Bring Sankey's Sacred Songs, a cordial welcome to all, especially to visitors in the city and to the old home. Seats are free. Come.

THE DEARY PUFFING OF THE GASOLINE LAUNCHES.
In various places, by-laws exist requiring all motor boats to have mufflers so as to deaden the monotonous sound of their working. Nothing is more disagreeable than the noise made by motor boats without mufflers. Especially is this the case early in the morning when one is wakened by putting up his tent. It is time that the city governing the nuisance. If yacht owners were considerate there would be no need of this legislation.

Why The Season Is Slow.
General Manager E. E. Horsey, of the Bay of Quinte and Lake Ontario Navigation Company, attributes the slow season to the cold weather of June and to the exposition in the south. The travel on the boats has not been so large this July as last, but it is expected that the next six weeks will show up well. Among the Thousand Islands things are decidedly from Mr. Horsey's company. He has probably as good a year as last by the time Sept. 1st arrives, owing to the increased accommodation on the steamer Caspian, which can carry more tourists.

INCIDENTS OF THE DAY.
Reporters Picked Up By
Try Bibby's outing suits, \$7.50. Try the chocolates are made fresh, every day. Mrs. McCambridge has sold her brick house on John street. Twenty per cent. off Progress brand clothing, Livingston's. See advt. William Swaine, piano tuner, orders received at McAuley's, Phone 778. Mrs. Fowler, Bay street, was removed to the General Hospital this morning.

Poor Strawberry Season.
Not for years has there been such a small amount of strawberries brought into Kingston from outside places. What did come were of an inferior quality and high in price. The prices of Wolfe Island, have supplied the local merchants with berries all month, and secured much higher prices, owing to the choice quality of the product. These Wolfe Island men are turning out the best strawberries in the whole province of Ontario.

Thoughtful Little Girls.
On Friday two little girls, Miss Ethel Kent and Miss Kitty Hughes had a small sale which took place on the verandah of "Somersby House." For only a few days' preparation the children realized \$1, and this being equally divided and a mother, Mr. Ernest Wolfe, interested, presented to help spend the \$2, a number of needful and nice things found their way to the General Hospital, which had been the object of the thoughtful little girls worked for.

THE 18-RATER CLASS WILL BE THE YACHT TO BE DEVELOPED.

By the Foot of the Lake Club—Waterworth's Challenge Called the Crescent—The Cup is a Fine One.

It is expected that the building of the eighteen-rater racing yacht Kathleen will lead to the building of similar yachts by the Kingston club in succeeding years. This size of yacht is the one which will be developed by the Eastern Racing Circuit of Lake Ontario, as it is the most convenient type of boat for racing and cruising combined. In a like class with the Kathleen, the new Waterworth's yacht of similar dimensions are the Toppi, Chirya and Thistle, of Kingston, and the Heather, of Gananoque. These boats can have a series of exceedingly interesting races. The Toppi is owned by E. C. Gilderlove. While it is not quite fast enough to beat the Chirya, it is always good for a race, and makes the other fellows hustle to the utmost. The Toppi is a fine boat for cruising. In view of its light draught, it can just about without a dinghy, and be run close to the beach.

Named The Crescent.
The Waterworth, N.Y., craft that will meet the Kathleen, of Kingston, has been named the Crescent after the Crescent Yacht Club, of that city. The Waterworth Standard says that the Crescent has behaved splendidly, and is confidently expected to land the cup for this season.

TWO HARBOR NUISANCES.
The Drury Puffing of the Gasoline Launches.
In various places, by-laws exist requiring all motor boats to have mufflers so as to deaden the monotonous sound of their working. Nothing is more disagreeable than the noise made by motor boats without mufflers. Especially is this the case early in the morning when one is wakened by putting up his tent. It is time that the city governing the nuisance. If yacht owners were considerate there would be no need of this legislation.

He has probably as good a year as last by the time Sept. 1st arrives, owing to the increased accommodation on the steamer Caspian, which can carry more tourists.

Notes On Sport.
An English writer says that the needs of the old country turf are better riders and fewer frivolous objections. The schooner Mary Ann Lyden is at Crawfords with coal. The M. T. Company's tug Jessie Hall was in the dry dock to-day. The schooner Ford River cleared, from Richardson's, with feldspar, for Charlotte. The steamer Alexandria, called at Folger's wharf, last evening, on her way to Charlotte. M. T. Co.'s tug Hall and three barges, from Montreal, clearing with four grain laden barges for the same port. Swift's steamer Hamilton, down, last night; steamer Belleville, up, to-day; steamer North King, from Charlotte; steamer Rideau Queen, from Ottawa, to-night.

Kingston's Famous Fur Store.
Are You Ready For Your Outing?
We have everything you can think of for your head. Duck hats for boating 25c, and yachting caps for when you're out or a short pleasure outing, 25c. up. Colored "Land and Water" Hats, 50c. Remember we're in our new store.

George Mills & Co.
Importers of Fine Hats.

Very Satisfactory Work.
Miss Susie Bowden recently completed a series of lectures on dietetics, to the nurses at the Kingston General Hospital. This course of study is an innovation in the school of training and was greatly appreciated by all interested. Miss Bowden made her lectures very interesting and past experience in teaching enabled her to present the theories and their application in a concise and easily understood manner. Such as few lecturers are capable of doing. The practical side of the study was carefully undertaken and illustrated and proved of great interest and benefit to those taking part therein. The authorities at the hospital, were certainly instructed in securing to give her services to the work and the added instruction fills a long felt need in the already excellent course of training the nurses receive.

