By Means of Magnetism—Independent Diagnosis By Eminent Men—The Vision the Girl Had

Paris, June 15.—Camille Flammarion has just published the account of an astounding cure by means of magnetism of a young girl in the last stages of consumption, who had been given up by three separate physicians. Mlle. B., twenty-eight years of age, was the orphan child of a mother who died of tuberculosis, while her brother succumbed to the same disease at eight years of age.

A GREAT TRIUMPH GAINED BY DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE.

The Doctors of Mount Clemens Institute Prove the Value of These Pills in the Case of S. Harris, Government Inspector of Elevators at Hamilton, Ont.

From the Star, Dundas, Ont.

Dr. Williams' Pink Pills for Pale People were much pleased to see S. Harris, the well known government inspector of elevators at Hamilton, in Dundas the other day, greatly improved in health and appearance since the last time we met him. As is known to many of our readers, Mr. Harris has recovered from a long and severe illness, and is now quite able to attend his usual duties. From this long illness many predicted Mr. Harris would never recover, and the fact that he is once more able to go around very nearly as spry as he did before he was attacked, is little less than marvelous to them.

In reply to our reporter, Mr. Harris related the early stages of the attack and subsequent sufferings which he experienced, and while he did not court publicity, decided that in the public interest he would relate the circumstances of this wonderful cure. About fourteen months ago Mr. Harris woke one morning with a stiff neck; try as he would, and after applying all the remedies externally that he could hear or think of, he was unable to get rid of it. The stiffness moved to the spine and shoulders, then to his hips, until it made a most a cripple of him, and it was with extreme difficulty that he could get out of bed at all. As for walking it was out of the question with him. The attack became so bad that he was unable to put on either his coat, vest or hat. From time to time he called in various medical men, none of whom were able to give him much relief. It was almost impossible for him to raise his feet from the floor, and all pronounced him a severe case of muscular rheumatism, giving him little encouragement as to his ultimate recovery. However, one medical gentleman finally recommended the baths, and as a last resort, Mr. Harris decided to follow his advice, and went to Mount Clemens, Mich. As is customary with all patients, Mr. Harris had to undergo a thorough examination in order to determine if the system could stand this rigorous treatment. After several examinations had been made as to Mr. Harris' condition, the physicians there finally decided that he was not suffering from muscular rheumatism at all, but that his ailment was of the nerves, and told him that the best remedy would do little or no good; that he required altogether different treatment. Mr. Harris placed himself in the hands of one of the physicians there, and what seemed a miracle took place. He was nothing for him but administered medicine in the shape of pills. Shortly after he commenced this treatment he began to improve perceptibly, and his appetite greatly improved. He began to walk around slowly at first, but soon was able to get around more than he could for a year previous. He was able to put on his coat and vest and to walk around as usual. He is now able to feel like himself. His improvement was so rapid and perceptible not only to himself, but to others, that he was pined with all sorts of questions as to his wonderful recovery. The medical attendant was told the nature of the ailment which was administered. Much to the surprise of Mr. Harris and other patients there, he was told that it was a well known Canadian remedy, Dr. Williams' Pink Pills, and was advised to continue their use for a time on his return home. Mr. Harris is loud in his praise of the wonderful curative qualities of Dr. Williams' Pink Pills, and consented to make his case public in the hope that he might benefit others similarly afflicted. Mr. Harris has long been a resident of Hamilton, being a well-known builder of elevators, as well as government inspector of the same, so that his prominence as a well known integrity is evidence that he is sincere in the statements he made.

explained, were the invention of Heity Wesley, one of the daughters of the rector.

Senator Beveridge addressing ministers, urged them "to preach the simple gospel with directness and earnestness." He said: "You cannot Christianize the world when you are engaging in metaphysical speculations and in entertaining an audience."

Methodist papers have criticized Dr. Levi Gilbert, who in his book, "The Hereafter and Heaven," suggests that prayers may be offered for the pious dead, and for "progress in the heavenly life." Catholic papers see in this speculation an indication that the Methodists are returning to the older standards of faith.

Rev. George Smart, the southern evangelist, says: "Decoy Christians are your so-called church-members with every semblance of the genuine, except the true life. Many a young man and woman would prefer have been captured by Satan without the aid of one of these decoys. If you want to know what curses the world is in, see the 'decoy' Christians."

Prof. Charles A. Briggs, Union Theological Seminary, who a few years ago was convicted of heresy by the Presbyterian church, and then joined the Episcopal church, has just read a paper before the Presbyterian Union of New York upon "The Virgin Birth." The paper was considered so orthodox that it was requested for publication, and the erstwhile heretic was unanimously elected an honorary member of the union.

TO IMPROVE CAPE MAY.

Peter Shields Visiting European Resorts.

London, June 15.—Mr. and Mrs. Peter Shields, Misses Cora and Ethel Shields, and Earl Shields, of Bryn Mawr, Pa., and Cape May, N.J., have left the Carlton Hotel, and will continue Mr. Shields has entered his sixtieth birthday, and is a resident of the New York to Bermuda race, for which a cup has recently been presented.

"I have come over to study European summer resorts," said Mr. Shields. "I am interested in a project for the development of Cape May, N.J., and I shall visit Ostend, Trouville, Scheveningen and other watering places on the continent to get ideas. We have six miles of ocean front and the government has recently made an appropriation to give us eight feet more of water at the entrance to the harbor. We are building a \$1,000,000 hotel, and we shall aim at offering, in the shape of regattas, special inducements to yachtsmen to visit Cape May."
