DO NOT UNDERSTAND WHY THE 14TH REGIMENT IS NOT REPRESENTED

In the Composite Regiment at Camp-Lieut.-Col. Halliwell is ill at Stirling and Was Unable to Take Command.

The latest addition to the camp consists of the composite regiment made up theoretically of two companies from Belleville, two companies from Peterboro, and two companies from Kingston. Practically, it has consisted since its inauguration of the first two. Seemingly it does not reflect to the credit of the 14th Regiment that it is unable to be represented, and among the visiting corps under canvas it is the subject of many uncomplimentary references. The composite is attached to the 7th Brigade and the men occupy tents at the extreme end of the infantry lines.

At camp, yesterday afternoon, there was little in the way of work going on, though during the morning the men were kept steadily at work. But after mid-day it was different, and the sports were of all-absorbing interest. The field presented a very different appearance from other days, and instead of squads of volunteers undergoing instruction one saw the members of the camp and their friends gathered about the scene of the foot races, or in other places watching the football or baseball matches, or the horse races. It was a jolly day for all concerned, however, and duly appreciated by the men under canvas.

The 7th Brigade was off duty, yesterday, and the 49th Regiment, as well as members of the composite regiment, took in the scene down the St. Lawrence.

Capt. Joseph Mills, Peterboro, is in command of one of the Peterboro companies. The following officers accompany Belleville's contingent into camp: Major Vermilyea; Capt. A. P. Allen, W. Cook, F. Wallbridge, S. E. Carman; Lieut. Hudson and Doyle; Sergt.-Major H. Sharpe, Paymaster-Sergt. F. J. Mills; Hospital-Sergt. Francis J. Mills; Color-Sergts. R. Andrews and Westover; Sergts. Edmunds, Spafford, Boyd, Finch and Moore.

From here the two Peterboro companies of the composite go almost through to St. Catharines. They meet the remainder of the regiment at the station in Peterboro, and, together, continue to St. Catharines to spend the 1st.

Canon Davidson, Peterboro, is acting as chaplain of the composite regiment.

Practical examination was, yesterday, given the officers attending the course of instruction at the camp.

Major E. B. Clegg, Peterboro, is in command of the composite regiment. Col. Halliwell, late of the 14th Regiment, Belleville, was to have been the officer commanding, but he is lying seriously ill at his home at Stirling.

Final Orders.

All tents must be struck as soon as dry by regiments or quartermasters' parties before leaving camp and laid out in line with pole and pin bags with each tent. A rear party, consisting of the quartermaster and quartermaster-sergeant and three men per company in infantry regiments and a like number of men in cavalry corps, will remain behind to handle the stores.

C.O.'s will be held responsible that all marquees and tents are perfectly dry before being packed in their valises and that the ropes are properly folded and placed in the valises and roped loosely. In packing blankets they must be put into valises with the round part of the fold of each blanket on one side, so that they may be counted without removing them from the valise. All kitchens, camp ovens, latrines, tent trunks, etc., must be filled up, all refuse burned, and the ground left perfectly clean. Rear parties must not depart before reporting to the D.A.A.G. and receiving his permission to depart.

The regimental quartermasters must remain behind at the receiving depot until the camp equipment from their respective regiments is checked and taken over by the officers in charge at the receiving depot, or the regimental commanding officers will have to pay for all deficiencies, as found by said officers in charge.

An Outspoken Minister.

From Whitehead, N.S., comes a letter from Rev. K. D. Smith, giving valuable information to those affected with throat trouble. He used Catarrhone and says: "It has permanently cured my chronic catarrh of the nose and throat from which I suffered many years." Nothing could be better than Catarrhone, 25c, and \$1 sizes. Sold everywhere.

A Correction Made.

Rev. J. Charles Villiers writes: By a typographical error in an obituary excellent sermon report in yesterday's Daily Whig, I am made to say, "And this spirit of solidarity of the race is external to Americans," a sentiment which I should never dream of expressing. The sentence should read: "And this spirit of the solidarity of the race is to extend to all nations" until, etc.

