BOARD OF EDUCATION

RECEIVES THE PROPOSAL OF QUEEN'S.

Regarding Use of the Schools For Pedagogy—Board Will Not Allow Authority Over Classes and Teachers to Pass From It.

Last evening the Board of Education had before it the memorandum of agreement proposed by Queen's University in regard to the use of the schools in the faculty of pedagogy.

The matter was only briefly discussed as it was referred to the management committee for the purpose of making a full report presented to the board at another meeting.

1.—The university shall pay to the teachers in the employ of the board the following amounts, to ensure an efficient staff:

Collegiate Institute.—To the principal, \$300; to the principal as senior science teacher, \$200; to senior English teacher, \$200; to senior mathematics teacher, \$200; to senior classics teacher, \$200; to senior moderns teacher, \$100. Total \$1,300.

Victoria Public School.—To the principal, \$200; to the seven teachers, \$20 each, \$320. Total \$520.

2.—The university shall pay to the board the following amounts: Instruction in commercial work, \$200; instruction in manual training, \$200; instruction in domestic science, \$200. Total \$600.

3.—The board shall permit the Collegiate Institute and Victoria public school to be used by the students of the Normal college for practical instruction in the art of teaching and for observation and supply necessary accommodation for the Normal college students.

4.—That if a second public school is required, it shall be used on the same terms as the Victoria school.

5.—The appointment of the teachers in these schools shall as heretofore remain with the board of education, who shall appoint an efficient teacher to each of the classes, who shall be required by the regulations of the education department give the necessary lectures on methods and conduct examinations.

6.—That the classes in the two schools shall be available for practical teaching for three teaching periods of not more than thirty minutes per day.

7.—That the time-table for observation and practical teaching by the Normal college students shall be arranged by the dean of the Normal college in consultation with the principal of each school.

8.—That this agreement shall be in effect for three years from July 1st, 1907.

The opinion prevailed that while all possible assistance should be given the pedagogy department, the control of the schools and the teachers must remain absolutely with the board, and that the board would have to be fully recompensed for every bit of additional expenditure required in bringing the schools up to the standard required by the pedagogy faculty.

Mr. Godwin declared that the university must not fix the amount to be paid to teachers. Whatever the money consisted of, it must be handed over to the board of education to expend as it deems best.

Mr. Medley, said that he was opposed to the whole proposed arrangement as the school classes would be interfered with too much. If it was decided to give the use of the schools, then the control should be in the hands of the board.

Mr. Meek pointed out that a great deal of information must first be secured by the management committee before the proposal could be approached intelligently by the teachers. He was anxious that the school of pedagogy should be safely established, but with as little danger to the schools as possible. It would be better to make an agreement for a year first.

As to finances, the board would be put to heavy expenditure in providing for extra accommodation for the teachers-students and for equipping the domestic science and manual training departments. The memorandum submitted by Queen's contained no sum for the caretakers of the schools, who would require to perform extra labor. As to the establishment of the above two named departments, he didn't think it was the duty of the board to hunt for the money necessary. Let Queen's authorities go to the city council and do the begging.

When the matter came before the management committee, he was prepared to move a number of amendments to the memorandum submitted.

Dr. Richardson said he thought that the pedagogy department would result in making the local schools more efficient. The board, however, must have the control of its schools and teachers. It should receive the money grant from Queen's and dispose of it as it thinks best.

Mr. Thompson also held that the board must not yield up any control over its schools. The pedagogy department should be added, but the board should not be put to expense. The speaker thought that perhaps next year the Ontario government might increase its grant to the faculty. He favored a one-year agreement.

Board's General Business. G. S. Bule, of the collegiate staff, applied for leave of absence during September to complete his proposed summer study in France and Germany. The matter was left to the management committee, with power to re-visit the subject.

It was announced that the amount contributed by the public schools for the Muir testimonial was so far \$31.22. The collegiate institute had yet to be heard from.

