striking it rich" never stopping to
hink for one instant that the greater
art of their money never reaches the
round, as a rule 75 per cent. of the
oney invested in stock schemes goes
nto the broker's hands. He pays his
alesmen 20 to 50 per cent. on every
ollar turned in, he must get his own
ommission and engineers must be
aid.

We never have had associated with
s a stock salesman, we require no
ommission and our engineers will be
ur directors, so that every dollar in-
ested with us on this proposition
ill be honestly used in the purchasing
nd development of the different pro-
rties.

We are now offering for subscription
e first allottment of stock in the
arder Lake Exploration and Develop-
ent Company—every one hundred
ares entitles the holder to forty
ares of stock in each of the subsid-
ry companies to be incorporated,
aking in all 200 shares of stock in
e separate companies, which, as soon
development work is started and
vidends announced, will make the
ock of the Larder Lake Exploration
d Development Company almost in-
luable. This first allottment of
ly 50,000 shares ($1.00 par value)
ll probably be largely over-subscrib-
in a few days.

The next allottment will be put out
ptember 25th, 1907, at 75c. per
are or higher.

This price (15c.) will positively be
hdrawn August 3rd, 1907. If this
ottment is over-subscribed remit-
nces will be promptly returned.
ecks, drafts and money orders must
ompany all applications and be
de payable to the financial agents.
nterim certificates will be promptly
rned to subscribers. The stock
rtificates of the Company represent-
the shares purchased will be issued
delivered as soon as allottment
be made, after the 3rd of August.
all subscribers who purchase at the
t underwriting price prior to that
e.

re you going to get in now, in
e, at Larder Lake; you can
get in at ground floor prices
inside properties, making big
fits and lots of money; or will
wait three or four months or
ear, and then fall all over
rself in an irresistible desire
get in anywhere or at any
e?

One Child Cured of Summer Complaint and Six Cured of Cramps by Half a Bottle of
DR. FOWLER'S EXTRACT OF
WILD STRAWBERRY.

Mrs. Wm. Flewelling, Arthur, Ont., says: "I find it much pleasure to recommend DR. FOWLER'S EXTRACT OF WILD STRAWBERRY as a grand cure for Summer Complaint. My little boy, one year old, was very bad with it, and a few doses cured him. I also used it on my other six children for cramps, and still have half the bottle left. I cannot praise it too much."

DR. FOWLER'S EXTRACT OF WILD STRAWBERRY is the greatest of all cures for all bowel complaints such as Diarrhoea, Dysentery, Colic, Summer Complaint, etc.

Beware of imitations and substitutes sold by the unscrupulous dealer for the sake of greater profits. They are dangerous to your health.

It is manufactured by The T. Milburn Co., Limited, Toronto, Ont. See that the name appears on the wrapper. Price 35 cents.

NEWS OF DISTRICT

LOCAL NOTES AND THINGS IN GENERAL.

The Tidings From Various Points in Eastern Ontario—What People Are Doing And What They Are Saying.

Rev. R. B. Patterson, rector of St. Paul's, Delta, is now holidaying in Chicago.

John Lee, turnkey of the Perth jail, celebrated his forty-second anniversary in that capacity on the 18th inst.

The Presbyterian congregation of Cobden, on Tuesday afternoon, extended a call to Rev. Thomas W. Goodwill, B.A., of Blind River.

Miss Margaret Urquhart, Belleville, died on Friday after a weeks illness. Deceased was born in Napanee and was a leader in St. Andrew's church, Belleville.

The cornerstone of Chesterville's new Methodist church, of which Rev. A. E. Runnells is pastor, is to be laid on August 1st, by Rev. Albert Carman, D.D., general superintendent.

Thomas Botton, a Brockville asylum patient, made his escape from the institution on April 7th last. Saturday his badly decomposed body was found under a hedge half a mile from his home at Graham Lake.