All-cream ice cream, in bricks, any flavor, delivered at any hour, at 10c.

Rev. Thomas Brown, pastor of Fairmount Avenue Methodist church, Montreal, and Mrs. Brown, leave on Friday for Europe. They will visit Paris, London, and several large cities of England and Scotland before returning.

Makes Hair Look Rich

No need to ask if you want your hair to look rich, healthy, and luxuriant. We know you do! Aper's Hair Vigor, We improved formula, will give it just that appearance. An ideal hair dressing. Ask your dealer about it.

TO BUY THE ROAD BOARD OF HEALTH A GREAT SUCCESS THE BIG CIRCUS

ARRANGEMENTS WERE COMPLETE IN EVERY DETAIL, AND THERE WAS LARGE ATTENDANCE—THE LADIES IN CHARGE.

With ideal weather, splendid arrangements and a good attendance, the garden party at the Hotel Dieu on Wednesday, was marked with great success. The affair was given under the auspices of the Ladies Auxiliary, and the members did everything in their power to provide a pleasant time for the visitors. The afternoon refreshments took the form of an "At Home," when the hospital was thrown open for inspection by the visitors. Miss McDermott and Miss Ronan attended to the duty of collecting the admission fee, and the visitors were received by Mrs. Joseph Swift and Mrs. Henry O'Leary. Mrs. Henry Smith had charge of the refreshment booth, and she was assisted by Misses Kathleen Moran, Terrey and Goudier. Mrs. A. Hanley served the ice cream, and was assisted by a number of young ladies. Mrs. Moran served the soft drinks.

In the evening the grounds presented a very pretty appearance being illuminated with headlights. The decorations were pretty. The 14th Regimental band was present, and rendered a programme of choice selections. In the assembly room a short programme was also given, and which was greatly appreciated by all present.

The evening could not have been better for such an affair, and every one was pleased with the result. The ladies are to be congratulated upon the success of their undertaking. They have always been noted for their fine garden parties, but Wednesday's affair surpassed all others. A nice sum will be realized from the proceeds.

INCIDENTS OF THE DAY.

Newly Paragraphs Picked Up By Reporters on Their Bounds.

William Swaine, piano tuner. Orders received at McAuley's. Phone 778.

Army and Navy foot powder is sold only at Gibson's Red Cross drug store.

The morning train over the Kingston and Peterboro railway, brought 450 people to the city to see the circus.

Save money by going to D. E. Fraser's for wall paper. 78 William Street.

The 14th Regiment will parade to the Cricket field to-morrow evening. The inspection will be on Tuesday evening next.

The engraving in the Globe of Prince Fushimi's reception in Kingston shows a generous proportion of bald heads, for a city that is being cooled by your blood, Salina Laxative. Sold only at Gibson's Red Cross drug store.

The county council has decided to sell the Perth Road toll gates and houses before paying for the road itself. No doubt R. H. Fair will have something to say about this.

Lieut.-Col. Halliwell, of Stirling, who passed the crisis on Sunday in a case of double pneumonia, is steadily improving. Here's to his good health, on behalf of a host in this district! Let us eat, drink and be merry, With never a thought of ache or pain, Let us forget every sorrow that might be, For we still have Rocky Mountain Tea.

Ottawa Journal: A Kingston man tells the Whig that there are not many loose dogs in Ottawa. Well, if Ottawa compares favorably with Kingston in respect of dogs, there must be an awful lot of dogs in Kingston.

A man's wife should always be the same, especially to her husband, but if she is weak and nervous, and uses Carter's Iron Pills, she cannot be, for they make her "feel like a different person," so they all say, and their husbands say so too!

Concert at Sydenham.

