MRS. McGOUGH. Depressed Feeling.

Mrs. M. McGough, 219 W. 53rd street

New York, N. Y., writes: "I gladly add my mite of praise to Peruna for what it has done for me. Two years ago a depressed feeling took hold of me. My back and sides ached continually. My stomach got out of order so that at times I could not hold a glass of cold water. I didn't like to eat, afraid that my stomach would get sick. I have been using Peruna for the three past months and now I feel as well as I ever did. My stomach is as strong as ever and my nervous troubles have disappeared. I keep recommending was a complete change for the Peruna to my friends who are troubled as I was, and I have been thanked for

I used different remedies and injections, but found no relief until I had tried Peruna. Within two weeks there? all the praise is due to Peruna."

Mrs. Tressie Nelson, 609 N. 5th Ave Nashville, Tenn., writes: "As Peruna has done me a world of

"A good friend advised me to use Peruna and I was glad to try anything, better and in less than three months and I am very pleased to say that six I was a well and happy woman and bottles made a new woman of me and I have no more pains and life looks

The above testimonials represent actual experience of every-day life. They are the truthful utterances of women who have been ill and have found a reliable remedy in Peruna. It means a great deal to the women of America who have at hand a remedy capable of performing such

cures. Nervousness, backache, dyspepsia, headache, melancholy, bearing down pains. All these and a host of other symptoms are relieved by Peruna. At least this is what the women say. They have no object in saying such things, except to render truthful testimony to their suffering sisters. The reader will note by reading these testimonials that in most cases other remedies were tried, doctors

were consulted, and finally Peruna came to their rescue and made them well again. Peruna is making such cures every day. It is the testimony of the people that has made Peruna so justly famous.

Eleven Years the Births Ex- Major and Mrs. F. D. Lafferty. ceeded the Deaths By Only Twenty-Six.

Why does Kingston's population crease so slowly? There are a number of reasons, but the first must naturally be a low birth rate. It may seem remarkable, but in the past eleven years, viz., from January 1st, 1896, to January 1st, 1907, the number of birtns in Kingston bave exceeded the deaths by only twenty-six. Hence th city's growth by the first patural ing. The death have practically equalled the births, and hence Kingston has stood still in the way of natural increase. Up to date this year, the birthds have numbered 158 and deaths 182, Kingston's death rate only average, too. The following are the figures of the past eleven years as recorded in the city clerk's office
