#### THE DOMINION TRANSPORT COMPANY'S TEAMSTERS.

**Say An Agreement Was Violated and They Are Now Free to Make Fresh Demands—To Call a Special Session to Hold Trial.**  
Montreal, June 20.—The Dominion Transport company, which does all the carting of freight in Montreal, for the Canadian Pacific railway, has a strike of teamsters on its hands. The number of men involved is 325, which involves practically all its hands. They have been getting \$1.60 a day for eleven and one-half hours' work, and they now demand \$1.75 per day and a time rearrangement. They also protest against deductions from their wages for damage to freight in transit on their teams.

An agreement exists with the company which, the men claim, has been violated by the company and they feel free to make the fresh demand. They claim that \$1.75 is being paid to all other teamsters in the city. The celebrated Schlater murder case was before the courts here, to-day, and Wallace McCraw, the man who had been granted a new trial, was refused his liberty on habeas corpus proceedings. In the ordinary course McCraw's trial would not come until next March, and the court adjourned the crown to call a special old Hudson Bay company employee and McCraw, who was in love with his half-brother's wife, is alleged to have conspired with her to get rid of the husband.

The same court also decided that two Buckingham strike prisoners, liberated by a magistrate, on a technicality, should be committed for trial and the order of release was quashed.

### ALL ARE UNDERFED.

#### Clergymen Ride on Poor Horses to French.

London, June 20.—Rev. John Paterson Smythe, M.A., LL.D., rector of St. George's church, Montreal, was the preacher at the opening service of the synod.  
Speaking of the advantages of church union, he pointed out "there are little hamlets in Canada where five underpaid clergymen ride on five underfed horses to preach to five small religious bodies, who could be ministered to by one man, while the others could be doing good work elsewhere. "Is it any wonder that the brethren tell our missionaries in foreign lands to go home and agree among themselves? These wretched divisions, while all may preach the same gospel, give unbelievers a chance to mock that they gladly seize."

### A GERMAN'S SUICIDE.

**Put Muzzle to Head and Touched Trigger.**  
Winnipeg, Man., June 20.—A German named Chris Voegt, working at chopping timber about eight miles east of Red Deer, committed suicide by shooting the muzzle of a gun next his head and pulling the trigger with his foot. He was said to be under the influence of liquor. At an inquest held by Coroner Collison, yesterday afternoon, the jury returned a verdict of suicide.

### PRINCESS ST. METHODISTS

**Farewell Retiring Pastor and Welcome Newcomer.**  
The members of the Princess Street Methodist church, on Wednesday night, bid farewell to Rev. J. B. Hicks and Mrs. Hicks, and extended a warm welcome to their new pastor, Rev. F. H. Sproule, and Mrs. Sproule. Addresses were given by Rev. Mr. Hicks and Rev. Mr. Sproule, a short programme was carried out, and refreshments were served. T. F. Harrison was the chairman. The programme included the reading of the church constitution, recitations by Miss Ethel Wilder and Rev. Mr. Waddell, and selection by the church quartette. The proceedings were brought to a close by the singing of "God Be With You Till We Meet Again."

### At Osgoode Hall.

North American Telegraph Co. vs. Roy of Quinte R. W. Co.—A. B. Cunningham, Kingston, for plaintiffs. Moved for order striking out certain paragraphs of the counterclaim. C. A. Masten, for defendants, contra. Motion dismissed. Costs in counterclaim.

### A Popular Start.

The steamship Turbina has been placed successfully upon the route from Hamilton and Toronto, to Lewiston, making a speedy trip across the lake. Being a very commodious, and the fastest boat on these waters, she has been elegantly fitted up, and can take even a great crowd with ease. The manager, Alfred Goodwin, is making an undoubted success of his mission to turn the ill-luck of the boat in the earning line into prosperity. The managers of the rival Niagara lines are Kingstonians.

### Women Are Changing.

The women of Canada are changing their ways. They are discarding the old-style soaps they have been using for so many years and are using more and more of the new, pure soap made of olive oil. It is called the "Olive Oil" laundry soap and is a wholly pure article. It is made at Berlin, Ont., and can be bought at all grocers for 5 cents a cake.

