RUPTURE

New Scientific Appliance, Always a Perfect Fit—Adjustable to Any Size Person—Easy, Comfortable, Never Slips, No Obnoxious Springs or Pads—Costs Less Than Many Common Trusses—Made For Men, Women or Children.

SENT ON TRIAL

I have invented a rupture appliance that I can safely say, by 30 years' ex- perience in the rupture business, is the

C. E. Brooks, the Inventor.

only one that will absolutely hold the rupture and never slip and yet is light, comfortable and conforms to every movement of the body without chafing, or hurting and costs less than many ordinary trusses. There are no springs, or hard, lumpy pads and yet it holds the rupture safely and firmly without pain or inconvenience. I have put the price so low that any person, rich or poor, can buy, and I absolutely guaran- tee it.

I make it to your order—send it to you—you wear it and if it doesn't satisfy you send it back to me and I will refund your money.

This is the fairest proposition ever made by a rupture specialist. The banks or any responsible citizen in Marshall will tell you that is the way to do busi- ness—always absolutely on the square. If you have tried most everything else, come to me. Where others fail is where I have my greatest success. Write me today and I will send you my book on Rupture and its Cure, showing my ap- pliance and giving you prices and names of people who have tried and been cured. It is instant relief when all others fail. Remember I use no salves, no liniments, no leeches, no surgical business deal at a reasonable price.

C. E. Brooks, 4964 Brooks Bldg., Marshall, Mich.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

Any even numbered section of Dominion lands in Manitoba or the North- west Provinces excepting 8 and 28, not reserved, may be homesteaded by any person, male or female, of a family, or ma- jor over 18 years of age, the extent of one-quarter section, of 160 acres, more or less.

Application for homestead entry or for a lease must be made in person by the applicant at the office of the local Agent or Sub-agent.

An application for entry or inspection made personally at any Sub-agent's office may be witnessed by the local Agent or Sub-agent, at the expense of the ap- plicant, and if the land applied for is in a remote locality, the Sub-agent's application is to have priority and the land will be reserved until the necessary papers to complete the transaction are received by mail.

In case of "persecution" the entry will be summarily cancelled and the appli- cant will forfeit all priority of claim.

An applicant for inspection must be eligible for homestead entry, and only one application for inspection may be received from an individual until that applicant has been disposed of.

A homesteader whose entry is in good standing and not liable to cancellation may, subject to approval of Department, relinquish it in favour of father, mother, son, daughter, brother or sister, if eligible, but to no one else, on filing de- claration of abandonment.

Where an entry is summarily cancelled or voluntarily abandoned, subsequent to institution of proceedings, the applicant for inspection will be entitled to priority of entry.

Applicants for inspection must state in their applications the homesteader is in default, and if summarily cancelled, the homesteader is in default, and if summarily cancelled, the homesteader is in default, and if summarily cancelled, the homesteader is in default.

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is dead) of homesteader resides upon a farm in the vicinity of the land to be homesteaded, the homesteader is required to reside with such person during the term of three years.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirement may be satisfied by evidence upon such land.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of De- partment Lands at Ottawa, of his inten- tion to do so.

WEST MINING REGULATIONS.

Coal—Coal lands may be purchased at 10 per acre for soft coal and \$20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz—A person eighteen years of age, or over, having discovered mineral in place, may locate a claim, 1,500x1,500 feet.

The fee for recording a claim is \$1. At least \$100 must be expended on the claim each year or paid to the minister recorder in lieu thereof. When \$500 has been expended or paid, the locator may, upon having survey made, and upon complying with other requirements, purchase the land at \$1 per acre.

An applicant may obtain two leases to dredge for gold of five miles each for a term of twenty years, renewable at the discretion of the Minister of the Interior. One lease may have a dredge in oper- ation within one square mile of the lease for each five miles. Rental 10 per cent for each mile of lease. Royalty at the rate of 2 1/2 per cent on the output after it ex- ceeds \$10,000.

W. W. CORY, Deputy of the Minister of the Interior. N.B.—Unauthorized publication of this advertisement will not be paid for.

T. McAuley HAS REMOVED TO: 93 Princess St. Between Corbett's Hardware Store and Taylor & Hamilton's, directly opposite An- grove's.

