SUFFERED EIGHT YEARS FROM KIDNEYS. Doctor's said Female Trouble. Mrs. Charles Lewis, Collingwood, Ont., writes: "For eight years I suffered from Kidney Complaint, and until twelve months ago doctor said I was suffering from 'Female Trouble.' Last November (1905), I was seriously ill, resulting I believe from kidney troubles. Finding doctor's medicine doing me no good, I persuaded my husband to purchase a box of Doan's Kidney Pills, after having read of a case somewhat resembling mine. I commenced taking them according to directions (not taking the doc- tor's medicine), and on second day a swell- ing commenced in my feet, legs and body. The following day I was so changed and swollen my husband, in alarm, hastened to Dr. Johnson's drug store, who told him to tell me to buy Doan's Kidney Pills, and to keep on taking them. I did so and after taking them a week, the swelling disappeared leav- ing me with a complexion free from pimples, tired, weary feeling gone, constipation, from which I suffered for years, gone, pain in the back, gone, and a general feeling of joy and light-heartedness. I have not felt since a child, took place in me. My sister-in-law (Mrs. Bryan), seeing the action of Doan's Kidney Pills, and the change for good they accomplished in me, sent for a box and they completely cured her. When there is an opportunity of telling people what Doan's Kidney Pills did for us, we al- ways take advantage of it, and tell them to give them a fair trial." Doan's Kidney Pills are 50c. per box or 2 boxes for \$1.00, for sale at all dealers or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

THE SPORT REVIEW PROBABLY THE OLDEST YACHT ON THE LAKES.

Is the Katie Gray of Oswego— Built at Cobourg in 1875— General Notes on Sports. Oswego Palladium. When the yacht Katie Gray shipped into the water at the Yacht Club, Saturday, it marked the beginning of her twenty-fifth season as a member of the local fleet. The Gray is known from one end of Lake Ontario to the other and is probably one of, if not the oldest, yacht afloat on the great lakes. Never does she sail into any of the harbors on the summer cruises that some old yachtsman, who has long ago joined the veranda squad, does at Kinging. It is the Katie Gray? Despite her long service, however, she is still a remarkably staunch craft, and with her favorite breeze, over the quarter, can show her best at most of the modern racing machines. The Gray was built at Cobourg, Ont., in 1875 by Alexander Outburt, a designer of international reputa- tion. She was made for Campbell, Benson & Co., of Belleville, Ont., and they sailed her until 1882, when she was purchased by Ross Cummings, of Trenton. He retained possession of her until the latter part of August that year, when he sold her to the late W. B. Phelps, of this city, and it was then that she first flew the flag of the Oswego Yacht Club. Even at that time the Gray had a great record. She won the championship of the Bay of Quinte in 1876 and the Toronto races in 1879, getting a silver tea- set and \$100 as a prize. She beat the Ella at Kinging in 1879 for \$200 a side in a race that is still remembered and discussed by the veteran yachts- men. The Surprise fell a victim to her in 1878 in a \$200 a side race, and in 1882 she won the Oswego regatta. For a number of years after that she was also the champion of the Oswego fleet. All of the yachts with which the Gray competed in her racing days are now but a memory. No more in these waters is seen the Cynosot, of Toron- to, with Capt. Hugh L. Dennis at the tiller; the Gladstone, of Oswego, with Don Claus; the Laura, of Oswego, Capt. Allen Ames; the Cricket, of Os-wego, Capt. John T. Mott; the Gracie, of Belleville, Capt. R. M. Roy, or the Ella, of Oswego, Capt. Nelson Stone. These are but a few of the old-time craft to which the Gray used to show her heels when she first became a member of the local fleet. Those were good old days in the yachting circles, and if the Katie could but tell the story of her experiences it would be equal in interest to one of Morg. Robertson's sea stories. She has twice been nearly entirely rebuilt in the quarter of a century that she has called Oswego her home port, but she retains her old lines, and from Ni- agara to the Cape is recognized as "the mammy of them all."

THE MONTE CARLO Jockey club's spring meet is to be one of the largest ever held in Canada. The fastest horses on the continent will compete. Rev. U. certificates cannot enter.

Public Notice. To the People of Kingston. All persons in Kingston must hold themselves responsible for any weak- ness or suffering caused from old age, chronic coughs or colds, bronchitis, weak lungs, run-down conditions, sto- mach troubles, nervousness or poor blood, by being willing to take all that the real cod liver preparation, Vinol, and return their money if it does not benefit. The reason Vinol is so successful in restoring health and creating strength is because it contains in addition to tonic iron all the medicinal elements of cod liver oil actually taken from fresh cods' livers, but without oil or grease to upset the stomach and re- tard its work. Unlike old-fashioned cod liver oil and emulsions, it is the most palat- able, agreeable to the weakest stom- ach, therefore, unequalled as a strength creator and tonic reconstruc- tor. Our local druggist, Geo. W. Mahood, says: "It is because we know so well what Vinol is made of, we ask every run-down, nervous, de- bilitated, aged or weak person in Kingston, and every person suffering from such troubles, as hanging-on coughs, bronchitis, or incipient con- sumption to try Vinol on our guar- antee." Geo. W. Mahood, Druggist.

