Do you realize that investments of a hundred or a thousand will grow rapidly into hundreds and thousands and millions of dollars? The over-conservative and skeptical will smile—they will laugh at these predictions, some will even consider this a joke—but remember COBALT, if you please, two or three years ago? Then it was a "vision," it was a "dream," a flash in the pan," "a bubble," somebody was "crazy"; but now it is different. These crazy men are now classed among the smartest and ke enest business men of the day. The

actual value of a few mines are worth at the present date more than one hundred millions of dollars. These are facts. In presenting this investment for mining properties now known to us tending from the Montreal River striking it rich" never stopping to subscription we appeal to the good and other properties which we may ac-through Northern Ontario, castward think for one instant that the greater

judgment of sensible persons as to its quire for the mutual benefit of all in-into Quebec, and will include proper-part of their money never reaches the t every time, but nothing brought residence of many county farmers, er, Mrs. Richardson, Arthur street.
