New Queen Alexandra Dock

Cardiff, July 17.-Saturday last,

when the great Alexandra docks and

new city hall were opened by the king and a new avenue in the municipal park named by his majesty was an

important date in the history of both

The growth of the metropolis of

Wales has been remarkable. Cardiff has developed rapidly from a small

cluster of houses hanging on to the

skirts of an ancient castle into a city

with the finest municipal buildings

in the kingdom, and a population

mushroom cities on the other side of

the Atlantic than to any town on

this side. A century ago there was not a single dock at Cardiff. It was just a sleepy little seaport, containing

about 400 houses and a population of

a little more than 1,000 persons. At that period a vessel used to leave once

a week with coal for Bristol, and that

coal was brought down from the hills,

a distance of nearly twenty miles, on

A century ago the people of South

Wales never dreamed that beneath

their green hills lay wealth greater

than even the imagination could con-

ceive in the shape of the finest coal

measures in the world, or that their

small town would become the chief

For two or three centuries the peo-

ple of South Wales were content mere-

ly to get what coal they wanted for

their own use by digging a hole in

the ground outside, their back doors,
