AND SKIN ERUPTIONS. "For soreness after shaving, scurvy, chapped places, eruptions, and all skin troubles of this kind, Zam-Buk is really marvellous." Such is the opinion of Mr. Robert Wharburton of Shaw St., Hamilton, (Ont.) He says:—"Every season I am troubled with Scurvy, but this time it seemed worse than before. I tried all kinds of ointments, but none of them did me any good. Perhaps the Scurvy would be smooth for a while, but it was soon just as bad as ever. I saw a good report

about Zam-Buk and decided to try it. After only two or three applications I could see an improvement, and now I am glad to say I am completely cured." Whenever you have any form of skin rash, chafing or irritation, just apply Zam-Buk and the result will highly satisfy you. Zam-Buk is purely herbal—devoid of all trace of animal fat or mineral coloring matter. It is so highly refined, so concentrated, so purified, that no matter how sensitive the skin, it can absorb Zam-Buk and benefit by its application. It heals cuts, prevents blood poison and closes obstinate sores, etc. Write for trial box as offered below and est its merits at our expense.

Zam-Buk cures eczema, pustules, boils, skin erup ions, itch, barbers' rash, ulcers, scalp sores, ringworm, blood poison, spreading sores and all similar diseases.
