THE CITY COUNCIL STREET WATERING DECLARED UNSATISFACTORY

More Watering Carts. Must Be Secured—Agreement With the County Regarding the Care of County Poor.

The city council held a special meeting last evening. There were present Mayor Mowat and Alds. Carson, Cooper, Craig, Douglas, Free, Gaskin, Graham, Murray, McLean, Hill, Nickle, Rigney, Robertson and Toye.

Francis King, objecting to dog tax, as his dog lived during no part of the present year.

Rev. Father Men, on behalf of the Roman Catholic Episcopal corporation, applying for refund of taxes on lot in front of the Hotel Mac hospital at present used as a public thoroughfare.

The Board of Works' Report. The Board of Works report recommended that the petition of M. Sullivan and others for street watering on Rideau street, from Bay street to Reglar Road, be not granted this year, it being impracticable to extend the street watering area with the present facilities for doing the work.

That the petitions for concrete walks be granted if sufficiently signed. The report was adopted. A discussion took place regarding the street watering. Ald. Gaskin declared that satisfaction there was not secured at once so that a better service could be given.

Mayor Mowat and Ald. Rigney hoped that more carts would be got without delay so that the street watering area could be extended as there were other citizens who wished street watering.

Ald. Nickle pointed out that several other sections had applied for street watering, and could not get it. Ald. Gaskin said that the city engineer had advised that the street watering time be not increased until more carts be secured.

Agreement With County. R. Meek, secretary of the House of Industry, wrote the council concerning a new agreement with the county council in connection with the care of the county poor.

A county council deputation, consisting of County Clerk Edwards and Councilors, Miller, Foley, McGregor and Briceland, was present in connection with the agreement, which they asked to have ratified.

Other Business. Several other by-laws were passed, three with reference to raising of money for certain city purposes, and another for the construction of certain concrete walks.

Ald. Rigney moved, seconded by Ald. Robertson, that extra watering carts be secured at once. Carried. Ald. Givens moved that the city property committee be given power to act in regard to rebuilding the fence at the fair grounds, which was destroyed by fire, on Thursday.

Ald. Rigney moved that the council direct the parks, water and fire committees to make provision for watering Macdonald Park, the grass in which is being burned up.

Ald. Carson, chairman of waterworks, wished to know if the city would give water for the court house lawn which also are being burned up. The city gets the benefit of the lawn there.

Ald. Gaskin thought it wasn't fair to the ratepayers to have the water for the parks and court house lawn. The city had too many parks, government institutions and charitable institutions, he said. The ratepayers would likely suffer by these free grants.

The motion of Ald. Rigney was carried, the desire of the aldermen being to have the parks kept green during dry weather, so as to impress visitors that the city was not asleep.

Ald. Nickle asked that the city solicitor instruct the city treasurer as to the legality of giving discount on taxes on July 2nd. The last day of discount is June 30th, but as that date falls on Sunday, and as Monday is a legal holiday, it would appear that the city cannot Tuesday should be entitled to discount.

The council adjourned at 9:30 o'clock.

Beware of Ointments For Catarrh That Contain Mercury. As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous membrane...

REV. F. H. SPROULE THE NEW PASTOR OF PRINCESS ST. CHURCH

This Charge Should Have the Loyal Support of All City Methodists—The Filling of the Pulpits on Sunday.

Rev. F. H. Sproule, B.A., appointed pastor of Princess Street Methodist church, is an honor graduate of Victoria University, and a man of keen mental acumen, as well as of spiritual force.

Transatlantic Tales, the magazine that publishes in English the best contemporary stories of other lands, is running a series of stories that rival the Sherlock Holmes and Barnes tales.

July Century is a "Fiction Number." Mrs. Frances Burnett's "The Shutehaws" and Elizabeth Robins' "Come and Find Me" grow in strength.

A Well-Known Citizen Passed Away This Morning. The death occurred early this morning of ex-Alderman David Franklin Armstrong, at his residence on Johnson street, after an illness of several months, resulting from apoplexy.

