## DOCTORS IN TURN FAILED BUT ZAM-BUI

Magistrate F. Rasmussen, writing from his residence, 211 Marquette St., Montreal, says. "I take genuine pleasure in informing you of the great good I have derived from Zam-Buk. For many years I was troubled with a serious eruption of the skin, which was both unsightly and painful. Not one, but several doctors in turn were consulted, but I was unable to get any permanent relief. Some time back I noticed a report from a Justice of the Peace who had been cured of a chronic skin disease by Zam-Buk, and I determined to give this balm a trial. After a thoroughly fair test, can say I am delighted with it. While everything else I tried—salves, embrocations, washes, scaps and doctor's prescriptions failed absolutely to relieve my pain, three boxes of Zam-Buk have worked a complete cure In my opinion this balm should be even more widely known than it is, and in the hope that my experience will lead other sufferers to try this herbal healer, I have no objection to you publishing this letter. Yours truly, (Signed) F. RASM USSEN, Justice of the Peace. Summer eczema, rashes, sunburn patches, children's heat sores or babies' chafing sores, cuts, burns, bruises, insect bites and sings and all skin in juries and diseases yield to Zam-Buk.
