A NOISELESS CARRIAGE

One grade only, that the best.

McLaughlin has been our motto for thirty-eight years. His carriages are stylish, substantial and comfortable. They cost a little more than some others, but think of the comfort it is to know that when you go out driving your carriage is not going to break down before you get back. Then, too, they run easier, last longer, and are more attractive than a cheaper rig. Get one and be in the fashion. For sale at 42 Princess St.

SHOULD BE CAPTURED.

Villain Who Made Assault on Kingston Lady.

The assault made upon a young Kingston lady by an unknown man, reference to which was made in the Whig on Wednesday, has caused a good deal of comment in the city, and everyone is wondering the fact that the young lady is unable to positively identify her assailant. The night was very dark, and it was snowing hard at the time. The circumstances were such as to make identification very difficult. The young lady has been suffering a great deal from the shock given her.

"The villain should be caught if it is at all possible," said a citizen today. "It is a pity that he should be allowed to go after committing such a cowardly act."
"If he could have been caught a cold dip in the lake, should have been his first punishment," remarked another citizen.

Italy's National Drink.

Reckoning from the tax rate on manufactures in 1905 there was consumed in Italy 30,465,000 quarts of domestic beer and 8,501,000 quarts of imported beer, a total of 39,075,000 quarts, or four and one-half quarts annually for the adult male population. Thus the Italian use of beer is yet moderate, wine continuing to be the national drink. In 1905 Italy produced 2,928,923,000 quarts of wine, of which 98,225,800 quarts were exported. The balance, 2,830,697,200 quarts being consumed at home gave a per capita consumption of 32½ quarts of wine per year for each man of voting age.

At One Station.

One Station, April 18.—The farmers are engaged in making maple syrup. A number of the ladies gathered at the home of Mr. and Mrs. George Bishop where they spent a very social evening. Mr. Bishop is going to fill the position as cheese maker at Petworth. Most of all the young men have gone to New Ontario and other parts. Born to Mr. and Mrs. Campbell Green, a daughter, John Conboy and bride passed through here on Saturday evening. Mrs. Robert Burke, of Watertown, is visiting friends here. John Graham is home from New Ontario.

To Raise the Steamer.

The Brockville Navigation company intend shortly to undertake the work of raising the Victoria, now partially submerged in Tunnel Bay through coming in contact with heavy ice last fall. The steamer Brockville will first be fitted out, and with the aid of the process, it is expected little difficulty will be experienced in pumping her out. When this is done the Victoria will be docked at Kingston, where thorough repairs will be made and a new engine installed.

To Put Up Athletic Building.

Windsor, Ont., April 19.—The officers of the 21st Regiment have decided on the erection of an Athletic building, this summer, as an annex to the Armouries. A deal is being closed for a site immediately in the rear of the Armouries. The building will be a two-story brick structure costing about \$8,000.

NEED TO KNOW

More About The Affairs Of The Colonies.

AUSTRALIA DESIRES

COLONIAL OFFICE STAFF TO DO SOME STUDYING.

What the Colonial Conference is Doing in London—Lord Elgin Suggests the Creation of a Department to Carry on Intermediary Work.

London, April 19.—According to the brief official announcement, the colonial conference yesterday discussed questions concerning its constitution, and considered the draft of a resolution drawn up by the Earl of Elgin, the colonial secretary, on the subject, which was accepted in principle, though the settlement of the precise terms was held over until Saturday.

The conference also considered two resolutions from the commonwealth of Australia, the first inviting the colonial secretary to frame a scheme under which the permanent staff of the colonial office would be enabled to acquire more intimate knowledge of the colonies; and the second urging the desirability of the colonies being represented on the imperial council of the defence, and that the colonies be authorized to refer to this council for advice in regard to local questions on which expert assistance may be desired. It was explained respecting the latter proposal that it is intended to provide means for a more effective discussion of questions relating to the defence of the empire.

It was learned from another source that Lord Elgin's resolution indicates one distinct advance, namely the creation of a permanent department, presumably at the colonial office, the special duty of which it will be to look after questions of general imperial interest and carry on the work between the colonial conferences, which will be held every four years.

PRICE IS \$15.

Warsaw, Russian Poland, April 19.—It is announced that in the course of police investigations into the recent murder of a physician here by a hired terrorist each is the price paid by the terrorists of Warsaw for murders.

MUST NOT STEAL MEN.

Won't Be Allowed to Tempt Salt Sea Sailors.

Ottawa, April 19.—Announcement is made that in the public interest the department of marine and fisheries has decided strictly to enforce on and after the first of June next the provisions of the law requiring the master of every ship subject thereto on the inland waters of Canada to sign articles with every seaman who carries as one of his crew. The penalty for carrying a seaman who has not signed these articles is a fine exceeding \$20 for each offence. This decision arises out of a condition which has been growing up of recent years in the port of Montreal, of which the seagoing vessels have made bitter complaints. Complaint was made to the department of marine at Ottawa that the lake vessels were robbing the ocean-going craft of their crews and the announcement made above is really a direct result thereof.

