## STRIKES IN WEST

### HAMILTON HAS ITS USUAL LABOR TROUBLES.

**Painters Are Out—St. Catharines and Brantford Also Involved—Quiet in Quebec.**

Hamilton, May 1.—Hamilton had its usual May day strike, to-day, the members of the painters' union failing to show up for work this morning. Some time ago, the painters made a demand that their wages be increased from thirty to forty cents an hour. At first the bosses refused to give any increase, but finally decided to offer them thirty-five cents an hour. The offer was refused and a strike consequently was ordered this morning. About 150 men are affected. As yet, there is no prospect of settlement.

There is a prospect of the plumbers going out to-morrow or Friday. They have asked for an increase of thirty-five or forty cents an hour, and the bosses will not agree to pay them more than thirty-seven and one-half cents an hour, and the prospects of an amicable settlement are far from being bright. The union will meet to-night and it will be decided whether or not there is to be a strike.

The tinsmiths and foundrymen have not yet settled their differences, but they are likely to do so to-day, as there is no danger of a strike of any of the other building trades. The bricklayers, masons, carpenters and others all have made agreements with the bosses which will carry them over for another year at least. In nearly every case they demanded and received increases.

### St. Catharines Carpenters.

St. Catharines, May 1.—All the carpenters of the city went out on strike this morning. The men have been receiving twenty-seven and one-half to thirty cents per hour. They ask for thirty-five cents. The builders offer as a compromise thirty-two and one-half cents and it is hoped an agreement will be reached within a day or two.

### Brantford Carpenters Strike.

Brantford, May 1.—The union carpenters are out on strike, this morning, for an increase of ten cents on their present minimum. The millwrights at the Buck stove works are still out. Everything is quiet and peaceful throughout the city.

### Quiet in Quebec.

Quebec, May 1.—Everything is quiet in labor circles here to-day. No strikes or lockouts are in progress or threatened.

### All Quiet in London.

London, Ont., May 1.—Everything in labor circles appears to be quiet here to-day.

### Some Trouble in Toronto.

Toronto, May 1.—May day did not bring many labor troubles to-day. Only one strike occurred that of the lathers, about one hundred of whom went out for an increase of from \$2.75 to \$3.00 per day, and an eight hour day. The employers are standing firm. The locked-out cab drivers are still out, the livery men absolutely refuse to go to arbitration. The same situation exists in regard to the picture framers. The bosses refuse to accede to their demands and the men remain on strike.

### Strike on Steamships.

New York, May 1.—With labor perfectly satisfied with conditions as they exist, the only fresh May day trouble there was a strike of first, second and third officers on seventeen of the coast-wise steamship lines.

### Sympathy Strike in Chicago.

Chicago, May 1.—The first strike ushered in by May day in Chicago, was called yesterday on a new plan of the Western Electric company, at Hawthorne. It was a sympathetic strike.

### MAY DAY MATTERS.

#### Socialists Agree Not to Carry Red Flags.

Montreal, May 1.—The police authorities have received notice that notwithstanding the understanding that was supposed to have been reached last night, by which the socialist accepted Mayor Ekers' suggestion, to refrain from holding a parade and demonstration to-night, they will march to the Champ de Mars in a body, the only exception, from their original plans being that the red flag will not be carried. In consequence all police officers and reserves have been notified to be on duty throughout the day, and to-night, in anticipation of the troubles which it has threatened will occur if the parade takes place.

#### Michael Reff's Body Found.

Cape Vincent, N.Y., May 1.—The body of Michael Reff, of this village, an employee of the state fish hatchery at First lake, Fulton Chain, who was drowned, Monday, was recovered, yesterday, and was brought here. He was a veteran of the civil war and was sixty-two years old. He leaves four daughters and one son.

#### Steamship Arrival.

Father Point, Que., May 1.—S.S. Shenona, Donaldson line, from Glasgow inward, 5.55 a.m., 134 cabin, 470 steerage passengers. Capt. McNeil reports entering the first pack ice fifty miles east of Cape Bay and clearing the ice forty-five miles west of Bird Rock.

#### Has No Power.

Ottawa, May 1.—Judge Talbot ruled, this morning, that he had no power to grant a reserved order in the case of the Buckingham rioters, discharged yesterday. The prosecution must appeal for it through the attorney-general.

#### In Far Off San Francisco.

San Francisco, Cal., May 1.—Seven thousand men affiliated with the trades council are on strike this morning. Of the number 4,000 are located in San Francisco.

## MILK MAY BE CURDLED.

### Over-Trouble Between Producers and Retailers.

Toronto, May 1.—The trouble between the milk-producers for Toronto, and the retailers, developed more seriously than had been anticipated, this morning. The producers want \$1.30 for an eight-gallon can, and the retailers are not willing to pay more than \$1.15. As a result of the difference, there was some shortage of milk in Toronto to-day. Farmers, in some instances, employed peculiar methods to force up the price. Milk wagons, on their way to the city, were stopped and the drivers persuaded to turn back and not to deliver the milk. One driver, who had been able to secure two cans, was offered \$10 a can to spill the milk on the road. It was estimated the milkers received eighty per cent of the usual supply. In some cases customers got a little less milk than usual, but few were neglected.