Livingston's sale lasts fifteen days only. See advt. Cooked ham, sardines, catsup, salmon, and all kinds of campers' supplies. Edwards & Jenkin, 274 Princess St. Try Bibby's for outing trousers.

HAS A FINE LIBRARY EXCLUSIVE FUR STORE.

THIS SUPERIOR TO OTHERS IN THE WEST. The Town Council Had a Special Meeting—The Vital Statistics For Six Months—Personal Notes.

Pictou, July 20.—Messrs. Tice and J. H. Nolan, of the Pictou library board, have returned to town fully convinced that Pictou's new Carnegie library is superior to any of equal cost in the province. They spent a week in Western Ontario, particularly visiting Guelph, Galt, Berlin and Parkville. Made the first three towns have an auxiliary building erected at almost double the cost of Pictou's, they are not considered as complete. Paris erected a library, at \$10,000, but it is inferior to the local building at the same price. The trip has given these two gentlemen of the board many valuable tips gained from "the other fellows' experience. It is not anticipated that the library will be formally opened for six weeks yet, though the books will be re-issued to the public in about two weeks' time.

When Hose May Be Used.
A citizen writes, asking what are the hours fixed by the water works for the use of hose. The hours are from 6 to 9 a.m., and from 4 to 8 p.m. To use hose on lawns outside of those hours is to make one liable to be fined by the police magistrate.

A New Policy.
The municipal council of Ernestown has passed a resolution not to pay bonuses for wire fences erected after July 31st along the public highway, and are about to pass a by-law prohibiting such fences as will be an injury to the road in the winter season.

Married in New York.
Frank L. Baker, of New York, formerly of Kingston, was married, on Wednesday morning, July 18th, to Miss Martha Cross, New York, in St. Ignace church, West End avenue and 87th street, New York. Mr. Baker is a son of Mrs. Mary Baker, and brother of Mrs. Frank H. Anglin, Kingston.

Back To His Old Home.
Herbert J. La Rose, son of Mr. and Mrs. Napoleon La Rose, 24 Yonge street, is in the city on a visit after an absence of ten years. Mr. La Rose says Kingston has grown and changed very much. Mr. La Rose is a member of the famous and original "Savoy Quartette," and is meeting with big success on the advanced vaudeville stage.

Valued Him Highly.
Walter Williams, M.A., modern master in the Berlin Collegiate Institute, has been given a \$200 raise in salary, and has decided to remain in the Wesley College Winnipeg, but to highly be valued by the Berlin Board of Education, that his salary was immediately raised in order to retain him. Mr. Williams is a Queen's graduate, and one of Prof. MacGillivray's products.

When The Back Hurts.
It may or may not be a sure sign of kidney trouble, but there is no use in taking chances. Peck's Kidney and Liver Pills will restore the kidneys to proper condition, rid them of the source of the trouble. They will cure the backache in any case and benefit you still more by giving the kidneys increased strength and activity. In boxes 25c. For sale at Wad's drug store. Money back if not satisfactory.

Travel Is Good.
The local hotel have all done a splendid business this season. The British and the Randolph have been pressed in handling all that apply. The tourist travel has been good. In Kingston a couple's trouble to the hotel accommodations. August, of course, will be the heavy month of travel, and judging from the July travel Kingston will have no real complaint. It will get its full share.

What Of The Road Scheme?
Is the scheme to rebuild the city's roads completely dead? A great squawk was made for a time, but the work has fallen down before the task. Will the matter now be laid over till another Board of Works takes it up? The citizens are asking. The roads are certainly worse than they ever were before. Not even ordinary patching is being done, at least not at all noticeable. Far more stone is spread on the streets last year. Aid, Carson says.

THE 18-RATER CLASS WILL BE THE YACHT TO BE DEVELOPED.

By the Foot of the Lake Club—Waterworth's Challenge Called the Crescent—The Cup is a Fine One.

Told in Twilight

Mrs. C. Fessenden, of Hamilton, the guest of Mrs. E. J. R. J. This patriotic enthusiastic worked long to stir the depth Canadians whose patriotism is enough, but failed to fail in her Her reward came, however, when Empire day, which she had been means of establishing 15,000 children and grown-ups met in durn Park over the trooping of colors. Mrs. Fessenden is a charming woman, and her way of child her winning gentleness, which in way, glowed the flame of love country which burns within her.

Mrs. E. T. Taylor has been a two and three people over to croquet on the lawn at the court's residence, and also have with Mrs. Edward Merrett. On day a few ladies have been invited come over for a cup of tea.

MONDAY

We will continue to sell Dress Muslins at popular prices. You know the pretty designs we have and all we can say is that the prices are very low. Newman & Shaw SHOULD BE PROUD OF IT. Back to Kingston; Left With Changed Views. Kingston had a visit from Archibald S. Leckie, general manager of the Joliet, Ill. Herald, on Friday and Saturday. This was his first visit in thirty-five years. He lived here, with his mother, when a lad, the home being the residence now occupied by W. J. Fair. Mr. Leckie had a desire to see his former home, which he had been told was old foggy, dingy and out-of-date. "But I have been agreeably disappointed," said Mr. Leckie, "for I have found a city of beauty, magnificence, a place that any person should be proud to call his home. There is a substantial air about the place, a sturdiness of life and evidence of wealth and culture that I find in no other city. I have found a few landmarks, but not one person whom he knew in childhood. He spent hours in going about, and to-day, left for Montreal, with a very decided change in his opinion of Kingston. Campbell Bros. For New York's latest straw hats. Finest double gut books, all sizes, at Routley's, 173, 175 Princess street. Trusses that give ease, comfort and satisfaction at Chown's drug store. Try Bibby's for fancy vests.
