SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

Any one numbered section of Dominion lands in Manitoba or the Northwest Provinces, excepting 8 and 26, not reserved, may be homesteaded by any person the sole head of a family, or male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Application for homestead entry or inspection must be made in person by the applicant at the office of the local Agent or Sub-agent.

An application for entry or inspection made personally at any Sub-agent's office may be wired to the local Agent by the Sub-agent, at the expense of the applicant, and if the land applied for is vacant on receipt of the telegram such application is to have priority and the land will be held until the necessary papers to complete the transaction are received by mail.

In case of "personation" the entry will be summarily cancelled and the applicant will forfeit all priority of claim.

An application for inspection must be made in person by the applicant and only one application for inspection will be received from an individual.

A homesteader whose entry is in good standing and not subject to cancellation, may, subject to approval of Department, relinquish it in favour of father, mother, son, daughter, brother or sister, if eligible, but to no one else, on filing declaration of assignment.

Where an entry is summarily cancelled or voluntarily abandoned, subsequent to institution of cancellation proceedings, the applicant for inspection will be entitled to prior right of entry.

Applicants for inspection must state in full particulars the homesteader is, in default, and if subsequently cancelled, the same is found to be incorrect in material particulars, the applicant must use any prior right of re-entry should the land become vacant.

RUPTURE

New Scientific Appliance, Always a Perfect Fit—Adjustable to Any Size Person—Easy, Comfortable, Never Slips, No Obnoxious Springs or Pads—Costs Less Than Many Common Trusses—Made for Men, Women or Children.

C. E. Brooks, the Inventor.
only one that will absolutely hold the rupture and never slip and get its right, cool, comfortable and to every movement of the body without chafing or hurting and costs less than many ordinary trusses.

That is the fairest proposition ever made by a rupture specialist. The banks or any responsible citizen in Marshall will tell you that is the way I do business—always absolutely on the square.

If you have tried most everything else, come to me. Where others fail is where I have my greatest success. Write me today and I will send you my book on Rupture and its Cure, showing my appliance and giving you prices and names of people who have tried it and been cured. It is instant relief when all others fail. Remember I use no salves, no tapers, no ties. Just straight business deal at a reasonable price.

C. E. Brooks, 4964 Brooks Bldg., Marshall, Mich.

DAVIS' DRY DOCK CO.
A Former Windsorite.
Windsor, Ont., April 17.—Samuel Smith Macdonell, formerly of this city, is dead, in Toronto. Mr. Macdonell came from Toronto previous to 1894, and began the practice of law. He served as clerk of the municipal council and represented Windsor in the county council, and, in 1858, was elected as Windsor's first mayor. About 1871 he was appointed county crown attorney and clerk of the peace, and later master-in-chancery, positions which he held until 1891, when ill-health compelled him to remove to Toronto.

Royal Insurance Co OF ENGLAND.
Business In Force \$109,000,000
Assets 44,900,000
Profits Paid (1905) 3,220,000
This Strong British Company has paid the same profits for the past 20 years.
SECURITY unequalled by any LIFE Company in the world.
We Invite Your Investigation.
W. J. B. White, Agent, Kingston
For every English person who lives in a house valued at over £20 a year, six live in dwellings of lower value.

THE SPORT REVIEW

WHAT COL. SAM. HUGHES WOULD HAVE DONE

To the M. P. Who Would Have Slapped His Mouth—Lansdownians and the Marathon Race at Boston.

All the Canadian runners at Boston are in good trim for Friday's Marathon race.

The Ontario Curling Association has refused to return to the rule of four-foot rings.

The Toronto Baseball Club has decided to buy a catcher from the National League.

The annual meeting of the Amateur Athletic Federation of Canada will be held at Montreal on Saturday.

Hanilton had a taste of lacrosse last year, and this season they are out to repeat their rugby record.

Indoor cricket has been becoming very popular at Montreal. There are several teams playing in the armouries.

President Roosevelt, on Monday gave a special reception to about fifty members of the Harvard lacrosse club.

Advices from Ottawa are to the effect that there is a likelihood of the Rough Rider and St. Patrick rugby clubs amalgamating.

In Cuba baseball the umpire gives his close decisions revolver in hand and guarded by a line of police.

In Toronto, where things are more civilized, he picks out an easy spot on the fence before the game starts.

Thomas Godfrey, of the Ottawa Rough Rider Football Club, has received a letter from Secretary Davidson, of the Quebec Rugby Union, requesting him to discuss the feasibility of arranging a game between the Rough Riders and the Queensland, Australian, team, which is to visit Eastern Canada.

The conditions under which the Boston Marathon race will be run are not at all satisfactory to the Canadians who have entered. Each contestant will be accompanied by either one or two Canadian "on bicycles." The Canadians would rather run alone, and they protest a big mix-up owing to the presence of the army of wheelmen.

The Westmount A.A.A. decided to resign from the A.A.F. They will not join the A.A.F., although they were invited to send delegates to the meeting of the latter body. The Westmount Association adopted a new amateur definition and will play only amateurs, but will play against professionals.

