THE 5 P.M. EDITION

GIVEN TWENTY YEARS.

Long Term In Pen For Fort Arthur Man.

Twenty years in the Kingston penitentiary for attempted murder, this is the fate of Stephen Miller, a Polisher, from Port Arthur. He was sentenced a short time ago, and was brought to the city to-day.

Another Fort Arthur man, Francis Victor, a Finlander, was brought here to serve two years, on a charge of assault.

The New Registrar.

Dr. J. L. Bray, the newly elected registrar of the Ontario Medical Council, has his lucky star set in a Kingston firmament. He was born here, at the old day-time, son of a veteran who commanded the gallant steamer which conveyed reinforcements to the Windmill light in 1837, near Prescott. He took his college course here and graduated, was married here, received his M.D. degree here, and now receives unanimous call to the honorable and comfortable executive office of the council. He has been one of its most zealous members and deserves the preference. In Chatham he has long borne the praise of a successful, devoted practitioner and of good citizenship. The salary of the registrar is \$2,000, and he is not debarred from practice.

THE NEW FACULTY

TWO APPOINTMENTS MADE BY QUEENS TRUSTEES

Prof. Cecil Lavell is a Kingstonian and a Man of High Attainments—An Offer Made to an Oxford Man.

Prof. Cecil Lavell, M.A., a graduate of Queen's and a son of the late Warden Lavell, has been appointed dean of the new faculty of pedagogy to be established, with government aid, at Queen's University. He has accepted. He comes here after a prolonged service in United States colleges.

Prof. Lavell is a brother-in-law of Registrar Chown, of Queen's. He graduated in 1894, was tutor in history for several years and his latest work was done in the college at Lewiston, Maine. He was a candidate for the chair of history at Queen's as successor to Prof. Ferguson.

Hector Anderson, M.A., of Oxford University, a recent candidate for the chair of Latin in Queen's, has been offered the position of professor of education in the new faculty.

Who foibles and fumbles, and really yet "whose form is perfect," the men all say.

Boydell Birch, who spent the past two months in the Temagami district, has returned and is now at Thousand Island Park for the summer.

J. Thomson, of the Goderich music store, died on 27th June, and on Saturday his funeral took place under the auspices of the A.O.U.W. He was sole agent for the Wortham Piano company, Kingston.

A. Price, superintendent of transportation for the western lines of the C.P.R., with headquarters at Winnipeg, who has been in the city, will be in town to-day in his private car, Minnetonka.

Prevost, Brock street, has received three cases of imported goods for his order clothing department, consisting of Scotch and English tweeds, serges, chevots and vicunas. A great variety of them to choose from.

The steamer America had a large crowd on board this afternoon on its trip to Cape Vincent. The celebration in Watertown on July 4th being the drawing card. Another big crowd is expected to leave on the early morning boat to-morrow.

HAD A FINE TIME.

St. George's Sunday School Had An Outing.

Clouds which only sheltered from the July sun, yet shed no rain on the holiday-makers, a cool breeze which made runs and other sports entirely a pleasure, happy children and well organized assistants, with a generous tea to top off, made the Sunday school picnic of St. George's cathedral, on Tuesday, an immense success. Dean Farthing and Canon Starr were both there to direct things, and yeoman service under them was done by A. C. Dunbar, Prof. N. Gill, Louis Marchand and C. Patterson, a sometimes choir boy and man whom all were glad to see again.

Miss Emily Muckleston and Miss C. Smith had the teachers in hand for the tea division of the day, and never has this been better managed, so that all led very grateful to the leaders. A special vote of thanks was given M. S. Sutherland for his gift of tea, which made a brew unexcelled.

The America took the crowd over at one o'clock, and the Pierpont landed it at home before the town clock struck eight. The way home was enhanced by the distribution by Canon Starr of the prizes won in the various sports.

Victorian Nursing.

During June the local Victorian nurse attended nine cases. Ten dollars in fees were elected. Visits made to all 102. Of the patients four were Anglican, two Presbyterian, two Methodist and one Roman Catholic.

DR. WILLIAM SPANKIE.

The New President of the Ontario Medical Council.

Dr. William Spankie, B.A., president-elect of the Ontario Medical Council, was born in Kingston, in 1860, of Scotch parentage. He was educated in both private and public schools, and also at the old grammar schools. In 1879, he entered Queen's College and took the degree of Bachelor of Arts in 1882, and Doctor of Medicine in 1885. In both courses he graduated with honors, being gold medalist and prize essayist. As a student he was thus brilliant and thorough. Since he has practised his profession on Wolfe Island. In 1886, he was appointed inspector of the public schools of Frontenac, and has held that position ever since, besides continuing his medical work.

This is Dr. Spankie's third term of election as representative of District No. 15, which comprises Frontenac, Addington, Lanark and Renfrew. Merit.

DR. WILLIAM SPANKIE, B.A.

Members of the medical council are elected for a term of four years, and three times Dr. Spankie has been returned by acclamation. This is, therefore, his ninth year as a member of the Ontario Medical Council. Some years ago he took an active part in having the medical matriculation standard raised, on the ground that those carrying the medical profession should be better qualified. The raising of the standard has had a good effect.

Dr. Spankie's elevation to the presidency was by acclamation. He has many warm friends among the doctors of the province, and it was the general wish that he be presiding officer for the ensuing year, though he wished to retire on the laurels of vice-president. His active interest in educational matters fits him for the important position he has been called upon to occupy.

