**Woman & Shaw**

Some think water is pure because it is carbonated—charged with carbonic acid gas. That is wrong. Carbonating water doesn't purify it. Carbonic acid gas doesn't cleanse water. Plenty of carbonated waters are just ordinary city water, charged with gas. That gas is mostly made by the action of sulphuric acid on whiting (such as is used for calcimining), or from the fumes of burning coke. Pleasant, isn't it? Even spring waters that are naturally fizzy, carbonated far within the earth, are not always safe to drink. Natural carbonation is likely to load water with more lime or magnesia than the system ought to get. So a natural fizzy water may be wholesome and it may not. The safe way—doctors think the only safe way—for people who like carbonated water, either plain as a beverage, or as a diluent for spirits—is to get an ideally pure spring water, charged with purified carbonic acid gas, and Carbonated and bottled under absolutely safe, cleanly, and scrupulously sanitary conditions. Water like that is zestful, refreshing, wholesome, and enhances the flavor of whatever it dilutes—liquors especially. The water that surely meets every requirement is sold in your neighborhood by merchants who care for the custom of particular people, and in your city by the right kind of hotels, bars and clubs. It is worth asking for; and it is labeled

A report of the committee on the state of the church was presented by Archdeacon Macromine. The report stated that in so far as numerical advance it may be accepted as an index of church prosperity, the committee with much satisfaction, could report that the year just closed, and ending April 25th, was more than a successful one. The committee congratulated the synod on having received returns from every parish and mission in the diocese. There had been an increase of 100 in the number of households. The Sunday school pupils and teachers showed a forward movement. In the matter of finances, the amount expended for building purposes exceeded that of last year, by \$13,000.

**Woman's Auxiliary Work.**  
Rev. W. P. Reeve moved, seconded by R. J. Carson, "that his highest desire is to place on record its highest appreciation of the excellent service that the Woman's Auxiliary of the diocese of Ontario rendered to the cause of missions, and particularly its sincere gratitude for the splendid donation to the Widows and Orphans' fund of the diocese amounting to more than \$200. And furthermore, that the synod desires to extend to the Woman's Auxiliary its most hearty congratulations on the occasion of the foundation of the society, and hope for its continued progress under the divine blessing for the years that are to come."

The motion was passed by a unanimous vote.

The chancellor presented the report of a special committee, which heartily endorsed the bishop's charge. This report was adopted and filed.

A telegram was received from the bishop of the Huron diocese, acknowledging the receipt of the greetings sent by this diocese, and expressing the hope that the Great Father of all would direct the deliberations of the session of the synod in Kingston.

A committee composed of Rev. W. P. Reeve, J. B. H. Coleman, E. J. B. Pense and W. B. Carroll was appointed to prepare a report as to the status of certain churches in the frontier of Ontario, where part of the congregation live in the adjoining diocese.

On motion of Rev. C. A. French, seconded by W. B. Carroll, it was decided to send the congratulations of the synod to the bishop of Toronto on the occasion of his elevation as metropolitan and primate of the province.

Considerable time was taken up in the appointment of standing committees, although only a few changes were made in the list of last year. E. V. Rogers, the retiring lay secretary, was appointed a member of several committees, taking the place of Francis King, who succeeds him in his new position.

The report of the clergy superannuation fund showed total collections of \$1,141.75, with disbursements amounting to \$1,033.33, leaving a balance of \$108.33.

The report of the educational committee was presented by H. H. Bedford-Jones. Six students were reported to have been assisted during the year. The report also contained the following:

"Your committee trusts that other students before autumn will connect themselves with this diocese, and would again put before the clergy the necessity of looking out suitable boys and men, and of urging them to take orders in our Canadian church."

"The financial statement shows a balance on hand of \$697.00, part of which is accounted for by the receipt of the Lenten collections were only \$100 which in itself would be quite inadequate to meet the applications to the fund."

"As regards the Sunday school work in the diocese, a successful S.S. conference was held in Kingston during the winter. The bishop issued a pastoral calling attention to the days in compliance with the request of the committee last year. A suggested order of service with special psalms, lessons, etc., was also issued, which was, we believe, generally used, and which will be available from year to year. Your committee hopes that the clergy will use the opportunity of impressing the importance of the Sunday school work on the parents and congregations generally."

"Your committee would again suggest the value of junior chapters of the Brotherhood of St. Andrew. They are proving themselves of the greatest service to many parishes and to the laity themselves."

"A letter was received from the Sunday school committee of the general synod. In accordance with the suggestions embodied in its year committee have recommended that the finance committee of the diocese be asked to provide for a grant of \$25 for one year as our share of the expenses of the Sunday school committee of the general synod."

**Misses' Costume.**

The attractive and girlish costume here illustrated is developed in plain white percale, trimmed with dark blue bands. The jumper is opened to the waistline, front and back. A lingerie waist can be worn with this or a waist of the same material. The graceful ripple of the pleated skirt is especially becoming to the girlish figure. It is made seven-eighths, having three backward-turning pleats at each seam.

**The Excurionists Searched.**

The steamer America was detained some time at Gananoque last night on the return from Ogdensburg, N.Y., while the baggage of the excursionists was examined for smuggled articles. A woman detective was on board to watch those who bought articles in the Yankee land. If the people of Kingston only knew that the stores here can sell cheaper than those in Ogdensburg they might not be so spending their money in a foreign country.

**Was It A Conspiracy?**

Toronto, June 20.—Nathan Hopkins, a telegraph operator, and Albert Hopkins, an employee of the Employers' Liability Insurance Corporation, were, to-day, held for trial on a charge of conspiracy to defraud the Toronto railway company. Nathan Hopkins fell off a Bathurst street car, while sitting on the chain in the rear platform, and claimed \$200 damages and the doctor's bill, from the Toronto railway. The company is trying to show that Hopkins fell off the car purposely.

**THE PARAGRAPH PULPIT**  
Unitarian  
REV. C. W. CASSON, OTTAWA

Unitarian Liberty.  
Channing, the Unitarian leader, expressed the thought of every Unitarian minister when he said, "I belong to a community of free minds that love the truth. I desire to escape from the narrow bounds of any particular church, in order to live under the open heaven, in the full light of day, seeing with my own eyes, and pursuing the truth resolutely, however solitary or arduous the path it leads to. I am not the mouthpiece of a sect; I speak for myself alone, and thank God that I live in times and circumstances which make it a duty for me to open my whole soul frankly and unreservedly."

Address, Mr. Casson for free literature.

**OLD AGE**  
Comes to Everyone, But Its Visit May Be Postponed.  
Old age is not a question of years. Some men are old at forty, others are young at sixty.  
It's a mighty hard proposition to look young, no matter how young you feel, if your hair is falling out and your head becoming bald. Perhaps you are tired trying ineffectual remedies for this evil.  
We don't blame you if you are.  
Why not try an effective one for a change?  
Newell's Herpicide kills the Dandruff germ—which is the cause of the whole trouble.  
"Destroy the cause you remove the effect."  
Sold by leading druggists. Send 10c. in stamps for sample to the Herpicide Co., Detroit, Mich. Two sizes, 50c. and \$1. G. W. Mahood, special agent.