On Wednesday evening a concert was given in Wesley Hall, Sydenham, in the interest of the public library in that lively village, which, with its neatness, its summer attractions, its high school, its granolithic walks, its bank and stores and its railway station, is, in fact, as in spirit, the hub of Frontenac. The library is but three years old, yet is well supplied with books and periodicals. As a voluntary enterprise it seeks and deserves public favor and support in an enlarged measure. Wesley Hall, greatly improved and made as neat as the proverbial new pin, was well filled for the entertainment, which, though uncommonly well, since nearly every bench was heartily encored, and the thanks were given more heartily. The conductor of Sydenham street choir, Kingston, George B. Cummings, sang several songs; took part in a duet with Miss Purdy, and in quartette pieces with Misses Marshall and McCurtney and Allan Lemmon; Misses Purdy and Marshall gave a solo and Mr. Plewes fairly brought down the house with his recitations. It was a popular concert in the best sense. Mrs. Cummings was pianist and Edw. J. B. Pease, chairman.

Olive Oil and Soap.

Olive Oil is one of the best things you can put on your skin. It is both curative and antiseptic. It follows that a toilet soap made of pure olive oil must be a good soap. Berlin Castle soap is made of pure olive oil. It is a lasting, healthful soap to use. Have you tried it? At your grocers in 5c, and 10c, cakes.

Was Well Patronized.

The excursion held by the Woman's Aid of St. George's cathedral, on the North King, on Wednesday, was highly successful. Mrs. C. F. Gibberline, with great generosity, gave the fine steamer for the outing, allowing the society to serve luncheon, and dispose of ice cream, candies, etc. Miss Jane Ferguson was in charge of lunch and tea, assisted by Mrs. Noel Kent, Mrs. Stewart Robertson, and Mrs. Forbes Torrance. Mrs. John Twigg and Mrs. John Rostley, Mrs. Easton Burns, Mrs. L. Thoms, Misses disposed of ice cream, and candies were sold by Mrs. F. Brownfield and Mrs. R. E. Kent. There were 200 passengers and the sail was most delightful. The proceeds will be about \$200.

Only pure fruit syrups dispensed at Gibson's Red Cross drug store and from glass bottles. They never touch the glass.

See Bibby's French hairbrushes.

George Mills & Co.,
106-108 Princess St.

WAS UNABLE TO TRANSACT BUSINESS

Because of No Quorum—Some Members Arrived Late—Chairman Corbett and Mayor Mowat Were Punctual.

A special meeting of the board of health was called for yesterday afternoon at four o'clock, to take action on several drains and unsanitary places. S. S. Corbett (chairman) and Mayor Mowat were the only members present for some time after the hour. They waited for a quarter of an hour, and the mayor left. About half past four, Dr. Hanley and John Lemmon arrived, but too late to constitute a quorum. The chairman gave the late arrivals a hard time in getting a list of being on time for board of health meetings. Several important matters are delayed because of there being no meeting. The other three members of the board, Dr. Evans, Dr. Ehringston and P. King, were not to be had; the former being out of town, and the second at the military camp. The health board this year seems to be always in a hard time in getting a quorum. Some of the members always have to be telephoned for. It is suggested that only men of leisure be placed upon these civic bodies, or at least men who will attend to their duties of the non-remunerative office to which they are called.

GARDEN PARTY HELD AT HOTEL DIEU

Arrangements Were Complete in Every Detail, and There Was Large Attendance—The Ladies in Charge.

With ideal weather, splendid arrangements and a good attendance, the garden party at the Hotel Dieu on Wednesday, was marked with great success. The affair was given under the auspices of the Ladies Auxiliary, and the members did everything in their power to provide a pleasant time for the visitors. The afternoon refreshments took the form of an "At Home," when the hospital was thrown open for inspection by the visitors. Miss McDermott and Miss Ronan attended to the duty of collecting the admission fee, and the visitors were received by Mrs. Joseph Swift and Mrs. Henry O'Leary. Mrs. Henry Smith had charge of the refreshment booth, and she was assisted by Misses Kathleen Moran, Terrey and Goudier. Mrs. A. Hanley served the ice cream, and was assisted by a number of young ladies. Mrs. Moran served the soft drinks.

In the evening the grounds presented a very pretty appearance being illuminated with headlights. The decorations were pretty. The 14th Regimental band was present, and rendered a programme of choice selections. In the assembly room a short programme was also given, and which was greatly appreciated by all present.

