## WIFE KILLED

**A Clergyman Is Charged  
With The Crime.**

**IN OLD LONDON**

**HE WAS DEPOSED FOR SCAN-  
DALOUS ACTS.**

Rev. Walter Swinburne Hancock,  
Formerly of St. John's N.F.,  
in Trouble—Was Once Assist-  
ant Rector of St. James  
Episcopal Church, Chicago.  
London, June 29.—Rev. Walter  
Swinburne Hancock, formerly  
assistant rector of a fashionable Episcopal  
church in Chicago, whom his bishop  
deposed on account of scandalous  
conduct, is under police surveillance  
here. He is suspected of having  
poisoned his wife, who was the widow  
of Paul Townsend Jones, of New York.  
Allegations to that effect have been  
made in the Kensington coroner's  
court at an enquiry now being held.  
Mrs. Hancock died on March 23rd.  
The cause of death was certified as  
apoplexy. Afterwards the body was  
exhumed on account of the suspicious  
deceit of her son, who is a barrister. At  
the inquest he intimated strongly that  
his father had poisoned his wife to  
obtain her property. Other witnesses  
testified that Mrs. Hancock had drawn  
a will giving everything to her son,  
but when she attempted to sign it on  
her death bed she collapsed.  
The inquest was adjourned until  
July 11th. In the meantime an analy-  
sis of the contents of the stomach  
will be made.  
Hancock went to America in the  
early eighties and held several pas-  
torates, including St. John's, N.F.,  
married Mrs. Grace Jones while visit-  
ing in East 24th street, New York, in  
1887.  
His Chicago Career.  
Chicago, June 29.—Walter  
Swinburne Hancock, who is under  
surveillance in London, suspecting  
poisoning his wife, died in 1896,  
assistant rector of St. James' Episco-  
pal church, one of the leading churches  
of that denomination, here, and  
was inhibited by the late Bishop Mc-  
Laren, upon charges preferred by  
Rev. James S. Stone, who is still  
rector of St. James' church. Hancock  
came to Chicago from St. John's, N.F.,  
and investigations made there  
by Bishop McLaren showed him to  
have been a "man of evil repute."  
"The charges brought against Han-  
cock here," said Dr. Stone, "were that  
he was given to consorting with lewd  
women, his wife never made public  
appearances, and his conduct was con-  
sidered a disgrace to the church."  
Hancock could not be deposed, and  
after his inhibition he dropped out of  
sight.

**A WIDE TREATY.**  
That Will Be Broader Than One  
in Force.

Paris, June 29.—Actual negotiations  
have not yet begun for a new  
Franco-Canadian treaty, but conver-  
sations have taken place with a view  
to agreeing upon a starting point.  
Sir Wilfrid Laurier, at a luncheon,  
given by the British Chamber of Com-  
merce, made a speech, in the course  
of which he said that the object of  
the friendly relations already exist-  
ing between France and Canada, by a  
commercial treaty of much wider ex-  
tent than the one now in force. There  
was room in such an arrangement  
for the interests of Canadian, English  
and French commerce to be consid-  
ered.

**ATTACKED PREMIER.**  
Said He Was Responsible For  
Bloodshed.

Paris, June 29.—In the discussion,  
yesterday, on the motion for the pro-  
visional liberation of all persons ar-  
rested in connection with the wine  
growers' disturbances, M. Belouze,  
unified socialist, attacked Premier  
Clemenceau, declaring that the latter  
was responsible for the bloodshed in  
the south of France. He became so  
violent that M. Delandry D'Asson,  
royalist, fainted from excitement, and  
had to be carried out. On the vote  
being taken the government received  
a majority of 130.

**Hon. Mr. Blake Better.**  
London, June 29.—Hon. Edward  
Blake, who has been critically ill, is  
now decidedly better and is able to  
leave his room.

**Brought High Price.**

## THE NEW HEAD

Of the United States Geological  
Survey.

Dr. George O. Smith.