Prof. Knight, of Queen's, was given authority to examine the eyesight of school pupils, free of charge, which he offered to do.

On motion of Mr. Meek, the board, on a standing vote, passed a resolution of sympathy with its secretary-treasurer, John Macdonald, over the death of his father and mother, both of whom were laid in the grave on Tuesday last.

MAY LOSE HIS SIGHT

A LAD'S FACE WAS BADLY INJURED.

By a Cannon Fire Cracker—He Blow at the Fuse to Ignite the Cracker of Which Suddenly Exploded.

The young son of Capt. T. E. Murphy, Bagot street, suffered an accident yesterday, which may result in the loss of his eye-sight. The lad, who is eight years old, had a number of cannon fire-crackers which he was setting off for amusement of a crowd of juveniles, in his father's yard.

He lit one fuse which apparently went out, and then he got down on his knees to blow on the fuse, and make it burn. The powder next to the ground was burning steadily, and in a moment a loud crash followed as the cracker exploded. The lad's face was a mass of powder as a result, and his eyes were so badly injured, that it is feared he may lose the sight of both.

The boy spent a restless night, and though the best of medical aid was summoned it could not be determined whether his eyesight would be saved.

Young Murphy is a bright little lad, who is much admired by many youthful followers and a large circle of sympathetic young friends anxiously await a favorable report of the case.

Injured By a Fall.

William Hartley, son of William Hartley, Bagot street, is in a critical condition at the Hotel Dieu, as a result of a fall he got yesterday afternoon. In company with a number of other boys he was climbing on the old building in Artillery Park, which was recently burned. The boy was led to a point on the rafters ahead of his companions and was allowed to them when he fell about thirty feet to the ground, lighting on his head and shoulders. The boy was rendered unconscious by the fall and was conveyed to his father's home and afterwards to the Hotel Dieu. Grave fears are felt for the unfortunate boy, who is being nursed in the hospital.

Through the night three doctors were in attendance, the lad suffering several hemorrhages. There was little change in his condition this morning.

Had a Narrow Escape.

While engaged in revolver practice on Belle's Island, yesterday afternoon, E. B. Webster, tobaccoist, was struck in the face by a fragment of lead rebounding from a stone. Mr. Webster considers that he might easily have lost his eyesight by the accident.

FORMER KINGSTONIAN DEAD.

Walter Nash Passes Away at New York. Walter Nash, aged about thirty-four years, and a former Kingstonian, a son of Mrs. M. A. Nash, 115 Johnson street, passed away in New York, Thursday, after an illness of a few days. Deceased suffered from an abscess on the brain. Messrs. Thomas and Joseph Nash of the British-American hotel, new-stand, are brothers of deceased. Joseph Nash left here on Tuesday to visit his brother, he having received a telegram, stating that King was dead.

The late Mr. Nash was the proprietor of a quick lunch restaurant, and had been living in New York for about sixteen years. He is survived by his wife and three children. The remains will probably be brought to Kingston for interment.

W. A. Mitchell has just received a fresh stock of Campbell's Varnish Stains. These Stains are easy to apply and are very useful for staining and varnishing furniture, floors and interior woodwork. Better ask for color card.

White china silk waists, \$1.49, at Corrigan's.

Kingston's Famous Fur Store.

What About Your New Hat?

George Mills & Co. Importers of Fine Hats.

Baseball Matters. The Orientals Have Formed a Team.

The Regiopoli College ball team is after the Junior City League trophy this year. The boys are practising hard and expect to be heard from before the season is far advanced.

The Orientals have re-organized for the season. Anything like a line up cannot be determined yet, but it is certain that from the ranks of Kingston Oddfellows a very strong team will be picked. The Orientals' battery will likely be McCann and Moore.

Two games will be played on cricket field to-morrow, between junior City League teams. Gananogue and Cape Vincent baseball teams have signed agreements to play ball here on Victoria day. Together with the Irishmen and Orioles, the visiting teams will march to the fair grounds, headed by the sports committee and the 14th band.