Frederick J. Skinner, president of the Skinner Manufacturing company, limited, Gananoque, has been appointed to the vacancy in the management of the Water Power company, occasioned by the death of W. G. Matthew.

The water supply for the manufacturing establishments of Gananoque is very much lower than usual for this time of the year. Those having engines are using them, so as to permit those having none to run full time.

Ernest Knight, farmer, residing near Napanee, had his left eye taken out at the Kingston hospital. He grabbed a horse by the tail. The animal resented and planted its heel in Knight's left cheek, fracturing the bone and destroying the eye.

The death occurred, Saturday, in Picton, of an old and respected resident, Mrs. Jeffery, widow of the late George Jeffery. Her maiden name was Elizabeth Cole and she was seventy-six years of age. She was the mother of Charles Jeffery, the well-known cattle buyer.

Height Of Ambition.

Youth's Companion.

When we reach the higher studies of foreign languages we are told to seek diligently to learn to think in the alien tongue, as well as to read and write it. That is, we are expected to catch the meaning of the strange words without any connection with English or English speech.

From this one may come to appreciate the experience of a certain Porto Rican negro. He was asked not very long after his arrival in the United States if English was difficult for him.

"Oh, no," he said, "I learn her ver' quick."

"So you could understand it and talk it?"

"Oh, yes, ver' good. But I have one trouble ver' long time. I speak good, an' I hear good, but cannot dream in English. I always dream in Spanish. An' I fell ver' bad, an' I try so hard to dream English. An' one night I do. I dream English when I am sleep, an' I wake an' I cry, an' I weep for joy. I am happy, I can now dream in English."

Neat Countering.

Victoria Sunset.

The eastern press are poking fun at the west because burglars recently broke into twenty-three offices in Vancouver and only realized $60 in plunder, and are gently insinuating that the wealth of the west is all in the air. The cent belt papers do not understand the western situation. Here the chances are so great to make money that business men do not keep it in their offices or safes, even over Sunday night. They keep it moving so fast from one deal to the other that the loss from friction is becoming a serious matter. A $20 gold piece will grow thin in Vancouver in six months. It is not necessary in Toronto to break open safes in order to get money. All you have to do is to stamp Cobalt on something and flash it before the multitude.

More Of Those Stoddard Questions

1. What and where are the four great natural wonders of America?

2. What great Frenchman would instantly become silent at the sound of a bell and remain so until the tones, so sweet to his ear, had died away?

3. Where is it the custom to peddle coffins on the streets, and to run funeral cars on the street railway tracks?

4. What famous architect sleeps within a celebrated cathedral and has on his tomb the epitaph, "If you seek his monument, look around you?"

5. What city has a climate so peculiar it has been described as "nine months hibernal and three months infernal?"

6. The last and most important question is, "How can I procure the Stoddard Lectures? and the answers to these questions, with thousands of others equally interesting and valuable?"

The Automatic Man.

The death at Carlsbad of Theodore Rosenfeld reminds the Neue Freie Presse of the fact that he was the man who some years ago set all Vienna talking about King Fu, the "automatic man." This "most wonderful piece of mechanism ever produced by human hands" was in the form of a Chinese giant, posed on a pedestal. In the latter there was a complicated clockwork, which was wound up by Rosenfeld at the beginning of each performance. Then people in the audience would ask questions, and the mechanical man would write the answers on strips of paper. The performances were so clever that King Fu and his master were invited to the imperial residence, where they mystified all who saw them. The contrivance was similar to the one shown in Vienna a hundred years before by Wolfgang Von Kempelen, only his was a chess playing Turk. In both cases a dwarf confederate and not the clockwork did the trick.

EMPRESS OF GERMANY.

Regarded As Model Wife and Mother.