The Brockville Golf Club has organized for the season, with the following officers: President, Dr. Cowan; vice-president, Rev. N. Macleod; secretary-treasurer, A. Mowat. Executive committee—Dr. Mitchell, Messrs. Gray, Brough, Fiddler and Lucas. The indications are that the present season will be a most successful one.

The links have already been put in good condition, and it is expected that a large number of both ladies and gentlemen will take part in the sport.

A despatch from Havana says: There was a sensational scene on the ball field when Umpire Borrato, in the presence of 20,000 excited "fans," gave a close decision against the last man out on first, which gave the game and the Cuban championship to the Almendares Club by a score of 4 to 2. Things had been hot, and Borrato, who is not five feet high, gave his decision with a flourish in hand, and then darted behind the line of police. The mob charged, but the police and rural guards closed around and saved him. The victorious team divided \$5,000.

Toronto Telegram: Col. Sam Hughes did not cease from troubling when he dropped his lacrosse stick and took up politics. Look at the row his remarks on the French clergy aroused in parliament. Why Mr. Talbot, M.P., remarked that a member had told him that if he had been sitting next to the husky colored he would have slapped his mouth. Evidently Mr. Talbot never saw Col. Sam just as lacrosse field. He could mix it up with the biggest and huskiest of them all, and the records do not show that he was ever required to take second money. Yes, Mr. Talbot's friends might also slap his mouth, but a photograph of the said friend a few minutes later would have made the most interesting work of art it would be possible to hang in the corridors of the parliament buildings.

THE MORE DIRECT WAY.
Go Right to the Fountain Head and Study the Styles.
Learn to swim instead of devoting your energy to finding a suitable life preserver. You know you can get fine shoes in all sizes, shapes and widths. You can get fine clothes, made to the order, at a stage just as lacrosse field, and save the energies you waste in following old-fashioned ways. No man can tell how a pattern cloth will look when it's made up. A Semi-ready suit can be finished to your measure in two hours, and you can always prejudge the effect and suitability of the pattern. The H. D. Bibby Co., 78-80-82 Princess street.

Who's Hurt?
In ever family some one receives serious or minor injuries every little while. Life is best with humps, bruises, strains, aches and pains. For all these Smith's White Liniment is the best possible remedy. It heals and soothes all hurts and cures all pain. Have it in your home. Large bottles 25c., at Wade's Drug Store.

STALLIONS' HARD FIGHT.

Thrilling Experience of Two Lucan Men in a Train.

Cooled up in a boxcar on a fast freight train, with two savagely fighting stallions, was the terrifying situation recently experienced by Paisley Brothers, of Lucan.

When the train finally reached its destination, one of the animals valued at over \$1,000 was dead, the other was badly injured, and both men were severely bruised and cut as a result of their efforts to separate the enraged animals.

The two stallions were being shipped to Montana, and one of the animals, alarmed at the jolting of the train, began to rear and plunge madly, and in an instant had broken the halter by which it was held. Immediately it commenced a fierce attack with teeth and hoofs on its mate, which was so severely fastened, and failed for the time to break loose.

The two men made every effort possible to drive back the big vicious brute, but in the close area and gloomy interior of the car it was risking their lives to make a move.

Was Knocked Down.—That the two brothers did their best to separate the brutes is evidenced by the fact that one of them, Paisley was knocked down three times, and each time narrowly escaped being trampled to death because the hoofs of the big beasts.

The other stalled in the tight fastenings, and the one-sided fight became a duel to the death. The two men were now powerless and could do no more than evade the terrible charges and blows of the titanic monsters, who, covered with bloody foam and with bloodshot eyes, strove for the mastery, surging now to one end and now to the other, and never for one moment letting up in their death struggle.

Finally, it was apparent to the two lone spectators of this struggle, that one of the beasts was weakening. Its breathing came in mighty gasps, that spattered the sides of the car with bloody foam. Relentless, its mate continued to rain blows, till with a shriek, almost pitifully human, the weakened animal dropped to the floor dead.

Victory gained, the other big brute quieted down and submitted to being fastened again by the men.

CROWS ATTACK EAGLE.

Horde of Sable-Hued Birds Subdue Monarch of the Air.

There is one eagle less in the collection of bald-headed birds of freedom at the Stanley Park aviary in Vancouver. One of the largest of the quartette made his escape from the cage the other morning, but his liberty and life did not last long afterward.

It is a strange fact that the death of this bird, which is popularly supposed to be the monarch of the air, is directly due to his inability to resist the attack of a horde of crows. Yes, crows—ordinary black crows—of which there are thousands in Stanley Park.

Unable to traverse the aerial heights with his accustomed freedom, owing to his six years captivity in a cage that did not admit of too much practice in flying, this eagle was simply beaten to the earth by a cack of crows that at once attacked it. They are old enemies—these crows and eagles. And when the bald-headed bird broke the wire netting of its cage while fighting with one of its cage mates it was at once set upon by a dozen sable-hued birds whose wild cawing soon attracted hundreds of others.