An Exciting Game. A close and exciting game was played at the Frontenac Park, on Thursday afternoon, between the Junior Shamrocks and the Junior Granites. The score was twenty to fifteen, in favor of the Shamrocks.

O'Kill Street Sewer Extension. This afternoon, the city engineer laid out the work to be done at the O'Kill street sewer extension by Contractor Tait. There has been a long delay in laying the extension pipe, owing to the contractor not being ready, but it is expected that jacking will be started next Tuesday.

Aids To Navigation. Col. Anderson came to the Rideau waterway, this week, to inspect the route in regard to the placing of lights as aids to navigation.

CITY AND VICINITY.

"Three Swallows."

Sir John Power & Sons "Three Swallows" Irish Whisky, Famous for over a century. Of highest standard of purity. Distillers to His Majesty the King.

The King Of \$2 Hats. The "Waverly" is the most popular \$2 derby in town. It suits young men who want correct style and dependable quality. It is sold in Kingston only by George Mills & Co., importers of fine hats.

One Of The Very Best. The fine brigades in an efficient state. The department is up to its usual strength and the new team purchased for the Merryweather engine takes the engine to all calls with the other apparatus. Chief Elmer says the horses are in fine shape and know their business, and his men are thoroughly trained. Kingston has one of the best fire brigades in the dominion.

Another Engine Added. The Monarch fire engine, owned by Selby & Youden, of the Kingston Foundry, has been stored at the Ontario street fire station. The engine is in good condition and will be used as occasion warrants. The city is now protected by three engines, the Chatham, at the Brock street station, and the Merryweather and Monarch engines at the Ontario street station.

Arrivals At E. A. Hotel. Lieut.-Col. and Mrs. Anderson, J. W. Gleason, Ottawa; Gordon T. Finch, T. R. Earugey, M. W. Best, J. E. Willows, James Glendonning, F. W. Wilkinson, W. J. Bradley, Toronto; George A. Barragar, J. Kerr, R. F. Gillespie, Belleville; A. W. Benjamin, Yarker; T. S. Wartman, Colebrook; P. J. Johnson, Deseronto; W. J. Youell, Ingersoll; A. J. Grant, Rome; V. J. Balfour, W. C. Boyington, Hamilton; Max Maier, New York; W. G. Davidson, Montreal; T. A. Webster, Lansdowne; Mrs. W. LeRoy Spencer, Rochester; Mrs. D. Anderson, New River, N.B.; James Seivright, Snerbrooke; A. P. McLean, Peterboro.

Break Up The Gang. There is a gang of rowdy boys who have become a nuisance to the residents of the block surrounded by Bagot, Earl, Wellington and Gore streets, and the sooner the squad is broken up the better it will be for the city. The youths are the genuine type of rowdy, and their aim is to destroy property and annoy residents. The police were called, yesterday afternoon, after a garden had been almost destroyed and a large stone maliciously thrown. Severe punishment is necessary for the culprits. The arrest of one or two would have a good effect. Parents in the vicinity in question had better keep an eye on their children, and the police have been informed that the police have taken them in charge.

Donations To Infants' Home. Mrs. Routley, children's clothing and bed clothing for nursery; Mrs. Strange, sugar; Mrs. Strachan, rolled oats, starch in soap, corn starch, blue; Mrs. Bamfield, \$1; Mrs. Kearney, Jones child's cot; Mrs. Gowdy, dozen bread and butter plates; Mrs. R. S. Waldron, flannelette; Mrs. A. E. Cunningham, rocking horses; Mrs. E. Steacy, iron bed, springs and mattress; Sydneyham street Methodist church league, bed clothing for nursery; Misses Katherine Hart, Hazel Brown, Helen Campbell, Marjorie Campbell, Lucy Waddell, Genevieve Waddell, Ethel Kent, Anthony Carruthers, Norah Macree, child's iron cot, mattress and furnishings, and eight chairs for nursery; Mrs. Birley, baby carriage; Mrs. J. B. Walker, buns, sheets, pillow cases, clothing; Mrs. Bennett, Brown, toys and clothing; Mrs. Macnege, clothing; Mrs. Brownfield, cot blankets; Mrs. Mimes, etc., two pictures; Mrs. Wade, canned fruit, dishes; Mrs. Ruttle, clothing.