Empress of Germany

The Empress Augusta Victoria, of Germany, consort of the many sided and energetic kaiser, was born a princess of the ducal house of Schleswig-Holstein. In her youth the pretty princess was not used to unlimited wealth and, in fact, her father, the Duke Frederick of Schleswig-Holstein, was in decidedly straitened circumstances and had a hard time keeping up the sort of menage suitable for his position. It was in 1879 that the emperor, then only the grandson of the emperor of Germany, met his future bride and the empress of to-day. They were betrothed, on June 2nd, 1880, and married on February 27th, 1881; both of them being twenty-two years of age. Since then the empress has gained the earnest affection of all her subjects and is regarded as a model wife and mother.

THE AGONY OF PILES.

Zam-Buk Gives Relief—Farmer's Wife's Testimony.

There is one sure way to ease for sufferers from piles! Just apply a little Zam-Buk and lie down for a few hours! Do it before going to bed, and you will be grateful for the ease which follows.

Mrs. William Verrion, of Whitemouth (Man.), says: "I must admit that Zam-Buk is a wonderful balm for piles. I had piles so bad that I could hardly walk, and I suffered intense agony. I used several ointments, but got no relief until I tried Zam-Buk. It cured me, and I have had no return of the trouble."

Mrs. E. Taylor, of Greenwood avenue, Toronto, writes: "For four years I suffered acutely from bleeding piles. During that time I spent an immense amount of money on 'remedies' and doctors' prescriptions, but got no ease. Zam-Buk was different to everything else I had tried, and it cured me."

Zam-Buk is a sure cure for all diseased, suppurating, inflamed or ulcerated skin areas, ulcers, abscesses, eczema, old wounds, chafed places, cuts, burns, insect stings, sore feet, sunburn, etc. All stores and medicine vendors at 50c. a box, or Zam-Buk Co., Toronto, for price; six boxes for $2.50.

Walking Costume.

This charming dress is in ecru lawn, trimmed with bands of the same material printed with dots. The skirt is in nine gores, princess style and bretelle effect. A cap, falling over each shoulder, is added to the top of the bretelles. The guimpe is made with a yoke of Irish embroidery and sleeves of mull brought into dotted bands. A deep lace frill around the sleeve bands completes this attractive walking gown.

A Record Year.

Pittsburg Dispatch.

Though the first half of 1907 has not passed, its record of casualty already exceeds the total of 1906. There have been thirty-eight railroad accidents of more than the ordinary magnitude, in which 273 persons have been killed and 925 injured.

Twenty-three steamers have been wrecked, involving the loss of 202 lives.

There have been thirteen mine accidents in which 355 persons have perished.

These casualties have been due to human negligence or ignorance in large part, but nature has been destructive also. Tidal waves have swept away 2,240, earthquakes 5,100, hurricanes 530, cyclones thus far 70.

The cloud has a silver lining, however. The total of gifts and bequests in all forms of philanthropy in less than six months of 1907 is larger than the total for the twelve months of 1906, being $108,961,589, as compared with $105,281,083. And never have there been five months during the last twenty-five years in which the total of embezzlement and various forms of defalcation has been as small as in the first five months of 1907.

Four headaches cured for 10c., at Gibson's Red Cross drug store. Perfect headache powders will do it.

A fire at Coney Island has done damage in the amusement zone to the value of $1,000,000.

HAS GOOD RESULT.

Successfully Used in Borneo—Plant is Identified.

A report from United States Consul Maynard, of Sandakan, shows that the opium cure of the Straits Settlements has reached Borneo and has been tried with good results. Although it has been used but a short time many old opium smokers claim that they have greatly reduced the amount of opium smoked by them daily. The drug is used with the object of counteracting the effect and finally curing the craving for opium. A concoction is made by boiling the leaves and mixing the result with opium. After smoking, a dose of two tablespoonfuls of the drug should be taken, and this lessons the desire for further indulgence. The drug is known to the Chinese as Ton Hing Chu.

L. Wray, curator of the Taiping Museum at Perak, has identified the plant as "combretum sundaicum." It is a woody climber, with opposite leaves, in size and shape somewhat resembling that of the pear tree, and bears globular clusters of small white flowers arranged in panicles, the flower being followed by a red fruit about an inch long furnished with four longitudinal wings. The plant is abundant on the plains around Kuala Lumpur, in Selangor.