NEWS OF NEIGHBORS

WHAT WHIG CORRESPONDENTS TELL US

The Tidings From Various Points in Eastern Ontario—What People Are Doing And What They Are Saying.

Poisoning Dogs.

Eagle Hill, April 27.—The heavy fall of snow Thursday has disappeared and roads are in a bad condition. James Irwin has returned from Cobalt, where he has been spending the winter. J. R. Peffer has purchased a Uneda cream separator from R. Ferguson, D. Villeneuf, Cobalt. It is spending a few days at T. Lindsay's. Several valuable dogs have been poisoned lately. S. Hawley, Cloyne, was through this vicinity engaging men for the drive. The lady party, T. Lindsay, Saturday evening, was a success. Our school is about to change teachers shortly. R. Heed, Cloyne, made a business trip through here last week. Mrs. Jean- nie, who is a guest at the Ferguson house, Sunday, Mrs. P. Plotz spent Sunday at J. Irvine's; also N. Irvine, of Pleasant Valley.

Wilton Jettings.

Wilton, May 1.—J. B. Sanderson has purchased C. Ward's farm, and will move there from the village. There was no service in the Presbyterian church last Sunday owing to the absence of Rev. G. Milligan, who is in Fredericton, in attendance on his mother, who is seriously ill. Mrs. C. W. Bullock and two children returned, on Monday, to their home, in Lyn, after a month's visit at Mrs. Bullock's, W. H. Neilson, Miss John- stone, Picton, is visiting her sister, Mrs. R. A. Whittam. Sunday after- noon Rev. R. A. Whittam conducted services for the I.O.O.F., in the Meth- uen Methodist church at Odessa. Mrs. W. Jordan, Campbellford, is with her moth- er, Mrs. Thomas Mills, who has been very ill, but is recovering. Harvey Mills, Sr., has been ill again, but is better.

Petworth Notes.

Petworth, April 29.—The trustees are improving the school house by putting in a clock, new slate black- boards and other equipments. The cheese factory here was reopened to- day, who has rented part of E. Gar- dy, under G. W. Bishop of Sharbot- town's house and moved his family here for the summer. The farmers are not making much headway with spring work, on account of the cold atmosphere. W. Ashley and W. Cole have finished their contract and re- turned home. Rumor speaks of a double wedding, between Mr. J. H. Harrison, at C. Davy's; Mr. and Mrs. W. Garrison and baby, at E. Garrison's; A. Ward of Harrow- smith, at J. Carr's; H. Irish at J. Laken's; and Mr. and Mrs. Barry, rowsmith, at G. Bishop's; Miss Nellie and Danford Laken spent Sunday at Harrowsmith and brought home their little nephew, Lyle. Mr. and Mrs. W. Ashley and Violet spent Sunday at Pleasant Valley.

Sad Death At Sangster.

Sangster, April 30.—Sangster has lost by death one of its most esteem- ed residents, in the person of Mrs. James Barrett. The deceased, whose maiden name was Ellen Watt of Pet- worth, was highly respected and very active in time of sickness and trou- ble. She taught school for many years before settling down in Sangster. For many years she had been secretary of Glendower cheese factory and at the time of her death was secretary of the public schools. She will be greatly missed in the surround- ing neighborhood. Mrs. Barrett was mourned eight children, four boys and four girls, also an aged mother, who resided with her, and five sisters, who live in Syracuse, one of whom, Mrs. Gus. Callahan, arrived here on Wed- nesday, for her funeral was largely attended, on Wednesday, April 24th, when her earthly remains were taken to the Sacred Heart church, where a solemn requiem mass was sung by Father Le Cle, Bolton, and Father Le Neilson, Sangster.

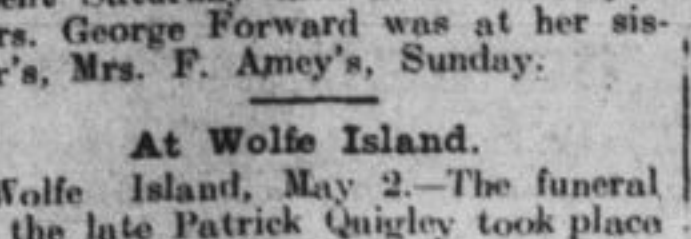

Ernesttown Doings.

