SEA-ROAMING FOR CARGO.
Arrives With Ballast Taken on in France.

Sydney, May 8.—The French ship Notre Dame d'Arvor, which has just arrived in Sydney harbor, has been searching the world for a cargo for nearly twelve months. She sailed in ballast from France at the instance of the French government, which, when the surprise was informed orders would be awaiting him. After an uneventful passage she arrived there with quite a fleet of other French bounty-fed ships, and as there was no prospect of cargo, the ship was instructed to proceed to Puget Sound on the chance of securing a cargo there.

Once again, however, she was disappointed, and has now returned to Sydney with the same ballast that she carried when she originally sailed from France.