Dr. George O. Smith, the new di-  
rector of the United States Geological  
Survey, has been with this branch of  
the service since 1896. He was born at  
Hodgdon, Maine, on February 22nd,  
1871. He is a doctor of philosophy at  
Johns Hopkins University, where he  
studied geology and kindred subjects.  
He married Miss Grace M. Coburn in  
1892. Dr. Smith is noted for his suc-  
cessful field work in Michigan, Utah  
and Washington, and in sections  
throughout New England. He is a  
member of the Geological Society of  
America, and has written a number of  
monographs on important geological  
discoveries and theories which have  
been much commended and widely  
read.

## GANANOQUE NEWS.

Merchants to Close at Noon on  
Wednesday.

Gananoque, June 29.—In Christ  
church parish house, last evening, a  
benefit concert was given for George  
Gallop, the organist of the church.  
The attendance was fairly good and  
an excellent programme was provided  
for the occasion. Among those taking  
part being Mrs. W. H. Britton, Mrs.  
R. D. Brown, Miss Lena Carnegie, Miss  
Winifred Castleton, Messrs. Frederick  
J. Skinner, C. C. Skinner, and Ralph  
Britton.

The dry goods merchants, milliners  
and haberdashers have arranged to close  
at 12.30 o'clock every Wednesday, for  
a half holiday, during the months of  
July and August.

David Byers, King street, is spend-  
ing some time in Detroit, Mr. and  
Mrs. Bethel De Wolfe, Sydenham  
street, who have been the guests of  
their daughter, Mrs. R. S. Stevens,  
Delta, for the past week, have re-  
turned home. Messrs. William Hazel,  
Wilfrid Wesley and Wesley Dalton,  
came on a cruise to the Limestone City  
in Mr. Hazel's launch yesterday. Miss  
Ethel Reid, Tanager street, who has  
been spending the past eight weeks  
with relatives in New York city, has  
returned home.

Miss Mabel Halliday, of Toronto,  
has arrived to spend the summer with  
relatives here. George H. Walker, of  
Chicago, visiting with Mr. and Mrs.  
James Reid, Charles street, for the  
past couple of weeks, has returned  
home. Peter Pelow, Stone street, who  
spent the past week at Hotel Dieu for  
a severe burn of the left eye, has re-  
turned home, considerably improved. Mrs.  
Patrick Ryan of Watertown, N.Y., an  
old resident of Gananoque, spent a  
few days this week with relatives and  
friends in town.

Miss Alberta Weart, a pupil of Gan-  
anoque High School, left yesterday  
for Toronto, to spend the holidays  
there with her mother, Mr. and Mrs.  
John Singleton, of Kingston, spent  
some time this week, in town the  
guest of the latter's parents, Mr. and  
Mrs. Abston Grier, North street.  
Rev. and Mrs. J. Alexander Miller, of  
West Shefford, Waterloo district, who  
have been spending their honey-  
moon here, have returned home.

Mrs. Albert Lee, of Toronto, spent  
a few days this week with friends in  
town. Miss Bessie Arthur, who has  
been attending the first form of Gan-  
anoque high school, spent the week  
at her parents' in Montreal, has left  
for home. Mrs. W. K. J. Smellie, old  
resident of our town, are spending a  
few weeks here with friends.

**Munchausen In Chicago.**  
Rockport, Texas, June 29.—Minna,  
the two-year-old daughter of Mr. and  
Mrs. J. H. Moody, of Waco, was hurled  
into the air, yesterday, by a bunch of  
toy balloons, which—an Italian ped-  
dler on the veranda of the hotel tied  
around her waist, thinking to please  
her. Before the spectators could re-  
sist the temptation she was wafted  
out to sea. Fifty feet in the air,  
A launch, occupied by George Mun-  
roe, of Denver, was in the bay, and he  
came to the girl's rescue. "Firing at  
several of the balloons, he punctured  
several of them and she began to set-  
tle downward, finally landing safely  
twelve feet from the water, on the  
shore of St. Joseph's Island.

