A NOISELESS CARRIAGE

One grade only, that the best.
McLaughlin has been our motto for
thirty-eight years. His carriages are
stylish, substantial and comfortable.
They cost a little more than some
others, but think of the comfort it is
to know that when you go out driv-
ing your carriage is not going to
break down before you get back.
Then, too, they run easier, last longer,
and are more attractive than a
cheaper rig. Get one and be in the
fashion. For sale at 42 Princess St.

NOTICE.

By order of the HUMAN SOCIETY.

EXTREME TYPE.

Bounties Looked Upon As High Protection.

From Our Own Correspondent.
Ottawa, April 24.—For the most
part yesterday there was a general
discussion in the commons upon the
bounties on iron and steel. The op-
position sought to show before them
were passed that the government had
departed from its old-time traditions,
and were now subscribing to the high-
est form of protection. Mr. Bordelet
pointed out that bounties were the
extreme type of protection.

The opposition caused considerable
amusement by quoting from speeches
of the Hon. William Paterson, deliv-
ered some fourteen years ago. These
afforded just as hearty laughs to his
political friends.

The commons also considered a bill
introduced by Mr. Aylesworth to
amend the railway act chiefly by con-
ferring upon the railway commission
the power to make application to the
minister of justice for the employ-
ment of men when the interests of the
public required it.

Mr. Foster pointed out that the pro-
posed amendment would give the min-
ister of justice a good deal of patron-
age.

Mr. Aylesworth said it was not pro-
posed to make the railway commis-
sion a lawyer's tribunal. The amend-
ment was simply intended to enable
the employment of men in special
cases affecting public interests and in
which railway companies had the ad-
vantage of able lawyers.

W. F. Maclean moved an amendment
naming the attorney-general as the
agency to enforce the railway act.
It was lost on a division by eighty
votes to thirty-eight.

Bather Fish Than Lives.
Utica, N.Y., April 24.—After the pay-
ments of Ernest Perry, a thirteen-year-
old lad, died, he lived with a family
near Piteauin. Yesterday he wanted
to borrow a fishing pole from his grand-
father, explaining that he desired to do
a little trout fishing with some com-
panions. The boy's request was re-
fused. He smashed the pole to pieces,
then made a noose out of a halter and
hanged himself in the barn.

Get Your Bowels to Move.
Now here, a minute, my friend.
You ought to know that you can't
cure pains in the head, or heartburn
and shooting pains in the stomach
with headache powders and liniments.
That stuff you rub on doesn't remove
the cause. You have got to go down
where the trouble is. What you want
to do is to get your bowels to work.
Take three Hutch to-night. Take one
after each meal. It takes out these
pains by stopping the fermentation of
food. It is easily taken, better than
skisars, Sarsaparilla, iron and acid
preparations. Don't lose time fooling
with such things, but start using
Hutch as quickly as you can. It's a
doctor for ten cents.

Beaten on Sensitive Parts of
Their Bodies—The Prosecution
of the Guilty Persons Will Be
Carried Out By the Govern-
ment.

St. Petersburg, April 24.—In the
lower house of parliament, yesterday,
M. Pergament, constitutional demo-
crat, read reports of the interpella-
tion committee regarding charges that
prisoners had been tortured in order
to obtain confessions. Details of
some seventy cases were given. The
prisoners were shown to have been
beaten on sensitive parts of their
bodies with "casseks" whips and rub-
ber rods, while their fingers and
hair were pulled out, the tortures in
many cases being prolonged for eight
or ten days. The vice-minister of the
interior, E. M. Skuratov, replying, as-
sured the house the government had
no intention of overlooking crimes
committed by officials and added that
the prosecution of guilty persons had
already begun.

WHOLESALE BIGAMIST

Dr. John Carver Said to Have
Seventeen Wives.

Marshall, Mich., April 21.—Dr. John
Carver, alleged bigamist, said to
have at least seventeen wives, was
captured at Fort Smith, Ark. Carver
is charged with defrauding his wives
out of \$150,000.