### A LAD'S BAD CRIME

**BELLEVILLE FIRE HALL PREY OF 11-YEAR-OLD BOY.**  
Confesses to Having Started Flames Which Destroyed Building and to Firing Hotel Stables.  
Belleville, June 20.—The city on Wednesday suffered a severe loss by the destruction by fire of No. 1 fire hall, situated on the lower part of Front street, and an eleven-year-old lad, Dorland Foote, arrested by the police, admitted that he had set fire to it. He also confessed to having started the fire which destroyed the stables of the Queen's hotel last Friday.  
A few minutes before four o'clock the fire broke out in the rear portion of the building, and spread with such rapidity that only the team stable therein was got out, and one of the animals was killed. A steam fire engine, hose wagon, and containing 500 feet of hose and other paraphernalia, was burned. The firemen lost all their clothing and valuables. The loss to building and contents is estimated to be between \$5,000 and \$6,000.  
Another Arrest Made.  
Belleville, June 20.—A. M. Stewart, alias Reine, has been arrested by the local police, charged with being an accomplice of the lad, Dorland Foote, who has confessed to three cases of arson. Foote implicated the girl, who is weak-minded, in his confession. The case has been postponed by the magistrate.

### MERCHANTS BANK

**Annual Meeting Yesterday—Gratifying Results.**  
The annual meeting of the Merchants' Bank of Canada was held yesterday at the head office of the bank, in Montreal. The president, Sir G. Montague Allan, occupied the chair. In submitting the annual report of the directors, the chairman drew attention to the exceptionally prosperous year which the bank had enjoyed. The net profits amounted to \$261,669, out of which, after paying the quarterly dividends, at the rate of eight per cent. per annum to the stockholders, the sum of \$400,000 was added to the reserve fund, and \$100,000 written off bank premises accounted for by the general manager, was congratulated on the excellent showing made by the bank during the year. The old board was re-elected, with the exception of J. P. Dawes, whose valued services for the past twenty-one years were recently terminated by his death. Bryce J. Allan was elected to replace Mr. Allan.  
Still Another Criticism.  
Toronto Saturday Night.  
These are some of the points made against us by W. R. Givens, formerly of Canada. That he is determined to make a strong indictment against us is shown by his statement that "but into the American who have crossed the population of Canada would now be less than it was ten or twenty-five years ago." This is so far from the truth that it does much to discredit Mr. Givens. In fact, taking his article as a whole, it is pretty safe to conclude that Mr. Givens is one of those who left Canada years ago, and that a few years have brought about the "natural market" we buy three dollars' worth of goods for every dollar's worth that market takes from us, which is not encouraging, and which, perhaps, influences us to some extent in seeking to sell our surplus in Europe.

### Desires Co-operation.

The Board of Education committees met, last evening, and adopted the following report: "At a meeting of the management and finance committees, held on the 15th inst., at which Messrs. Martin, Meek, Heffner, Bennett, McLean, Benson, McCallis, Walker and Richardson were present, it was decided to report and recommend: On the communication of Vice-Principal Watson, of Queen's University, asking that clause 7 of the agreement adopted by the board be made to read: "That the dean of the School of Pedagogy, after consultation with the principals of the Collegiate Institute in the use of a high school teacher, or with the principal of a Victoria school in the case of a public school teacher, shall report, etc." That the Board of Education expects the frank and sympathetic cooperation of their staff employed in the School of Pedagogy, who shall report to the Board of Education regarding the efficiency of the teachers engaged in the work of that school.

### Camp Wagon Runaway.

The team of horses attached to the camp wagon, ran away, on King street, near the City Park, to-day. A loose bolt allowed the wheel-tires to fall against the animals' hoofs and started them into full speed. When last seen they were heading across the bridge, dragging the traces behind them.

### Left The Hospital.

W. E. Green, who was injured by being run over while bicycling on the York Road, a few evenings ago, has so far recovered from the injuries as to be able to leave the general hospital this morning.