**To Have Big Combine.**  
London, June 29.—A great combina-  
tion of iron and steel manufacturers  
is being formed in Great Britain to  
cover from American and German com-  
petition, control the British trade and  
dominate the steel industry of the  
world. Nine big companies headed by  
Vickers Sons & Maxim, have absorbed  
thirty-six independent concerns, giv-  
ing them control of ninety per cent.  
of steel production in Great Britain.  
The combine will consist of the firms in-

## BOILING OIL

**Enccompassed A Family  
Near Road**

**ONE CHILD DEAD**

**AND MOTHER AND OTHERS  
BADLY BURNED.**

When the Oil Boiled Over it Ran  
Over the Woman's Arms and  
Hands and Parboiled Them—  
Her Condition is Very Critical  
Now—A Child in Belleville  
Hospital.

Deseronto, Ont., June 29.—An ac-  
cident occurred at the house of James  
Powers, a farmer, near Road. Mrs.  
Powers was engaged in boiling some  
oil for use in paint, and in some man-  
ner as yet unknown, was badly scalded.  
She was in the kitchen, and was  
over her hands and arms, as they  
were almost parboiled when she was  
found. Her husband, who was at the  
bar, heard her screams and ran to  
her rescue. Three small children were  
playing around the floor, and the  
boiling fluid encompassed them; they  
were all badly scalded, one little girl  
so badly that she died shortly after.  
One of the other children was render-  
ed unconscious, and was at once re-  
moved to Belleville hospital, where  
careful treatment was accorded the  
little sufferer, who in all probability  
will be all right again in a short  
time. The third child escaped with but  
trifling injuries.

Mrs. Powers is in a critical condi-  
tion, her burns being of a serious na-  
ture, and it will be some time be-  
fore she will have the use of her  
hands.  
The affair has cast a gloom over  
the community, all sympathizing with  
the family in their trouble.

**TO WIN A WAGER.**  
Made Bet in Spite of People's  
Horror.

St. Catharines, Ont., June 29.—Un-  
doubtedly the states of the other pro-  
vinces are not doing so well as the  
provinces of Ontario, Quebec, New  
Brunswick, and Nova Scotia, which  
noticed that she was doing, a  
pretty girl, whose home is in St. Cath-  
arines, calmly smoked a cigarette,  
Wednesday afternoon, while seated in  
the street car coming in from Fort  
Dunlop. She, of course, was in one  
of the "five rear seats" reserved for  
the smokers, and she was in full pos-  
session of her rights, the conductor  
not having any objections, though  
asked to remove her by several pas-  
sengers. It turned out that the girl  
was doing the daring deed on a bet,  
and, of course, she won out.

**BOY SAVES THREE.**  
Fishermen's Skiff Capsizes in  
Niagara Whirlpool.

Niagara Falls, Ont., June 29.—A fit-  
teen-year-old boy named Dick Car-  
penter was the means of saving three  
men from drowning in the lower Ni-  
agara river. The men were James  
Scott, of Queenston, and James Scott  
and Hector Lidger, of Lewiston, and  
fishermen. They were out on the  
river in a skiff and got caught in the  
whirlpool or below people on the street,  
in spite of their efforts the skiff  
water and they were thrown out.  
Young Carpenter saw their plight and  
put out in another small boat to their  
aid. Scott and Lidger were unable to  
catch his bow and climb in, but Ste-  
wart was helpless. Scott grabbed for  
him and got his hat, but the man  
went down. When he rose for the last  
time Lidger managed to catch him,  
but could not get him into the boat.  
Scott and Carpenter pulled the boat  
to shore and Lidger dragged Stewart  
behind. He was nearly dead, and it  
took a doctor some time to resuscitate  
him.

**Years For Manslaughter.**  
Toronto, June 29.—John H. Aman,  
convicted of manslaughter, was sen-  
tenced to eleven years at Kingston pen-  
itentiary.

## PITH OF THE NEWS.

The Very Latest Culled From All  
Over the World.

The Liberals of Durham nominated  
R. B. Simpson, K.C., for the House  
of Commons.