Ernesttown Station, May 1.—Farm- ers report the land to be in excellent condition for seeding. Yesterday's rain was a boon to meadows and pas- ture lands. F. Laidley had a number of men at work putting up the hay racks which was blown down in the recent gale. Mrs. Barlow has re- signed his position on the G.T.R., and has taken up farming on Jesse Amey's farm on shares. Mrs. Mortimer Kilgannon and children, have left here for Burlington where her hus- band is employed as section foreman on the G.T.R. They will be greatly missed by their many friends who wish them success in their new sphere of labor. Rev. Mr. McNameis gave a very entertaining lecture with views on the life of John Wesley, last Fri- day evening. Rev. Mr. Glover has re- turned from Edmonton, and has re- turned his work here. A cordial wel- come was extended to him on Wed- nesday last. Alfred Amey has greatly improved the appearance of his resi- dence, and surroundings by a generous coat of paint and wire fencing. Mr. and Mrs. C. Young have moved from Bath to take charge of P. F. factory. F. Cummings and S. Amey have opened up sand pits on their farms. F.

Ham purchased a gasoline launch in Toronto, and is now engaged building a house for it on the shores of the Bay of Quinte, at Bath. Our genial miller, D. Woodruff, is leaving for Odessa. His departure is much re- gretted. W. McLymont has taken the contract for painting C. Forward's buildings at Millhaven. F. Amey pur- poses going more extensively into the manufacture of tires. Mrs. Slink is vis- iting her daughter, Mrs. F. Ham, af- ter spending the winter in Brockville, with her nephew, R. Bowman. Mrs. Sarah Amey, Kingston, and Mr. and Mrs. Somerville, Odessa, were guests at R. Sloan's, Odessa, who guests and Mrs. Slink and Miss M. Ham, spent Saturday last at F. Laidley's. Mrs. George Forward was at her sis- ter's, Mrs. F. Amey's, Sunday.

At Wolfe Island.

Wolfe Island, May 2.—The funeral of the late Patrick Quigley took place on Sunday at two o'clock, at the Church of the Sacred Heart, Marys-

HON. CHARLES DESBRY, President Roosevelt has selected him for the consul-generalship of Shanghai, China, one of the most important diplo- matic posts in the Orient.

Desbry was one of the island's oldest pioneers, and had reached the age of ninety-three years. The funeral was largely attended. The funeral of the two-year-old son of Patrick Toban took place on Thursday at the Roman Catholic church, John King- ley writes home from Edmonton, N.W.T., stating that he likes the coun- try very much, but says the spring is somewhat backward, and like other boys social at the residence of G. Friend, on Wednesday last, was well attended, and there was realized about \$25 for the English church. We extend congratulations to Dr. Arthur Spankie, who passed with honors at the recent examinations. D. Horne has bought the F. Herow farm and will move there shortly. He also pur- chased a representative of the Montreal Gazette to give his views on the dairy produce situation in Great Britain and on such a gigantic scale—for when I say gigantic, I mean that when 500 to 1,500 shops, or possibly more, all over the United Kingdom are selling at re- tail at under the wholesale price, the market stands on its head, heels up. A drop from 70s. wholesale, or 8d. (78s.) retail, to 55s. retail is a big tumble, and so will a drop from 10c. wholesale, Montreal, to 10c. in any country markets be. And it looks as though we will strike 10c. very short- ly. That, however, will be a good price and will pay the farmers hand- somely.

Burrige Reports.

Burrige, May 2.—The cheese fac- tory has again begun the season's work under the care of G. Mustard. A number from here attended the box social, at Althorpe on Wednesday evening last. An accident occurred on Sunday evening last in which one of the Burrige boys while out driving met the misfortune of his team run- ning away. The couple were not hurt. Samuel Barr of Fenelon Falls, is vis- iting relatives here after an absence of about twenty-four years. His many friends are delighted to welcome him back.

An Electric Harvest.