The properties of the combretaceae, the natural order to which it belongs, are very little known. Some are used in malarial fevers, two are known to possess vermifuge properties, and one is used for poisoning bats.

A few preliminary tests applied in the research laboratory of the Pharmaceutical Society of Great Britain to the small quantity of the leaves available indicate only the presence of an astringent principle and a coloring matter, but do not afford a definite proof of the presence of any alkaloid or glucoside, although the leaves appear to contain some substance as yet unknown to chemists. About four piculs (one picul-133 1-3 pounds) have been imported into Sandakan this year, and the price is about $4.54 United States currency.

House Tipping.

Mrs. Potter Palmer, while entertaining the National Civic federation, in Chicago, told an amusing story about country house tipping.

"You know," she said, "how large these tips are, how many servants must be remembered—how, indeed, some people are obliged to refuse to visit large country houses because they can't afford the expense.

"Well, there is a story in this line about Jonas Hanway.

"As Hanway was starting from the country house of a duke, a string of servants waited to waylay him.

"'Sir,' said one, 'your overcoat.'

"And Hanway put on the overcoat and gave the man a souverign.

"'Your umbrella, sir,' said another.

"And taking his umbrella Hanway surrendered another souvereign.

"'Your hat, sir.'

"Another sovereign.

"'Sir, your gloves.'

"Why, friend,' said Hanway, 'you may keep the gloves. They are not worth a sovereign.'"

Rub Away Pain.

Instead of enduring rheumatism, neuralgia or any other form of pain rub Smith's White Liniment over the aching spot a few minutes and the pain will be gone. This remedy reaches and removes the cause also.

The best liniment for all injuries, for any inflammation or congestion. Large bottles, 25c., at Wade's drug store.

The Case In Point.

"When universal peace is finally established," said Alfred H. Love, the president of the universal peace union, in an interview in Philadelphia, "then many a man who now ridicules the peace movement will claim to have been its lifelong champion.

"It is always so. We thump and kick a poor, weak, struggling movement at its inception, and when it has succeeded and no longer needs our help we give it the most solicitous support.

"There was once a young lady whose betrothed, a very poor young man, was about to set out for South America, to seek his fortune in the rubber trade.

"As he took leave of her the night before his departure he said tremulously:

"'And you swear to be true to me, Irene?'

"'Yes, Heber,' cried the girl; 'yes—if you're successful!'"

SIN AGAINST HEALTH

Why the Usefullness of All Organs is Destroyed By Costiveness.

Most important to health and comfort is praper action of the bowels.

By nature these organs are intended for the removal of the waste particles of matter which accumulate in the system.

Retain these wastes and you poison the blood, ruin digestion, bring on nervousness and anaemia.

Habitual costiveness is best overcome by Dr. Hamilton's Pills, which establish regularity that is exactly consistent with nature.

Not a drastic purgative—not even a pain or sensation of grip, because Dr. Hamilton's Pills are vegetable and free from irritating mineral substances found in so many widely advertised remedies.

In every case Dr. Hamilton's Pills do cure and bring sure relief from headache, biliousness and other manifestations of constipation.

James McConnell, of Walkerton writes: "Since I was comparatively a young man I have not enjoyed real good health.

"My appetite was good and strength kept up, yet I knew something was wrong.

"Frequently I took bilious attacks and violent headaches. My stomach was disordered, skin was murky, under my eyes were heavy dark rings.

"Last winter I read through the Polson's Almanac and decided my trouble was constipation. I used Dr. Hamilton's Pills, and can hardly tell the help they have been. I am now as fresh, strong and well as a boy."

Just try the wonderful magic of Dr. Hamilton's Pills. Sold by all dealers, 25c. per box, or five boxes for $1. By mail from N. C. Polson & Co., Hartford, Conn., U.S.A., or Kingston, Ont.