The Two Great Marathons Athens Boston Date—May 1st, 1906. Distance—26 miles. Time—2 hours 51 minutes. Average rate per mile—6.34. Sherring won by 14 miles. Sherring stopped to walk twice. Sherring took lead at 20 miles. Number of contestants—51. Sherring's age—27. Sherring's weight—122. Sherring's height—5 feet 6 inches. Spectators—150,000. Course—Hilly. Temperature—80½ degrees.

Had Sherring been a contestant Boston and maintained the same pace as he did at Athens, Longboat would have beaten him by 3-6 miles. Longboat ran his race at an average rate of 1.39 faster per mile than Sherring did at Athens. Sherring was second in the Boston Marathon race in 1900, when the race was won in 2:41 3-5. He was a long distance ahead when he collapsed and did not revive for eight minutes.

LIONESS SCARED TERRORIZED BY BOY COL- LIDES WITH WOMAN.

Loots Butcher's Cart—Ultimately Runs Up to Her Trainer and Trots Home By His Side. Paris, April 23.—An anaemic lioness who escaped from a menagerie at Reims yesterday has disgraced forever the magnificent traditions of her kind. She had been restive for some days and when her keeper was stooping in the cage she gave him a gentle push, knocked him over and escaped through the open door. She was somewhat be- wildered by her sudden liberty, and in her excitement made a dash for the market place, knocking down a small child on the way. The child, a particu- larly bad-tempered youngster, picked itself up and threw stones after her. This caused the lioness to hurry, and in her terror she came into col- lision with an old woman, who was knocked over by superior weight. Then a brave young man appeared in the way and said "Shoo!" where- upon the lioness bolted down a side- street, causing great consternation. She overtook a butcher's cart, and the butcher boy fled in terror, leaving his goods to the lioness, who stopped to enjoy a good round meal. The butcher boy spread the alarm that an entire menagerie was loose in the streets. The timorous shut them- selves up in the houses, but a few of the braver spirits determined for the first time to enjoy the delights of big game hunting. They were led by an artilleryman with a drawn sword, and several peasants with rook rifles and pistols brought up the rear. The lioness, having finished her meal strolled into the market place, to the consternation of the women shop- pers, who were quite unaware of her pacific intentions. Her pursuers did not dare to go near her, but fired several ineffective shots from a distance. The mayor then came on the scene, and pro- nounced the animal to be a particu- larly furious beast. He called out a squad of soldiers, and they with the keeper of the lioness at their head, came up with the beast in a blind alley. When the lioness saw her keeper she ran up to him and rubbed her head affectionately against him before trotting home at his side.

Died Of Diphtheria. Mississippi, April 23.—On Monday morning, 15th inst., the death came very suddenly to the home of Mrs. D. Hannah of this place and claimed Lo- la, her twelve-year-old girl, after a short illness of diphtheria. Joseph Scott, A. Gibson, William Riddell, Thomas Riddell and Joseph Steele left for Cobalt, last week. On Friday of last week, D. M. McKinnon treated the school children to a sugar party in the woods, which was enjoyed to the extreme. The mill opens to-day for the season. Among those who enter- tained last week were Mrs. Hannah on Monday evening, Misses V. and M. Allan on Wednesday evening, E. Woodman, Wolfe Island, in town last week on business. John Crawford, Flower, spent Sunday in this place.

"ARE FACING A MIGHTY PROBLEM?" "We Cannot Afford to Be Longer Indifferent or Inactive in so Important a Matter by the use of Psychine. These are the worst times for the Ontario legislature on the floor of the house regarding legislation to aid in saving thousands of lives that are very need- lessly sacrificed every year. In an earnest speech, J. P. Downey, M.P.P. for South Wellington, further said: "We must stem the terrible tide of this plague in our province. We must determine what public measures can most effectually be taken on the mat- ter, independent of economic and financial considerations." And he is right! Five million people, the an- nually of consumption, eight or ten thousand of whom are Canadian citi- zens. This is an awful record for a young country. The majority of these lives could be saved, even after they have developed lung trouble, by the use of Psychine. Ninety per cent. of the cases could be absolutely prevent- ed from ever reaching the consump- tion stage by using Psychine. It is the most remarkable remedy of to-day for the cure of influenza, colds, coughs, catarrh, chills, pneumonia, stomach trouble, and all run-down and wasted conditions. These are in- variably the forerunners of consump- tion, and this is the absolutely safe stage in which to stop this disease. Build up your system by the use of Psychine, the greatest tonic, system- builder, and blood purifier known to medical science. "I think there is no medicine like Psychine. I had a hacking cough, and when I would draw a breath, a whooshing noise in my lungs. I seemed to be getting worse till I was threat- ened with consumption. Then I started to use Psychine, and after using one bottle I breathed much easier and the whooshing noise in my lungs, I cannot praise Psychine too highly."

"MRS. HENRY SENSE. "Palmerston, Ont." You may be the next victim if you neglect that cough or cold, or that run-down condition of health, the in- evitably leads to consumption. Psychine will save you. It has no equal as a spring tonic and blood purifier. Take it now. At all druggists, 50c. and \$1. at Dr. J. C. Stoum Limited, 179 King street west, To- ronto.
