WOMAN'S TASK.

From Feminine Standpoint.

was forthwith secured. His retainer on whether they are at home or not bellion. After several stormy meet-ings it was finally agreed to allow Mr. drawing-room. All women have a pasunsatisfying, but to the feminine body they embody the very manna from

It is easy to understand that Arthur Pendenys or any other "masculine mind" might have trouble in compre-hending the why and wherefore of this debilitated taste, but no woman would be at a loss to explain it. It comes from the fatigue which woman suffers as the result of her colossal task of feeding man. To nourish the human race is the appointed task of woman. At the very inception of life this is her labor, and never can existence be so that she must not pause three times a day-or more-to bend her mind to the menu that shall please her lord. She has been accused of writing no of composing an oratorio, of designing a cathedral or conceiving an heroic first quality. The retort is that she might have done something of the kind if the men had not been hungry so frequently and so insistently. To be the nourisher of the human Is it any wonder, then, with the ever-

which, from what I have seen there, and have taken means to verify, will prove a veritable Canadian "Rand," taking its place among the great goldfields of the world, and throwing Cobalt into the shade.

I am a Practical Mining Man AND DEAL ONLY WITH FACTS.

The facts, about Larder Lake are contgined in my new book, "The Goldfields of Larder Lake," and in my copyrighted map, by far the most detailed and accurate to date.

The above mailed free on request.

CANADIANS! The majority of us were too skeptical and easy-going to inform ourselves concerning Cobalt in the beginning, and saw others step in and reap enormous profits.

Cobalt is only the beginning of mining in New Ontario, the richest mineral field in the world, and there are, and will be, other opportunities as great THE WAY THE STATE OF THE STATE and greater.

The Larder Lake goldfields are the next in line. Inform yourself at once Don't wait to see what the other fellow will do, but do it yourself, and do it now. That's the way the man on the ground floor gets there. Investigate. Get posted. Put yourself in a position to intelligently take

ground floor advantage of the tremendous opportunities for profit contained in the northern mining fields, By means of personal investigation on the ground, the employment of reli-

able engineers, and the service of employees in the field, I keep my following posted, and they make money. Thousands will testify to that

H. C. Barber,

Managing Director Canada Mines, Limited.

41-45 ADELAIDE STREET EAST. TORONTO.

Larder Lake Underwriters' Syndicate.

We extend an invitation to investors to join us in taking over the first issue of shares, which we have agreed to purchase of the Larder Lake Blue Bell Gold Mines, Limited, at the first ground floor price of 10 cents per share. The Company has just been organized and will be managed by experienced mining men of highest standing. The Company owns 27 . well located gold claims, 1,080 acres in all, which have yielded extraordinary gold values, located in the new gold district of Larder Lake, 60 miles north of Cobalt, New Ontario, which will be systematically developed. All investors who join us will share in profits from this ground floor basis, participating in an immediate profit or increase in market value of shares of 500 per cent. On or about May 15th Law & Co. will in their customary vigorous manner place these shares upon the market by judicious advertising throughout Canada and the United States at fifty cents per share. All who join us will share with us in the profits therefrom.

The Trusts and Guarantee Company, 14 King street west, Toronto, will act as Trustees for the Underwriters' Syndicate in receiving and holding the shares and issuing receipts therefor and also as Registrars and Transfer Agents for the Company.

For application blanks and full particulars call upon or address-