At Pontiac, Mich., some fellows found use for electricity. Michigan has a fish protection law, thought to be "horse high, bull strong and pig proof. They were bringing in a lot of fish, evidently not caught with a hook or spear, and a watch was set on them by the game warden, and they didn't have any net or seine, and how they got the fish was a mys- tery until it was discovered that they were working Pine lake by the subtle fluid. They had tapped a traction company wire a thousand feet from the lake, and run wire into the lake, practically converting a large section of the water into a highly charged wet battery. All fish that happened to swim within the charged area were electrocuted, and the scientific fisher- men had only to gather them up and haul them off to town. The men were punished for stealing the electric cur- rent, but they have opened up a new field for enterprise.

Queer Investments.

Montreal Star. Mr. Turiff, M.P., for a western con- sultancy, tells the railway commis- sion that if the road in the west were to spend on the tracks and in equipment and rolling stock, the money they receive for the land given them as subsidies, the break down in their systems would exist. Instead of that, he says, what the own- ers do not pocket they invest in South America, and in newspapers. These railway magnates must have an amazingly queer taste in investments.

The Mark That Tells

Pen-Angle trade- mark (in red) on every Pen-Angle garment, tells you it will stand won't shrink, your own dealer so guarantees it. Underwear thus trademarked is softer, warmer, more flexible, better wearing.

Have One Doctor

No sense in running from one doctor to another. Select the best one, then stand by him. Do not delay, but con- sult him in time when you are sick. Ask his opinion of Ayer's Cherry Pectoral for coughs and colds. Then use it or not, just as he says.

W. C. Ayer & Co., Lowell, Mass., U.S.A.

Tips For The Farmers

BY UNCLE JOHN.

the prospects for Canadian dairy pro- duce this season, Mr. Ayer says: "There are very few years in which the situation is clear at this season of the year, and this year it is about as mixed as it can be. The fight be- tween the big shops and the little grocers and between the various com- bines of big dealers is going merrily on to the delight of the farmer and the consternation of the merchant or re- tailer who would like to make a little profit. When the thunderbolt came from Lipton out of a clear sky, or what was supposed to be a firm mar- ket, suddenly reducing the price to 7d retail for cheese, there were a good many exclamations of what does it mean? This coup was, however, fol- lowed by someone reducing the price to sixpence halfpenny, and then on Monday of this week another big concern reduced the wholesale price to 6d. In other words, the wholesale price is 6s. to 65s., while the retail price is 56s. per cwt. Now, Mr. Editor, will you just figure out how much profit there is in this and let me know when you find out."

"What, then, are the prospects for Canadian cheese?" Mr. Ayer, was asked.

"The market," Mr. Ayer replied, "looks to me like a country board going in this fashion—first bid, 11c.; second bid, 10 3/4c. third bid, 10c. What would the farmers say to this style of business, and this is really the style as pictured above, which is going on in Great Britain at the present moment. Can any man predict in view of such unheard of conditions?

Two reasons for increase of tubercu- losis on dairy farms are: Cow barns are not allowed sufficient air; dairymen allow their heifers to breed too young. They should be three years old at least.

Success with any crop depends largely upon how the work of planting and cultivating is done.

The principal dairy boards have opened for the season at high prices, for both cheese and butter.

A. A. Ayer, head of the A. A. Ayer & Co., Limited, and president of the Montreal Produce Merchants' associa- tion, has just returned from a trip to Great Britain. Mr. Ayer left Mon- treal on March 1st, and has since visited the principal points in the United Kingdom, closely studying the dairy produce situation. From his long connection with the trade and his prominence in the business world, Mr. Ayer's views are of special in- terest and importance. When asked by a representative of the Montreal Gazette to give his views on the dairy produce situation in Great Britain and on such a gigantic scale—for when I say gigantic, I mean that when 500 to 1,500 shops, or possibly more, all over the United Kingdom are selling at re- tail at under the wholesale price, the market stands on its head, heels up. A drop from 70s. wholesale, or 8d. (78s.) retail, to 55s. retail is a big tumble, and so will a drop from 10c. wholesale, Montreal, to 10c. in any country markets be. And it looks as though we will strike 10c. very short- ly. That, however, will be a good price and will pay the farmers hand- somely.