Indications point toward a paragon being erected on a site near the church, in the near future, and if this were accomplished, Princess Street Methodist could not help but be considered one of the most desirable stations outside of the great centres in the conference.

Church Services. Bethel church—At 11 a.m., address by Mrs. G. A. Markenzie; 7 p.m., song service and gospel address.

Brook Street Methodist church—Services at 11 a.m. and 7 p.m. Rev. T. E. Burke, B.D., pastor, will preach Sunday school, at 3 p.m. Young People's Society, at 8 p.m. Wednesday.

First Baptist Church—Rev. Douglas Laing, pastor, at both services, 11 a.m. and 7 p.m. "The Healing Touch," 7 p.m. "Israel's Bread in the Wilderness," Sunday school and Bible class, 2:45 p.m. A cordial welcome to strangers to all services.

Sydenham Street Methodist—Rev. Charles A. Sykes, B.D., pastor, 11 o'clock, "The Prophetic Function of the Ministry," 7 p.m. "The Priestly Function of the Ministry." Next Sunday and during July and August the Sunday school session will be held at 12:15 o'clock, immediately after the morning service.

Queen Street Methodist church—Rev. W. H. Sparling, B.A., pastor, 11 o'clock, "The Prophetic Function of the Ministry," 7 p.m. "The Priestly Function of the Ministry." Next Sunday and during July and August the Sunday school session will be held at 12:15 o'clock, immediately after the morning service.

Turn On The Lights. There is still much kicking among the citizens regarding the street lighting on nights when the moon has risen or when it is obscured. Last night was an instance. Between nine and ten o'clock it was very dark, but the street lights were not turned on.

Improving Nicely. George Armstrong, the victim of Friday's shooting accident, is improving nicely, and will probably be able to return to his work on Monday. No further information has as yet been received from the officers of the 49th Regiment, in reference to the shooting, although it was reported here that the men would be placed under court martial.

Before Going Camping. Call at "The Red Star," and get your supply of sardines, pickles, celery-salad, salmon, lime juice, raspberry vinegar, canned goods, bananas, and oranges. Edwards & Jenkin, 274 Princess street, phone 775.

Soldiers' Trip Abroad. The 14th P.W.O. Rifles will leave for Waterton, N.Y., on Wednesday evening, at 7:30 o'clock. The steamer America will carry the regiment to the Cape.

Monday Is Dominion Day. Buy your new hat tonight, and buy it at Campbell Bros', where you are absolutely certain of getting the correct style. No old stock there.

At The Police Court. Two first appearance drunks were given a chance to change their ways, at the police court, this morning. One will go to Cape Vincent and the other will sail on one of the boats running out of Kingston.

Speed, Safety, Seemery. All enjoyed if you take Caspian's special tour of 1,000 islands on Dominion day, at 10:15 a.m.

"Keep your blood cool." Abby Salt, Sakine Laxative and Enos Salt will do it. They are fresh at Gibson's Red Cross drug store.

At this season of the year the best game preserves is a refrigerator. For tired, sore, worn out feet use Enos, 25c. a large tin. Medley's.

The Belgians as potato eaters far outstrip the Irish. Corn cures foot powders, etc., at Chown's drug store.

Many a man who looks wise can't be living at it.

REV. F. H. SPROULE

will preach, 11 a.m., "The Needs of Vacation," 7 p.m., "A Lesson in Common Sense Christianity," Sunday school, 2:45 p.m.; midweek service, 8 p.m., Wednesday.

First Congregational church, corner of Wellington and Johnson streets—Pastor, Rev. Charles Villiers. Divine worship at 11 a.m. and 7 p.m. Sunday school immediately after the morning service. A cordial invitation to all. Seats are free.

Chandler's Presbyterian, corner Berrie and Earl streets—Pastor, Rev. M. Macgillivray, D.D. Services: 11 a.m., "Turning Aside to See, and the Great Things That Have Come by Its Force. He is assuredly the 'right man in the right place,' and will, no doubt, be a successful instrument in building up Methodism in this important part of the city.