The evening could not have been better for such an affair, and every one was pleased with the result. The ladies are to be congratulated upon the success of their undertaking. They have always been noted for their fine garden parties, but Wednesday's affair surpassed all others. A nice sum will be realized from the proceeds.

HANDLING GRAIN.

Over Six Million Bushels Passed the Elevators.

The Montreal Transportation company managers report a very fine season so far. "We will have handled some 6,200,000 bushels of grain by the end of the present month since navigation opened. Some 5,000,000 bushels in Kingston and 1,500,000 bushels at Prescott, where the overflow was carried for the St. Lawrence route is the natural course of travel for grain from the west; it is cool and helpful to grains of all kinds. If the Welland canal were deepened to allow the largest upper lakes crafts to come through the St. Lawrence route would command all the business of travel to Fort William. The steamer Glenmount went west yesterday. She brought 3,300 tons of steel rails from Sydney, C.B., to Quebec, where she lightered some 1,300 tons; the balance of travel for grain to Fort William. The steamer St. Montant was to have left Sydney on Wednesday with another load of rails for the west. These two ships will continue in the trade for the next five years. The M. T. company having made a contract to handle 25,000 tons each year so long as the contract lasts.

Marine Notes.

The tug A. B. Cook passed up, with a barge, for Trenton.

The schooner Mary Ann Lydon cleared, on Tuesday, to load coal for Crawford's.

The sloop Pilot arrived from Belleville, with a cargo of cement, for John Lemmon & Sons.

The sloops Laura D. and Maggie L., have arrived from Bay ports, with pressed hay, for shipment.

The steamer Midland Queen, arrived at Richardson's, from Fort William, with 70,000 bushels of wheat.

The steamship John Randall reached Kingston, to-day, on her way from Smith's Falls, to Fairhaven, for coal.

The schooner Annie Minnes was docked at the Hepburn marine railway in Picton, and will be put in shape for the coal trade.

Swift's: Steamer Kingston, down and up, to-day; steamer Belleville, down, last night; steamer Caspian, up and down, to-day; steamer Rideau Queen, for Ottawa, this morning.

M. T. Co's: The steamer Jessie Spalding arrived, from Duluth, with 63,000 bushels of wheat; the steamer George C. Home, arrived, from Chicago, with 82,000 bushels of corn; the tug Thomson arrived, from Montreal, with three light barges; the tug Emmerson, from Montreal, with one light barge, and cleared for Oswego for coal.

Feed Backache.

One of the commonest symptoms of disease or disordered kidneys is backache. Never let the sign go unheeded. Peck's Kidney and Liver Pills will cure both the backache and the cause of the ache. They make the kidneys strong and prevent disease. Cure all ordinary kidney, liver and bladder troubles. In boxes, 25c. For sale only at Wade's drug store. Money back if not satisfactory.

Another Trip Suggested.

The county councillors have spent a delightful week in the city. They now want a complimentary trip and supper on the steamer Wolfe Island, of which one of their number, councillor Brieland, is manager. The Wolfe Island representative hesitates at taking the council on the water on a Friday. Councillor Foley has offered to give his comrades a free trip across to Howe Island on his barge line.

The Court House Lawns.

The court house lawns are not watered for the reason that the county council does not pay for water for lawn purposes. Councillor Foley, chairman of county property, believes in trusting in Providence for lawn watering. The grounds around the court house are looked after by C. H. Corbett, who exercises the jail prisoners with lawn mowers and scythes.

\$1.25 Watertown Return \$1.25.

Tickets going Saturday, 5 a.m. and 2 p.m., returning Monday.

Have you hives or prickly heat? Take Salina Laxative. Sold only at Gibson's Red Cross drug store.

SOME OF THE THRILLING FEATURES AT IT

The Somersaulting Auto—The Greatest Act of the Year—The 21st Scene is Very Exciting.

Kingston people are to-day enjoying the performance of one of the largest circuses in the world, the "Forepaugh Sells Bros." show. It is indeed a mammoth amusement enterprise and the parade of the morning was perhaps the longest, best and most interesting of any like event in the city in recent years.