MARINE INTELLIGENCE. The Racy Items Gathered About Wharves.

The steamer Cuba cleared for Quebec, with a load of corn.

The steamship Navajo cleared for Wellington with grain.

The schooner Clara has arrived from Oswego, with coal for Booth's.

The steamer City of New York has arrived at the penitentiary, with coal, from Charlotte.

The schooner Bertha Kalkins has arrived from Chicago, with 51,000 bushels of corn; the steamer J. S. Kevle arrived from Duluth with 76,000 bushels of wheat; the tug Thomson arrived from Montreal, with four light barges; the steamer Keele will clear for the upper lakes, and the tug Thomson will clear for Montreal, with four grain barges.

Capt. Angus Baker, Quebec, will command the new steamer Quebec, of the R. & O. Navigation company. This beautiful new steamer will be 310 feet in length, with a beam of 65 feet. She will be the only steamer on the St. Lawrence to have four decks. On the top deck, which constitutes the fourth deck, will be built a luxurious and commodious lounge room. She will be in the route by July 1st.

Within the last five years the company has built and renovated in all eight steamers, and it is the intention in the near future to add several other steamers to the already excellent fleet.

Blue serge suits at \$7.50, \$9.50, \$11.50, \$13.50, \$15. No better in the city. See them. Waits & Co.

White china silk waists on sale at Corrigan's, \$1.49.

THEY.W.C.A. CONCERT

GIVEN AT THE GRAND OPERA HOUSE.

An Interesting Programme Was Provided—The Attendance Was Very Large.

A programme something out of the ordinary, and one that pleased everyone present, was given at the Grand last night, by the gymnasium class of the Young Women's Christian association. The attendance was very large, showing that the citizens take a deep interest in the work of this association.

The larger part of the programme consisted of drills and exercises by the members, and was of a very interesting nature. Much praise is due Miss Hamilton, the physical instructor, who has in charge the training of the members in their various exercises.

The programme also included solos by Miss Kay, Miss Massey, Charles Harvey and piano selections by Miss Singleton. Each number was well rendered, and called for an encore.

Miss Massey sang "You And I," and "Love's Springtide," and Miss Bajus favored with "Summer Rain," and "The way of June." The work of the gymnasium class consisted of free standing exercises by the seniors, the May pole exercise by the juniors; barbell drill, by the intermediates; drill by the trained rabbits; large boys' dumbbell drill, by the juniors; sailors' drill, by the juniors; club drill, by the seniors; scarf fantasia, by the intermediates, and a lantern drill by the seniors. With but few exceptions everything went like clock work, and the showing altogether was an excellent one.

The club drill by the seniors was one of the best things of the evening, and special mention is also due for their free standing exercises, the fencing and the lantern drill. The intermediates did some fine work in their barbell drill, and were also good in the scarf fantasia. The juniors carried off high honors in their dumbbell drill, the sailors' drill and the May Pole exercise. The youngsters who posed as the trained rabbits were very amusing. Mayor Mowat was the chairman of the evening, and in his opening remarks complimented the members of the Y.W.C.A. on the good work that had been accomplished, paying special attention to the aim of physical culture.

APPLYING FOR RELEASE. Petition to Get Fred Davis Out of the Pen.

The Stratford Herald has the following: Fred. Davis, sentenced by Police Magistrate O'Loane in July, 1905, for theft to five years in Kingston penitentiary, is petitioning to be released, assigning as his reason that his wife and family need his support. Davis committed his theft in North Easthope, where he burglarized several houses. Magistrate O'Loane has to give an account of the case to the minister of justice.