EXPLOSION KILLS PASTOR.

Blown to Death When Horse Steps on Dynamite.

Princeton, Ore., April 19.—Rev. Homer N. Street was instantly killed and blown into the Matolis river, with his horse, by an explosion resulting from his horse stepping on dynamite.

Rev. Mr. Street had placed dynamite under a log, but it is supposed that the coyotes scattered the explosive in the open.

The accident happened in the presence of his agonized wife and children.

Rev. Mr. Street was known as the rancher-preacher of Crook county.

May Print Here.

London, April 19.—A correspondent of the Times, in view of the new post arrangement with Canada, says British publishers will consider whether it will be advisable to have their magazines sent to Canada or have them printed there and posted back to subscribers in England at the cost of a halpenny each instead of the four pence it costs for internal postage here.

Was "Going to Heaven."

New York, April 19.—A well-dressed man, about thirty years of age, who registered as "J. Richman, Boston, Mass.," was found dead in the Broadway Central hotel with a bullet hole in his head. In a letter addressed to "Mr. Darling Antennette," he said he had lost his \$100 at Benning's and was "going to heaven."

TOUR EUROPE AFOOT.

Seeks Real Thing in Line of Exercise.

JAMES MCREA.
Philadelphia, April 19.—Discarding private cars and automobiles as being modes of conveyance which do not afford enough exercise, James Mcrea, president of the Pennsylvania railroad, is going to spend a vacation on foot. In less than a fortnight he will be somewhere in the British Isles with his sons, James K. and Archibald M. tramping from one place of interest to another on an energetic and healthful sight-seeing tour.

Mr. Mcrea and his sons sailed from New York, Thursday, on the steamer Kaiserin Augusta Victoria. They plan to be back by the middle of next month, but may stay away longer.

THE BUDGET

Presented in The British Commons.

THE TAX ON INCOMES

TO UNDERGO SEVERAL MARK-ED CHANGES.

The Budget was the First Liberal One in Twelve Years—Large Reduction in National Debt—Duty on Tea Unchanged.

London, April 19.—No budget statement of recent years has been awaited with so much interest as that of Chancellor of the Exchequer Asquith, yesterday. Although it was Mr. Asquith's second budget, that of last year really was only a legacy from the previous administration so that yesterday's proposals constituted the first real liberal budget in twelve years. The House of Commons was thronged, and the public galleries were densely crowded.

The financial statement, issued by the treasury in advance of chancellor's speech, indicated the house that the exact realized surplus for 1906-07 was \$26,955,000, which in accordance with the law, would be devoted to the reduction of the public debt. Mr. Asquith estimated the expenditure for 1907-08 at \$703,785,000. The revenue on the existing basis of taxation was estimated to be \$720,950,000.

The permanent reduction of the national debt for 1906-07 was announced to be \$68,570,000. The duty on tea was unchanged. There would be a differentiation however in the tax on earned and unearned income. A rebate of six cents in the pound sterling will be allowed on the income tax on earned incomes under \$10,000 a year.

Mr. Asquith estimated the loss in the differentiation of the income tax at \$6,250,000. A revision of the death duties to make up the loss from the income tax was suggested. Death duties, graduated to ten per cent. on the first \$5,000, to 20 per cent. on the next \$5,000, and on estates of \$10,000, 14 per cent. would be levied on the second \$5,000,000. On estates of \$15,000,000, or over, ten per cent. will be levied on the first \$5,000,000, and fifteen per cent. on every other \$5,000,000.

TO TRY EXPERIMENT.

The Municipality to Meet All Claims.

Toronto, April 19.—A clause embodied in the statute law amendment act, in the legislature, at an early hour, this morning, settles the vexed question as to the maintenance of high school pupils from outside municipalities. The clause provides that this cost must be borne by the municipality from where the pupils come and this plan will be tried for one year, and if it does not work out satisfactorily may be subjected to still further amendment. The question has caused a great deal of trouble. Judges have given different interpretations of the present law and municipalities and trustee boards have quarrelled about it.

GOVERNOR RESIGNS.

Hagerman, New Mexico, Would Not Face Charges.

Washington, April 19.—Governor Hagerman, New Mexico, against whom charges were preferred, has tendered his resignation, and the president announced the appointment of Capt. George Curry, governor of Samar province, Philippine Islands, to succeed him.

Governor Hagerman was recently here to answer the charges which related to the transfer of territorial lands to a Pennsylvania development company. While here he had an interview with the president and Secretary Garfield about the charges, which he declared were the result of political intrigue.

DEATH BEFORE SEPARATION.

Youths Prevented From Marrying End Lives in River.

Springwood, Va., April 19.—Stewart C. Gay, nineteen years old, and Miss Mabel Pendleton, seventeen years old, committed suicide, on Thursday, by leaping from the suspension bridge across Jackson river, at Clifton Forge.
