CATARRH OF STOMACH RELIEVED BY PE-RU-NA.

MDE. JOSEPH BEAUDOIN.

Mde. Joseph Beaudoin, 59 Rue St. Olivier, Quebec, P. Q., Can., writes:

"Peruna is wonderful for indigestion. I eat whatever I want and no longer feel any oppression.

"Having had *dyspepsia for a long time* and having tried various other remedies, I decided to try *Peruna* and with the fourth bottle of it I was *perfectly cured.*

"For this reason I recommend it to all those who are suffering with that terrible malady, dyspepsia.

"I hope that all who are afflicted in this way will take Peruna as I did."

The experience of Mde. Beaudoin ought to be sufficient proof to any one of the value of Peruna in cases of catarrhal dyspepsia. If you suffer from stomach catarrh in any of its various forms, give Peruna a fair trial, avoiding in the meantime all such indiscretions in diet as would tend to retard a cure, and you will soon be rewarded by a normal appetite and healthy digestion.

It might be mentioned that this year's committee is grit in politics, but it has outdone the previous tory committees in its admiration of the great statesman.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

Any even numbered section of Dominion lands in Manitoba or the North-West Provinces, excepting 8 and 26, not reserved, may be homesteaded by any person the sole head of a family, or male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Application for homestead entry or inspection must be made in person by the applicant at the office of the local Agent or Sub-agent.

An application for entry or inspection made personally at any Sub-agent's office may be wired to the local Agent by the Sub-agent, at the expense of the applicant, and if the land applied for is vacant on receipt of the telegram such application is to have priority and the land will be held until the necessary papers to complete the transaction are received by mail.

In case of "personation" the entry will be summarily cancelled and the applicant will forfeit all priority of claim.

An applicant for inspection must be eligible for homestead entry, and only one application for inspection will be received from an individual until that application has been disposed of.

A homesteader whose entry is in good standing and not liable to cancellation, may, subject to approval of Department, relinquish it in favour of father, mother, son, daughter, brother or sister, if eligible, but to no one else, on filing declaration of abandonment.

Where an entry is summarily cancelled or voluntarily abandoned, subsequent to institution of cancellation proceedings, the applicant for inspection will be entitled to prior right of entry.

Applicants for inspection must state in that particulars the homesteader is in default, and if subsequently the statement is found to be incorrect in material particulars, the applicant will lose any prior right of re-entry should the land become vacant, or if entry has been granted it may be summarily cancelled.

Duties—A settler is required to perform the conditions under one of the following plans:—

1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

2) If the father (or mother, if the father is deceased) of a homesteader resides upon a farm in the vicinity of the land entered for by such homesteader the requirement as to residence may be satisfied by such person residing with the father or mother.

3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirement may be satisfied by residence upon such land.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.