The specific charge on which he was
arrested was that of defrauding Mrs.
Lolo Davis, Battle Creek, of \$25,000.
Carver married her on October 16th,
1906, at Battle Creek. He went with
her to New York, and they decided to
buy a boarding house. He told his
wife to go home and raise all the
money she could on her property and
forward him a draft, and he would
make arrangements to have her come
on in two weeks after all details had
been settled. He got the money, the
wife said, and disappeared. Carver is
located in Chicago, Michigan, Buf-
falo, Grand Rapids, Norfolk and
Saginaw, and officers have been after
him for three years. He is a graduate
of the Pittsburgh Dental College, is
forty years old, and prepared his
witness through a matrimonial bureau.

INDUCEMENTS TO WED.

Children, \$30 and Free Marriage
Certificate.

Kansas City, Mo., April 24.—On
making a count and discovering that
thirteen of the clerks in the court
house are bachelors, Probate Judge
Van B. Prather, of Wyandotte county,
said that there was a hoodoo some-
where which was going to put it to
flight. His first offer of a license and
his service in tying the knot, both
free of charge, brought no applicants.

He has now increased the inducement
by offering \$20 in cash, a marriage li-
cense, ceremony performed free of
charge, and two children for adoption
to any one who will break the spell.

IGNATIEFF'S MURDERER

Sentenced to Eleven Years' Im-
prisonment.

Tver, Russia, April 24.—A court-
martial, yesterday, sentenced a stu-
dent named Ilinsky, the assassin of
Gen. Count Alexis Ignatieff to eleven
years' imprisonment in the mines, and
condemned Talsky, an accomplice
of the murderer, to deportation for
life. The defence protested against the
prisoners being tried by court-mar-
tal, stating that they were to have
been tried by the ordinary law. Tver
is one of the few provinces where no
form of martial law has been pro-
claimed.

AN OFFICER DISCIPLINED.

Sentenced to Month's Arrest For
Insubordination.

Paris, April 24.—Lieut. Maurin, se-
cond in command on the coast de-
fence battleship Valmy, has been or-
dered to undergo a month's close ar-
rest for insubordination of an extra-
ordinary kind.

He and his superior officer were
drawing up a list of sailors to be re-
commended for promotion, when they
quarrelled over some of the names
proposed. Eventually the lieutenant
refused to discuss the matter any
longer, and walked away.

Cathedral In Danger.

London, April 24.—Many of the wor-
shippers at Exeter cathedral have
been alarmed by the creation of a
folding around the south tower for
the purpose of ascertaining the extent of
a crack discovered some time ago.

The crack extends from near the
ground to the battlement. Tremors
have been sunk, but no change in the
foundations has been revealed, and
the cause of the crack cannot be as-
certained. Don't let your faith
be shaken. The external stonework of the tower
is in a very unsatisfactory condi-
tion.

William, is expected to cause the
abandonment of the proposal to hold
an international exposition in Berlin

bility of Germany being drawn into a

the exposition is too great for the
nation to take the risk involved in
arrangements for an international ex-
position.

G. T. Blackstock, K.C., in an ad-
dress before the Cornithian Club, of
Toronto, spoke scathingly of the con-
duct of some members of the Domini-

"in an hotel some time ago, whilst a
lady was signing the register, and at
the same time heard a torrent of im-
pious oaths I ever had to listen to,

ONCE A PREACHER,

But Grew a Miser and Landed on
Garbage.

Montreal, April 24.—The death is
announced of Montreal's most famous
miser, well known in the street as
Steve Brodie. Formerly a minister of
the Church of Scotland, he came to
Canada, years ago, to escape the dan-
gerous liability he incurred as a large
shareholder in the Glasgow bank,
which had failed. He proceeded for a
time in Pictou county, N.S., and later
drifted to Montreal, going into stock
speculation. He was a large holder of

there was a stipulation that he should
keep the grass cut and place flowers

Best found that Best neglected the
work and as a result had to pay for
the care of the animals. Judge McHugh
gave judgment in favor of Abar, but

him. The girl went to his home and
was introduced to Mrs. Ely, so that
she knew that the defendant was not
a single man. In spite of the fact,