FORTSMOUTH COUNCIL

A Volunteer Fire Brigade Proposed.

The Fortsmouth council met last evening. Members present were Councilors Bailey, Simmonds and Kennedy. In the absence of the mayor, Councilor Kennedy presided.

Rev. Mr. Eyrer addressed the council advocating the formation of a volunteer fire brigade among the villagers. The matter will be taken up again at a full meeting of the council.

Councilor Kennedy advocated the purchase of several fire extinguishers to be placed in convenient houses throughout the village.

Still Another Complaint.

In spite of the fact that a warning has been given several times by the police about tying horses on the streets and allowing them to remain for hours, this violation continues. This morning the police received word that a horse had been tied to a post at the corner of Wellington and Clarence streets, and left there. Constable Hughes, who investigated, could not find the owner of the outfit, and took the horse to a nearby livery stable, at the expense of the owner.

How It Was Divided.

The amount of money that Mayor Mowat drew from the Bank of Montreal, as Prince of Wales's gift to Kingston charitable institutions was \$12,400. His worship divided the amount as follows: General Hospital, \$50; Hotel Dieu, \$50; House of Industry, \$41.25; House of Providence, \$41.25. The House of Industry received one cent more than the House of Providence on the toss of a copper.

SWIFT GAME THIS

PITTSBURG MAN LOST \$76,000 IN A FARD GAME.

After He Had Dropped Over \$50,000 He Chartered a Special Train to Go Home and Get \$25,000 More.

Pittsburg, July 3.—T. C. Davis, oil operator and director in the German National bank, at Marietta, Ohio, told, yesterday, of losing \$76,000 to W. J. ("Jack") Adams and Francis B. Ranger, of Pittsburg, and Francis Thompson, of New York, through an alleged crooked faro game played in a house just off Columbus avenue, in New York. He charges the trio with conspiracy to defraud.

Davis said that after he had lost \$33,000 in two sittings he chartered a special train, and going to Marietta, secured \$25,000 more, which he also lost. He said he was induced to go into the game by Ranger, who promised that Thompson, the dealer, would let him win \$100,000 to get revenge on a syndicate which owned the game. Davis now says the scheme was a bunco.

Ald. Toole, to whom Davis appealed, reserved his decision, stating that he would probably have to dismiss the complaint because of lack of jurisdiction. Davis says that wealthy Pittsburgers have been forced to the extent of \$1,000,000 in the last two years by the three sharpers.

ORCHARD A LIAR.

This Is The Defense's View Of The Affairs.

Boise, Idaho, July 3.—Haywood's lawyers divided their time, yesterday, between efforts to prove Orchard to be a liar and attempts to show that in Cripple Creek and Tidahatchie the mine owners and the Citizens' Alliance members, and not the miners, were the aggressors in the days of trouble. First they worked out several witnesses whom Orchard had accused of participating in his unlawful doings, all hands round swore that the things Orchard said about them were lies, but they all admitted knowing Orchard's name intimately. Their accounts of the scenes at the time of the acquaintance agreed well with Orchard's. The day's witnesses included three bar-tenders, "early every witness that testified had heard Orchard threaten the life of ex-Governor Steuneger.

Showing Free Gold.

New Liskam, July 2.—To those who have never been in Northern Ontario, at least as far as this town and Cobalt, the statement that there are so many lies in the woods and mining camps that the men are quitting the mines and woods in groups, may possibly cause great surprise. Such is the case however. Prospectors arriving here from Larder Lake and the new gold camp report the presence of large files and myriads of flies make life almost unbearable, especially if one is residing any distance back from the lake.

It is also reported that the heat is intense and sultry. However, there is always two sides to a story and it is just possible that those tales of distress have been somewhat magnified. The discoveries that have been made of late has caused great enthusiasm. Developments have been diligently prosecuted, especially on some of the older properties, such as the Dr. Redick, Harris-Maxwell, Blue Bell and Lucky Boxes. The superintendents of the two latter companies have recently visited here and both speak in the highest terms of the values, showing free gold, that have been obtained from their properties.

At Philadelphia, 1; Boston, 2. At Pittsburg, 4; St. Louis, 3. At Brooklyn, 3; New York, 2. American League—At Cleveland, 4; Chicago, 0. At Detroit, 8; St. Louis, 5. At Boston, 2; Washington, 6. At New York, 8; Philadelphia, 7.

An Exciting Runaway.

There was rather an exciting runaway, on Ontario street, early last night. A young man left his horse standing near the G.T.R. station, and the animal took fright and bolted down the street. On the way it collided with several telegraph poles, and the rig was damaged. At the corner of Brock street, a man succeeded in catching hold of the reins and bringing the animal to a standstill.

Taken To Orilla.

Two members of the Greer family, who have been cared for by a charitable institution for several weeks, were, last night, sent to the asylum at Orilla. It will be remembered that the family are new arrivals in the city. Mrs. Greer's husband died about a year ago and she has had a difficult time in making both ends meet. The two other children will probably be placed in the Infants' Home.

Norwegian Steamer Here.

A Norwegian steamer, the Proulx, was in the harbor to-day, en route to Pusan, N.Y., and Sarina, with pine. She stopped here a short time to get charts.