Princess street church holds a unique place in Methodism, in Kingston, and should have the hearty support and co-operation of all loyal members and adherents of the church.

Should Be Sung Everywhere. The Dominion day hymn by Rev. B. S. Forster, much admired last year at its introduction, should be sung in all churches to-morrow, as a reverent expression of a nation's feelings. Copies may be procured at the Whig office during this evening.

1,000 Islands—Rochester. Steamers North King and Caspian leave 10:15 a.m. for 1,000 Islands points daily except Monday. Returning leave at 5 p.m. for Bay Quinte, ports and Rochester, N.Y. J. P. Hanley, agent.

Ontario Medical Council. The Ontario Medical Council annual meeting will be held in Kingston, in opening in the council chamber of the court house at two o'clock on Tuesday afternoon, and continuing till Friday.

Left For A Trip. Lieut.-Col. Henning, U.S.O., Eastern Ontario command, left at 7 o'clock for Toronto to spend a few days. He will be at Peterboro on Wednesday, Thursday and Friday inspecting the 5th regiment.

Helped The Good Cause. A member of the Humane Society, who lives on King street, and keeps a dish of water on her lawn for dogs, was gratified yesterday by a token of appreciation. A citizen who goes by every day, handed her 50c. for the society, saying his dog took a drink every time it passed the house.

Heals Like A Magic. Wade's Ointment is more than a soothing, healing application. It is antiseptic and germicide. It heals, it prevents the infection of wounds by germs and it destroys the germs or parasites that cause annoying and stubborn skin diseases, such as Salt Rheum, Scald Head, Cold Sores, Erysipelas, Piles, etc. In big boxes, 25c., at Wade's Drug Store.

Cow Was Killed. Early last night, a street car coming in from the outer station, struck and killed a cow, owned by Thomas White of Stephen street. The accident occurred at the corner of Bagot and Russell streets. The cow wandered away from its nearby pasture, on to the tracks, and the motorman was unable to stop the car in time. The animal was not killed outright, word was sent to Constable Hughes to shoot it, so as to end its sufferings. The officer hurried to the scene, but death came before he was able to reach there.

Your Blood Needs Iron. The iron in your blood takes the oxygen from your lungs and with it destroys harmful waste matter that otherwise will poison you. If your blood lacks iron some of these poisons remain in the system to cause disease. Escape disease and be strong and well, enriching your blood with iron. Use Wade's Iron Tonic Pills (Laxative). They are a great nerve strengthener, and those who are weak, 25c. at Wade's drug store. Boxes back if not satisfactory.

A Lad's Success. It is with great pleasure that we notice the success of a Kingston boy, Master Taylor, son of J. Taylor, agent of the Bank of British North America. The lad won first prize in the Toronto Globe's nature note competition, with a bird record extending to the system to cause disease. Escape disease and be strong and well, enriching your blood with iron. Use Wade's Iron Tonic Pills (Laxative). They are a great nerve strengthener, and those who are weak, 25c. at Wade's drug store. Boxes back if not satisfactory.

STEAMER AFLOAT

CAPT. JOHN DONNELLY HAS ONE OFF.

The News Came to Kingston on Friday Afternoon—Deserving of Great Credit For His Work.

Capt. Thomas Donnelly received a message, on Friday afternoon, stating that the steamer Nottingham, ashore at Buffalo, had been floated and that the steamer Smith will be taken off in a short space of time.

The work of releasing the big steamers Nottingham and Smith, driven on the beach at the foot of South Michigan street, in the big January gale, is progressing very favorably. Yesterday afternoon, when Capt. Donnelly had centred his operations for some time, was sent forward about thirty-five feet, until now her bows are in deep water. A channel one hundred feet wide and from ten to twelve feet deep has been dredged from the boat to deep water, and it is expected that she will be able to float herself to-day with her own steam.

