The present market conditions are the only reason for the price of BIG BEN STOCK. Under ordinary conditions it would be put on the market at \$1.00 at least and as soon as the money market loosens it will almost certainly reach par and in all probability be worth \$5.00 per share by the end of the year.

And you will have an investment that should return enormous profits within the year. BIG BEN is an all Canadian Company and with some of the biggest Canadian business men in its directorate.

Write or call for prospectus and full particulars.