The eagle made a few ineffectual attempts to mount high up beyond the reach of its pursuers, but its one-time powerful wings were now feeble. The crows, whose numbers were constantly increasing, renewed their attack, and simply beat the big bird down until it fell into Coal Harbor not far from the bridge.

To the rescue of the bird there came a spectator of the fight, who put out in a boat. But, although the eagle was exhausted as far as wing power was concerned, it was still dangerous with its powerful talons. In trying to subdue the eagle the man in the boat hit it rather too heavily on the head with an oar and killed it.

New Brunswick's Premier.
Hon. William Pugsley, New Brunswick's new Premier, is of English-American descent. His ancestors lived in New York State prior to the revolution, but then settled in Nova Scotia. William Pugsley was born at Sussex, N. B., and educated there, and graduated with honors from the University of New Brunswick, being called to the Bar of his province in 1872, and made Q. C. in 1891.

He was first elected to the Provincial Legislature in 1885, at a by-election, and re-elected in 1896 and 1899. He was Speaker of the Legislature from 1887 to 1889, when he was called to the Executive Council and appointed Solicitor-General, which office he resigned in 1892. In 1896 he ran as an independent for the House of Commons in St. John city, and three years later again entered the Legislature, and accepted office as Attorney-General in the Tweedie Government.

Like his predecessor, the new Premier of New Brunswick was regarded as a Conservative supporter until the Hon. A. G. Blair was made Minister of Railways.

Few Good Works of Fiction.
Since the world began there have been written perhaps 100 supposedly good works of fiction. Assume that the first of these was the Iliad, now about 3,000 years old. One hundred good stories in 3,000 years is a story every generation. Since the battle of Waterloo, then, there have been rather less than three of them. Probably we are overrating the number rather than the contrary. When you consider the matter, three supposedly good stories in a hundred years is a very high average.

All Ready.
The gambler armed him for the fray. With a look of deep abstraction he deftly turned the cards away. "Now, let's begin," I heard him say; "I've cleared the deck for action."

"Make Kingston Beautiful," Kentucky lawn grass seed will do it. Sold only at Gibson's, Red Cross Drug Store.

H. Cunningham, piano tuner, from Chickering's. Orders at McAuley's book store. Phone 778.

OUR NEW SPRING SUITS

Are marvels of style and beauty, and our prices, are a little lower than others will ask you. It has never before been so easy, for any man, who has the desire to be extra well dressed, to do so, for such a small amount of money. Another point in favor of our Clothing: The care taken in the making of it. You know what that means—Coats not hanging like a rag, after a few times wearing—no loose threads—no buttons coming off, the first time the suit is worn. All these things count, and should be taken into consideration by you, when buying. We guarantee every garment sold.

Money Back If Dissatisfied

Men's and Young Men's Suits, \$9.50, \$11.50, \$13.50, \$15.00, \$16.50 and \$18.00. Other lines at \$4.75, \$5.95, \$6.75 and \$8.45. New Top Coats, New Raincoats. Up-to-date at lowest prices. New Silk Lined and Silk Faced Top Coats, \$9.50 to \$13.50.

It Will Pay You to Look.

Special Offerings for Saturday

Men's and Young Men's Suits, sold all over at \$12.50. Your choice of several patterns Saturday for \$9.45.
Men's Soft Hats, several shapes—three colors—this season's goods—regular \$2.00 and \$2.50. Take your choice Saturday for \$1.49.
Men's Jean Working Pants, best wearing goods made, regular \$1.25. Saturday 95 cents per pair.

Boys' Norfolk Suits, sizes 24 to 28, regular price \$2.50. Saturday \$1.95 a Suit. Sizes 29 to 32, regular \$3.25, Saturday, \$2.40.
Special discount on Boys' High Grade and Three-Piece Short Trousers Suits.

LARDER LAKE GOLDFIELDS

I have been six months investigating, and have just returned from a visit of personal investigation to the

which, from what I have seen there, and have taken means to verify, will prove a veritable Canadian "Rand," taking its place among the great goldfields of the world, and throwing Cobalt into the shade.

I am a Practical Mining Man AND DEAL ONLY WITH FACTS.

The facts about Larder Lake are contained in my new book, "The Goldfields of Larder Lake," and in my copyrighted map, by far the most detailed and accurate to date.
The above mailed free on request.

CANADIANS! The majority of us were too skeptical and easy-going to inform ourselves concerning Cobalt in the beginning, and saw others step in and reap enormous profits.
Cobalt is only the beginning of mining in New Ontario, the richest mineral field in the world, and there are, and will be, other opportunities as great and greater.

The Larder Lake goldfields are the next in line. Inform yourself at once. Don't wait to see what the other fellow will do, but do it yourself, and do it now. That's the way the man on the ground floor gets there.
Investigate. Get posted. Put yourself in a position to intelligently take ground floor advantage of the tremendous opportunities for profit contained in the northern mining fields.

By means of personal investigation on the ground, the employment of reliable engineers, and the service of employees in the field, I keep my following posted, and they make money.
Thousands will testify to that.

Send Me Your Name and Address and I'll Do My Best for You, Too

H. C. Barber,

Managing Director Canada Mines, Limited.