### ARTHUR I. VOYTS.

State Superintendent of Insurance, of Indiana, and the main Secretary of War Taft has selected to manage his campaign for the presidential nomination to succeed President Roosevelt next year. He not yet settled their differences, but they are likely to do so to-day, as there is no danger of a strike of any of the other building trades.

### INCIDENTS OF THE DAY.

#### Newly Paragaphs Picked Up By Reporters On Their Rounds.

Two new recruits were taken on at the R.C.H.A. this morning. Williams Swaine, piano tuner. Orders received at McAuley's, 'Phone 775.

#### Queen's Alumni Conference.

Yesterday afternoon, Queen's University Theological Alumni conference committee met and arranged for the programme for next November's gathering. A number of new men have been secured to take part in the deliberations. One of these is Rev. George Jackson, Toronto, formerly of Edinburgh, Scotland. There will be a conference on church union, in which leading representatives of the various denominations will take part. Rev. Prof. Jordan, of Queen's, will again be the chancellor's lecturer, and will deal with old testament history, in which he is so thorough.

#### Death Of K. W. Snider.

The death has occurred at Calgary of K. W. Snider, photographer, lately of Kingston. He went to the west in the hope of staying the advance of declining health, but without permanent relief. He has been taken away sadly in the prime of life, leaving a wife, who had him in affectionate care throughout his illness. The body is expected to arrive on Friday; funeral from his mother's residence at Odessa on Saturday.

#### Victorian Nurse's Report.

The report of the local Victorian nurse for April shows that the number of cases coming to her notice was eleven, of whom five were able to pay fees and six were cared for free. The patients were Roman Catholics, 2; Presbyterians, 2; Episcopalians, 3; Congregationalist, 1; Methodist, 1; Hebrews, 2. The amount of fees collected during the month was \$7. Mrs. W. H. Mitchell and Mrs. Manning contributed gifts of clothes.

#### Dogs Must Behave.

A second complaint has been made to the police about dogs barking at horses on the streets, and the police have notified the owners of the troublesome canines that they will have to chain their pets up or get rid of them. Horses are apt to run away and cause considerable damage when annoyed by dogs.

#### Junior Baseballers.

At a meeting of the junior baseball team, held Tuesday night, in the Y.M.C.A., Moses Lieberman was elected captain, and J. McDermott, manager. The boys have been turning out to practice, and are getting in fine trim for the coming matches.

#### Price Of Milk Dropped.

The price of milk dropped this morning from six to five cents a quart. The change in price is due to the fact that the cows are in many places subsisting on the pastures. The price of cream remains unchanged, 30c. to 40c. a quart.

#### Addressed Workingmen.

Thomas N. Boutney paid a visit to the locomotive works at 12.30 o'clock to-day, and gave a half an hour's talk to the workmen on the temperance question. The address was much appreciated by the men.

#### Transferred To Toronto.

Sergt. H. E. Law, of No. 3 detachment, P.A.M.C., has been transferred to No. 2 detachment, Stanley Barracks, Toronto. He left for the Queen City Tuesday night.

#### Street Car In Trouble.

The depot car ran off the track near the C.T.R. junction, about eleven o'clock to-day. The four wheels left the track and it took nearly two hours to replace the car on the rails. The car was running again at one o'clock.

#### Surveyors Examinations.

The Dominion land surveyors' examinations started in Convocation Hall this morning at nine o'clock. There are eleven Queen's graduates writing. The candidates are required to cover the various subjects of their science course, several lesser branches being added. Dr. Klotz, Ottawa, is examiner.

## STRIKE IN OTTAWA

### BRICKLAYERS AND MASONS GO OUT.

**Unrest in Other Building Trades—C.P.R. Employees Settle—Canadian Club Down on W. T. Stead.**

Ottawa, May 1.—The labor situation in Ottawa has resolved itself into but one strike out of many rumors. Sixty-three bricklayers and one hundred and thirty stonemasons have struck. They have been paid forty-five cents an hour and demand fifty cents. The contractors' association is firm in its refusal of the men's requests. The government contracts here would be seriously affected by a rise of wages to these men, particularly the new museum in course of erection. It is estimated it would mean about \$40,000 on that building alone, if the men went out.

There is unrest in other circles of the building trades, but the plumbers have come to an agreement. Last year the wages ran from thirty cents to thirty-five cents per hour. The men asked an increase to a minimum of thirty-eight cents, but a compromise was effected at thirty-five cents. Plasterers got forty cents and have no kick. Painters get this year twenty-seven and thirty cents an hour for fifty hours a week, which is about as last year. Builders' laborers are getting twenty-two cents per hour and are demanding twenty-eight cents, but will probably compromise at twenty-five cents on June 1st. Carpenters wages vary from twenty-two and a half cents to forty cents an hour. They are asking thirty-five cents, with forty cents for boss mechanics, but their organization is a little out of shape, though they talk of striking ere this month is out. The trackmen and checkers at the C.P.R. freight sheds who had been threatened, yesterday, to strike for \$1.65, but effected a compromise between the two amounts. The civil service will meet by delegation next Monday to organize for securing adequate representation before the civil service commissioners. This means the formation of a union with a view to raise pay and better conditions in the government employment.

At the annual meeting of the Canadian club a proposal to invite W. T. Stead to Ottawa was turned down owing to his unapologetic conduct during the Boer war. The president elected for this year is Hamet P. Hill.
