Tips For The Farmers BY UNCLE JOSH.

Of course it is rather early to make predictions, but from all reports received from the Kingston district, it would go to show that the prospects are bright for good crops.

G. G. Puhlow, of Kingston, chief dairy instructor, and Francis Hens, of London, Ontario, instructor, conferred with the director of agriculture, recently.

Mr. Puhlow reports that in the counties of Russell, Carleton, Prescott, Glengarry, Stormont and Cornwall the cattle are in rather poor condition.

Both instructors report a decided improvement in the surroundings and equipment of factories. The dairymen generally are appreciating the necessity for complete sanitary arrangements.

were kept warm and comfortable last winter by Hecla Furnaces. They chose the Hecla in preference to all others, because it is the only furnace that cannot leak gas, smoke or dust into the house through the joints between the iron and steel.

Hecla Fused Joints, which are covered by patents and which are used exclusively in Hecla Furnaces, guarantee this sanitary and healthful condition. There are no bolts to work loose or cement to dry and drop out.

Fused Joints keep the air in a house always sweet and pure, and free from any taint of smoke or gas. Water Pan is placed where it will evaporate the right amount of water to keep a springlike atmosphere in the house.

Fire Doors—large enough for any fuel and fitted with Gravity Catches which can never be jarred open. Ash Pan—large and roomy. Clare Bros. & Co. Limited Kingston Agents: ELLIOTT BROS.

SOUNDED A WARNING To Municipalities Having Birds For Sale.

Toronto, May 23.—D. R. Wilkie, president and general manager of the warning bank, sounded a note of warning to the shareholders, yesterday.

He inadvertently on the tendency of municipal corporations to incur indebtedness and make expenditures before they had arranged the funds.

Municipalities, he said, must realize that the money market was subject to much variation. Many cities were now paying penalties because this fact had not been realized, and prices at the market had been refused by those corporations which still proceeded with the expenditures only to find later that their bonds were saleable at much greater discounts.

Mr. Wilkie pointed out that the market for municipal securities in Great Britain had undergone a drastic change in the past twenty years, and that the old country investor had excellent opportunities near at home.

One million dollars has been offered by Howard Gould, to his wife for a divorce, if she will agree to certain conditions. She won't.