Capt. John Donnelly, who has had charge of the wrecking operations for the Donnelly Wrecking and Salvage company, Kingston, Ont., is deserving of great credit for his success in what at one time seemed to many to be a hopeless task. The channel made for the Nottingham will be used for the Smith also.

Marine Paragraphs. The steamer Alexandria was at Folger's, Friday night, on her trip up. The steamer Midland Queen cleared from Richardson's for Cleveland, to load coal for Jackfish, a harbor in Lake Superior, and will then proceed to Fort William.

The steamer Island Wanderer was here for about twenty minutes, Friday afternoon, with a party of Rochester people, who are touring the Thousand Islands.

The steamship Westport passed down on her way to Brockville. M. T. Co. The tug Bronson, up, with two barges, and cleared for Montreal, with two barges.

Swift's. The steamer Picton, down, Saturday morning; Picton, in, to-day; the steamer Hamilton, in, to-day.

A Short Sketch. John L. Stokard, the noted travel lecturer, was born in Brookline, Mass. He graduated at Williams College, and then studied theology for two years at Yale Divinity school. He next taught Latin and French in the Boston Latin School. In 1874 he was able to gratify a long cherished desire to travel in foreign lands and next only made the customary tour of Europe, but visited Greece, Asia, Palestine and Egypt. He then studied in Germany and upon his return to America began his career as a lecturer, which for about twenty years knew no interruptions save those due to his repeated visits to remote countries.

The publication of his lectures is not an after-thought, but the culmination of his original plan, which was his intention as soon as his series of travel, lectures could be completed, to offer them in enduring form to a ten-fold larger audience than he could reach with his voice. On retiring from a life of travel far and wide through many a clime and kingdom of the civilized world, he has selected for a home, in which to spend his life, the favorite residential suburb of Meran, the former capital of Tyrol.

A Light Berry Crop. Grant Pike stated, on Saturday morning, that unless the weather altered within a few days the crop of small fruits would be light and of poor quality. He expects to use but one car load of berry boxes this year owing to the severe winter and cold spring, reducing the crop one-half. Millions of which would be planted on the St. Lawrence fruit farms, will be too late for the summer trade among the islands, if they ripen at all. Mr. Pike's report may be taken for Eastern Ontario, as he has the largest fruit farms in the east.

Only Muster Inspection. The 14th P.W.O. Rifles will have muster inspection on Tuesday evening at the armories. It is not likely there will be any field inspection this year, as Col. Gordon, O.C.E.O.G., has all along been observing the work of the regiment, and hence does not require to put it on the field for special inspection.

The chairmen of the water, fire and parks committees will meet to arrange for the watering particularly of Macdonald Park during dry weather. Macdonald Park is badly burned up. It should have been attended to before.

Don't forget that Crother's celebrated Bideau chocolates are sold exclusively at Medley's Drug Store. The Invalid's Tonic, Red Iron and Wine, 50c., at Gibson's Red Cross drug store. Fresh there.

Bibby's for swell bathing suits. Lime Juice in pint bottles, 25c. Medley's.

Ireland holds the record for centenarians. The city council should order new flags for the city buildings. The present ones are not fit to be exposed.

Arrivals at E. A. Hotel. M. W. Haynes and wife, G. E. Clarke and wife, Rochester; Robt. K. Brandon, Buffalo; E. T. David, Wrentham; Lieut.-Col. Edwards, Edmondson; W. Bailey, Bristol, Eng.; Henry W. Mackenzie, A. P. Christians, Montreal; W. Jeffrey Moffatt, H. S. Layson, Cardston, Alta.; M. A. Scott, Edmondton; John Bennett and wife, F. C. Hazard and wife, Rochester; Ab. Sawley and sister, Stirling; A. W. Fuller and wife, G. J. Davis and wife, Madison, Wis.; F. T. Mitchell, C. A. Sanderson, J. W. Neilson, Montreal; F. E. Jacobs and wife, Norwich, Ohio; C. E. Rice, Trenton, N.J.; W. A. Beal, R. W. Murphy, J. R. Good, Toronto.
