Suffering

This perfectly natural change in a woman's life is too often accompanied by painful, distressing symptoms due to female troubles and slight irregularities in her delicate organism.

The woman who passes this change without the development of tumors, cancers, or chronic invalidism enters a new field of happiness and usefulness in the domestic circle and in social activity. Her physical system should receive the necessary assistance at this critical period.

is exactly suited to woman's needs at this time. It strengthens and cures all derangements of the female organism, it overcomes the hot flashes and dizzy fainting spells, and all other distressing symptoms.

### Woman's Friend During Change of Life

Dear Mrs. Pinkham:—I owe my splendid health to Lydia E. Pinkham's Vegetable Compound. I am the mother of three children, have safely passed the change of life, and feel as young and strong as I did twenty years ago, and this is all due to your friend of women, Lydia E Pinkham's Vegetable Compound. I took it before my children were born, and it greatly assisted nature and saved me much pain, and during change of life I took it off and on for four years, and had but little trouble and sickness such as most women have to MRS. JAMES K. MANN, 806 Bathhurst Street, Toronto, Canada.

The whole secret of safety at this time of life is thorough preparation before the change begins. Fortify the system with a course of Lydia E. Pinkham's Vegetable Compound. This wonderful medicine has carried thousands of women through this danger period.

No such helpful advice to women who are sick can be had anywhere as will be received free by addressing Mrs. Pinkham, Lynn, Mass. Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham, and for twenty-five years under her direction, and since her decease, she has been advising sick women free of charge.

# TUTE CIRCUMSTANCES.

Mother Will Endeavor to Have Children Placed in a Home-Husband Died Recently. The sad case of a family came

der the notice of the Kingston police to-day. A mother, with her four children, arrived in the city on the morning train, from Uso Station, died some eight months ago, and she has found it a very hard task make both ends meet. It appears that she has been given assistance by the good people at Oso, but she ventured to come on to Kingston, thinking that she could secure some employme and also with the idea of placing children in the home, When t reached the city they had no to go, and some one directed to the police station, and here Sergt Snodden and Constable Driscoll mad it as comfortable as possible for

The children were very hungry, also the mother, but she cared not for herself; it was her children she hig-hearted officers long to act. In less time than it takes to tell the story, Constable Driscoll had paid a visit to a near-by confectionery store and arrived back with both arms full goodies" for the unfortunate family There was food enough for all, and with many thanks the police station guests satisfied their appetites. A few minutes later a good citizen, who had learned of the case, walked in with r pitcher full of steaming hot coffee The little barquet was then complete. The family is composed of two girls and two boys, one boy aged eight, the other four, the youngest of the family a girl sixteen and the other six. Th elder girl is of a weak mind, and this makes the case doubly sad, as sh is unable to give the mother the help that she needs in her time of great trouble. The oldest boy is also of a very weak mind, and suffers a great deal with his eyes. He underwent treatment not long ago in a Kingston hospital, but does not appear to have been much improved as a result. The little girl and boy are very bright, and played around the police station

"It is very hard to see the childbut it is all for the best. I will have to go to work, and I will not be able to teach them, and I want them to learn." The case is indeed one worthy of the aid of any of the local charitable in

result was astonishing. By counting up the declared value of money and effects carried into Canada by American settlers in 1906 from four states Michigan, Montana, Illinois and Massachusetts, it was found that the average wealth brought across the border from these states was \$800 for eac settler. This average for the four states amounted to a total of \$6,376. 420. As the number of Americans who crossed the frontier during the year was 61,282, the whole value of the possession they took with them approximately \$49,586,188. Not only did last year's American settlers it Canada transfer 849,586,138 in money and other movable property into Canadian terrifory, but, the econom value of an immigrant being not than \$1,000, it is plain to be seen than the United States lost and Canada