The Imperial Board of Trade of  
London, England, will appoint nine  
commercial correspondents in Canada.  
Sweeping powers have been given  
the public utility commission appoint-  
ed by Governor Hughes, of New York  
state.

The Belfast dock laborers are on  
strike and the traffic in the Pacific  
channel is being seriously interfered  
with.

Russian troops on the Turkish fron-  
tier have been greatly strengthened to  
prevent Armenian refugees crossing  
to spread their agitation in Russian  
territory. A repetition of the mas-  
sacre of 1895 is feared.

The latest word from The Hague is  
the report that Britain is prepared to  
abandon her principle of contraband  
of war, and that the pope continues  
to protest against his exclusion from  
the conference.

Augustine Birrell, in introducing the  
evicted tenants' bill in the British  
House of Commons, said there were  
two thousand tenants to be reinstated,  
and the government wanted to  
make a clean job of it, and must ac-  
quire land compulsorily.

Many farmers about Louisville, near  
Chatham, Ont., were innocently en-  
snared a few days ago to pay \$7 a hundred  
for old telegraph poles to be de-  
livered later. The man who sold them  
said he was a superintendent of the  
C.P.R., and that that railway was  
soon to pull down its poles and put  
in its new underground. The poles are  
still waiting and so are the farmers.

The C.P.R. is of age. Twenty-one  
years ago it had only 4,651 miles of  
track; today it has, roughly speaking,  
12,000 miles. Then it had one through  
train a day five days in the week, go-  
ing to Vancouver in five days and a  
half. Today there is the double daily  
transcontinental service, the Over-Sea  
mail every month, and the trans-Can-  
ada Limited, running three times a  
week during July and August, and  
each making the trip in two days less  
time than the one took twenty-one  
years ago.

**BIG INCREASE**  
In Population in the Western  
Provinces.

Ottawa, June 29.—A census bulletin,  
issued to-day, says that the popula-  
tion of Manitoba, Saskatchewan and  
Alberta was 1,913,132 in April, 1901, and  
in June, 1906, 2,083,563, an increase in  
five years of 89,231. The total popula-  
tion average was, in 1905, 82,461,627 bushels.  
There were under cultivation, in 1906,  
in the same three provinces, 5,063,592  
acres. The whole area in wheat, bar-  
ley and oats increased from 3,491,413  
acres, in 1900, to 6,025,190 acres in  
1906, and to 7,915,611 acres in 1906;  
and the yield of the three crops in-  
creased from 42,292,964 bushels in  
1900 (which was a bad harvest year),  
to 152,244,929 bushels in 1905, and to  
240,450,000 bushels in 1906. The num-  
ber of farms increased from 31,515, in  
1891, to 54,825, in 1901, and to 129,  
439, in 1906.

**PHONE'S FATAL FALK.**  
Man Bleeds to Death For Want of  
Doctor.

Akron, Ohio, June 29.—Andrew Lan-  
son, seventy-one years old, a wealthy  
contracting carpenter, died because a  
new telephone instrument would not  
work.

He had long been afflicted with  
rheumatism, and hearing that bleed-  
ing would relieve the pain, went into  
a woodshed behind his home and  
slashed his leg with a pocket knife. A  
stream of pain brought members of  
his family to the shed a few minutes  
later and they found him lying in a  
pool of blood. His wife hastily ran  
to the telephone to summon a physi-  
cian, but after working in vain for sev-  
eral minutes, gave it up and sent a  
messenger. When the doctor finally ar-  
rived Lanson had just expired, having  
bled to death.

**Horrible Holocaust.**  
Victoria, B.C., June 29.—A horrible  
holocaust is reported, in mail adver-  
tising, from Hong Kong, where five hun-  
dred Chinese, of the audience of a  
Chinese theatre, and ten of the actors  
were burned to death when the native  
theatre was destroyed by fire. The  
flames spread rapidly and the building  
collapsed, blocking the entrance with  
burning debris. The origin of the fire  
is said to have been due to the ignit-  
ing of explosives concealed under the  
floor of the theatre.
