exist. There is not need of them. Wade's Iron Tonic Pills are a sure cure for all anemic conditions. They are a great nerve strengthener and blood maker. In boxes, 25c. at Wade's Drug Store. Money back if not satisfactory.

The Water Trough Open.
The Humane Society will rejoice at its meeting, to-morrow evening, over the re-opening of the water trough on the corner square, which has been frozen for the past two months. The water works department failed to thaw it out. Now Providence has answered the appeal of the Humane Society, and horses and dogs have again taken to the drink on the square.

Returned From Chicago.
Veterinary-Surgeons Morgan, McGill and Walker returned to the city, yesterday, after attending the Veterinary college at Chicago, where they took post-graduate courses.
See Bibby's Chefford hats, \$2.25. The Grant Pyke letters are still stirring up the westerners, and they are being back at him through every little paper issued from Winnipeg to the Rockies, and the Whig is sent a copy of the execrations.
"Special Bicycles Messenger" gives you the most prompt delivery service in the city. Gibson's Red Cross Drug Store, Phone 230.
Two pews in St. George's cathedral now bear a small brass plate, with this inscription: "Gift of the Junior Women's Auxiliary."
I'd have Rocky-Mountain Tea. A hat you will never regret buying is our Chefford \$2.25 derby hat. The H. D. Bibby Co. has it.
The company playing "The Squaw Man," at the Grand Opera House, to-night, arrived in the city from Ottawa. The troupe has about thirty-five members.
Chinese Furniture Cream removes scratches and finger marks, 25c., at Chown's Drug Store.
Our \$2.25 derby is hard to beat. Bibby.

VESSEL LAUNCHED

THE FIRST OF THE CRAFT OFF THE WAYS.
The Steamers Will Be of a Superior Type—The Highest Class in Lloyd's Register—General Marine News.
McMillan & Son (Limited), Dunbarton, Scotland, launched the steel screw steamer Glenmont, which is the first of two vessels which are built for Canadian owners. The Glenmont, which is about 260 feet in length, is intended for service on the Canadian lakes, by the Montreal transportation company. Accommodation is provided forward for captain, with chart-room on top of forecastle, while superior accommodation is provided aft for officers and engineers, the cabin being berthed in fore-cabin. The machinery, which is fitted all, is being supplied by Blair & Houston (Limited), Glasgow. The vessel and machinery have been built to Lloyd's highest class, and under the supervision of Mr. Dunlop, of Messrs. John Reid & Co., naval architects, Glasgow, and Capt. E. Fraser, the owner's superintendent. The naming ceremony was performed by Mrs. Fraser, the wife being berthed in fore-cabin. The machinery, which is fitted all, is being supplied by Blair & Houston (Limited), Glasgow. The vessel and machinery have been built to Lloyd's highest class, and under the supervision of Mr. Dunlop, of Messrs. John Reid & Co., naval architects, Glasgow, and Capt. E. Fraser, the owner's superintendent. The naming ceremony was performed by Mrs. Fraser, the wife being berthed in fore-cabin.

Reaching Venerable Age.
Mrs. Maclean, Union street, mother of Mrs. Paterson and Mrs. Brewster, entered, to-day, her eighty-ninth year. Mrs. Maclean was given a party after a long, severe winter of critical illness, is a monument to the unremitting, vigilant care of her two daughters.

Lappan-Glow Marriage.
At St. Francis Xavier church, Brockville, by Dean Murray, Miss Sarah Glow, daughter of Mr. and Mrs. George G. Glow, Lyon, was united in marriage to James H. Lappan, Lanark. After the ceremony they left by New York Central railway for Boston and other American points.

A Beautiful Gift.
On Wednesday, at the annual meeting of St. James' Women's Auxiliary, Mrs. T. C. Wilson was given a parting remembrance by the members. The gift took the form of a Latin cross of heavy gold, with Mrs. Wilson's name engraved upon it. Mrs. Wilson has been for twenty years a member of the auxiliary, and one of its best workers, and will be much missed. She leaves to-day for the North-West.

When The Back Hurts.
It may or may not be a sure sign of kidney trouble, but there is no use in taking chances. Peck's Kidney and Liver Pills will restore the kidneys to proper condition if they are the source of the trouble. They will cure the backache in any case and benefit you still more by giving the kidneys increased strength and activity. In boxes, 25c. For sale only at Wade's Drug Store. Money back if not satisfactory.