The circus has some very thrilling features. The one which stands out most distinct, as the greatest novelty of the age is that entitled, "Beyond the Limit." It is the somersaulting automobile, and as a nerve-thriller it is unequalled by any act ever performed. The automobile runs up an incline until it is sixty-five feet in the air, with the attractive Mile Yvonne Leroux, the heroine of this marvelous act, coolly seated in the vehicle. When released it shoots out and at a height of forty-five feet above the ground, dips forward, and executes a complete somersault, then lands on a platform prepared for it and rolls away. Mile Leroux is a pretty young French girl and an enthusiastic automobilist. When the auto starts on its upward climb it is said the silence in the great tent is so extreme that a pin can be heard to drop.

Another hair-raising scene, true to life in every particular, is the great spectacle, "Fighting the Flame." Five hundred people are necessary to give the street scene in this act alone. As the life of a great city is pictured to the observer, a fire breaks out in the hotel. The four fire companies with the show respond to an alarm and the life-saving scenes by means of ladders and nets are exciting.

At one time in this big circus fifteen acts may be seen going on at the same time, but when the feature acts are put on the number is limited so that all may have a chance to see them. There are three rings and two stages, and 700 people are necessary to give the performance. The zoo with the circus is excellent and numbers among its features a three-ton hippopotamus and a fourteen-foot giraffe.

The evening performance begins at eight o'clock. The canvas is perfectly waterproof, and in case of rain no inconvenience or discomfort will result to patrons.

Yacht Club Formed.

Belleville Intelligence.

There was a well-attended meeting of lovers of aquatic sports on Tuesday night. The Belleville Yacht Club was formed, the following officers being elected:—

Commander—Thomas Ritchie.
Vice-Commander—Sanford R. Burrows.
Captain—King Rogers.
Committee—R. S. Bell, Kenneth Taylor, J. W. Davison, Stanley Carman, Thomas Thomson, G. B. Jones, B. L. Hyman, C. J. Bower.

It is the intention to hold races for motor and sailing craft on each alternate Wednesday afternoon during July and August, and to hold a regatta on July 22nd.

"Run For The Doctor."

Some one has fallen or injured himself in some way. It may be well to go for the doctor if the injury seems serious, but in any case you can do nothing but good by applying Smith's White Lintment.

It will prevent congestion and soreness that would result from delay, relieve the pain promptly, too. Should be in every home ready for emergencies. Large bottles, 25c., at Wade's drug store.

To Rebuild Cheese Factory.

The Huronwath cheese factory which was destroyed by fire will be replaced by a building of concrete. The people of that vicinity are greatly handicapped since the factory was destroyed. They have to send their milk to other factories miles away.

Only One "Bromo Quinine."

That is Laxative Bromo Quinine. Similarly named remedies sometimes deceive. The first and original Cold Tablet is a White Package with black and red lettering, and bears the signature of E. W. Grove, 25c.

In Their Footsteps.

Several of the early graduates of the Royal Military College have sons at the institution following in their footsteps. Thus the R.M.C. becomes the Alma Mater of the second generation.

Richard Croker's Orby, winner of the English Derby, won the Irish Derby, at Dublin.

Ranallier McTeggart, West Belleville, and Miss Almira Jane Shaw, Thurlow, were married in Belleville on Wednesday. The bride and groom were accompanied by W. H. Shaw and Miss Carrie V. July.

What A Pity

That ambitious people through hard work invariably neglect health. It is pitiful to look into their pale, tired faces and see plainly written there the evidence of transgressed law.

The penalties of over-work are as easily seen as they are hard to bear—sleepless nights—tired mind and body—heart that flutters and cause all sorts of uncomfortable feelings.

Happily, if these symptoms have not been so long established as to be chronic, Ferrozone will cure them. Its mode of action is very simple, its curative power very great. It makes people eat more because it creates the wholesome feeling of hunger.

Ferrozone aids digestion and well digested food is converted into rich red blood—this rich blood supplies food for the tired brain and nerve tissue and muscle.

If you want strength and endurance use Ferrozone—it will give it to you. No other tonic is so full of nutriment and strength-making properties. Even one 50c. box will restore its enormous merit.