Not Dying Out.
It has been said that every seven years there is the extinction of some form of business, but the class known as agents—especially insurance agents—is ever on the increase. A prominent local sportsman remarked, to-day, that the game of insurance is becoming more popular all the time. A large party from Ganoanoke were shopping in the city yesterday afternoon.

Large Excursion This Morning.
The Kingston & Pembroke railway brought 100 shoppers to the city this morning. The excursion from North Frontenac are becoming more popular all the time. A large party from Ganoanoke were shopping in the city yesterday afternoon.

Simple But Valuable Invention.
H. V. Lyon, Winnipeg, a former Kingstonian, is in the possession of a patent of a company which has a patent nut lock, a simple contrivance, but which the mechanical world has been seeking for a century. The invention is Canadian, and the outlook is bright, as patents have been obtained for the world. Millions of bolts are used and held by nuts on threads; they work off but the invention is absolutely unobtainable. It will resist all vibration, and the bolt can only be broken or unlocked with a wrench, the backward turn from locking. Mr. Lyon is looking for a time when every bolt used for any purpose will be locked by the invention. His company controls. The company is capitalized at \$500,000, and the stock is well subscribed.

Lodges Fraternize.
A very pleasant evening was spent, last night, by the Daughters of Rebekah, of the city, and the members of Granite Lodge, I.O.F., in their hall, Rebekah called on Granite lodge, with a little surprise party, and in return the ladies were invited, last night, to enjoy the hospitality of this society and flourishing lodge. Poivre and other games were played until ten o'clock, when delectable refreshments were served, after which music was supplied by the Opera House orchestra for dancing, which was much enjoyed until after midnight. The members of Granite lodge are found in the parlors of the Daughters of Rebekah, and say their hall is always open to them. After singing "Auld Lang Syne" and "God Save the King," the happy gathering broke up, all apparently having spent a pleasant evening.

CITY AND VICINITY.

Yesterday.
To-day and always, Campbell Bros', \$2 and \$2.50 derbies excel all others for style and quality.
Students Leaving.
The examinations are about over at Queen's University, and many students are leaving for their homes all over the country.
Both Bags.
Keep moths from furs by using Bell's Fibre Moth Bags. The cheapest, and best bag on the market. No odor. All sizes, at Wade's Drug Store.
Accepted New Position.
George Darragh, King street, has accepted a position as junior in the Bank of British North America. Mr. Darragh expects to begin his duties on Monday next.

Not Yet.
Have our \$2 and \$2.50 derbies been excelled by any other store, and nowhere else can you get such a large assortment of new styles. Campbell Bros', Kingston's style centre for men's hats.
Building Up The Streets.
The city engineer has already started to build up the streets. Lower Princess and Johnson streets have been the first to receive attention this season. There is much work to be done on the streets this year.

Every Physician Admits.
There is only one permanent cure for Catarrh. Inhale the soothing vapor of "Catarrhazone" and lasting cure will follow.
Try Catarrhazone yourself — it's pleasant and sure.
When Will They Start.
Members of the 14th rifle team and other militia organizations are wondering when a start will be made on the new rifle range which was to receive a start this spring. If the work is not started soon the range will not be ready for the camp.

Reaching Venerable Age.
Mrs. Maclean, Union street, mother of Mrs. Paterson and Mrs. Brewster, entered, to-day, her eighty-ninth year. Mrs. Maclean was given a party after a long, severe winter of critical illness, is a monument to the unremitting, vigilant care of her two daughters.

ATTENTION CALLED

TO SEVERAL MATTERS OF CIVIC INTEREST.
Rate Paid By Street Railway For Power—Placing of Street Lights—The Clarence Street Park.
Kingston, April 17.—(To the Editor): A few days ago I learned from your up-to-date paper that the street railway company paid \$600 too little for the power they require to run their cars, and that that amount were paid to the city, the council would be enabled thereby to furnish all the extra street lamps that are required at the present time. Allow me to ask if there is anything to prevent the city from collecting that amount? If not it should be collected, for surely the council of 1905 gave the company too many valuable concessions without further favoring it at a lower price for power than it should pay. That is what is to be understood from your statement of the matter. If the citizens are wrong in their understanding of it, they ought to be set right as I am willing to amount? If not it should be collected, for surely the council of 1905 gave the company too many valuable concessions without further favoring it at a lower price for power than it should pay. That is what is to be understood from your statement of the matter. If the citizens are wrong in their understanding of it, they ought to be set right as I am willing to amount? If not it should be collected, for surely the council of 1905 gave the company too many valuable concessions without further favoring it at a lower price for power than it should pay.
