SAYS HE WILL GET IT

SUTHERLAND TO BE HY-MAN'S SUCCESSOR.

The Statement of a Man Close to the Cabinet in Ottawa—It is Said That a Party Will Be Formed.

Windsor, Ont., Aug. 5.—The persistent rumor that has been floating about for some months to the effect that Hon. R. F. Sutherland, speaker of the House of Commons, is to have a cabinet portfolio, has received another semi-official corroboration.

A man, near the inner workings at Ottawa, states that within the next two weeks the official announcement will be made that Mr. Sutherland is to be given the portfolio of Charles Hyman, retiring minister of public works.

CAN COLLECT THAT FINE.

Government is in Earnest in Its Prosecution.

Riverside, Cal., Aug. 5.—In an address before the chamber of commerce, James R. Garfield, secretary of the Interior, alluded to the fine imposed on the Standard Oil company, at Chicago. He said:

"The decision and fine are the end of a long fight, and will teach the people of this country that no man, big or little, is above the law. The Standard Oil company and others like that great corporation have gone ahead on the theory that they were so powerful that they could do things the ordinary corporation could not. We are showing them that they cannot."

Asked if the prosecution could collect the fine, Secretary Garfield replied: "Yes, you may be assured we can. And there are ten thousand more counts hanging over them on which similar fines can be levied."

Spoiled John D.'s Golf Game.

Cleveland, Aug. 5.—John D. Rockefeller, upon learning of the fine imposed upon the Standard Oil company, said he had no comment what-so-ever to make concerning the matter. Mr. Rockefeller did not play golf, as has been his daily custom, since his arrival last fall.

AFTER THE AMERICA.

For "Running Canuck" on the River on Sundays.

Some parties are trying to make things warm for the owners of the steamer America. It seems that the United States authorities have had secret service men getting evidence against the boat for running an excursion from Clayton, on Sunday, July 28th, without touching at Cleveland.

This, it seems, is necessary, the America being a Canadian boat. Then, yesterday, it is said that the America was given customs clearance at Rockport, a Canadian port opposite Alexandria Bay. In the latter case the America is not at fault when the clearance is given her.

COUPLE DROWNED.

A Very Melancholy Accident at Varannes.

Montreal, Aug. 5.—Varannes, a summer resort, a few miles down the St. Lawrence, from this city, was the scene of a double drowning accident, yesterday, in which Shirley Davidson, son of Justice Davidson, and Miss Ellen Hingston, a daughter of the late Sir William Hingston, lost their lives.

The two were out skiff sailing on the river and only the empty canoe has been found. Mr. Davidson, accompanied his cousin to spend the week-end at Lady Hingston's summer residence at Varannes. Sunday morning, Mr. Davidson and Miss Hingston went out sailing. At noon when they had not returned for luncheon their families did not arouse fears, but later on in the day the family commenced to feel anxious and a search was commenced. It was not until late in the afternoon that the empty canoe was found, indicating that there had been a tragedy. The search for the bodies was kept up all last night, but without success.

How the canoe accident took place is a matter of pure conjecture. The canoe when found evidently had not been overturned. How the two came to fall out, without unsettling such a frail craft, is the peculiar part of the case. It is believed that Miss Hingston, who was at the tiller, may have been thrown out by a sudden lurch of the canoe. Naturally Mr. Davidson would leap into the river to go to the rescue. The current at that point is quite swift, and it is presumed that Mr. Davidson was unable to recover the canoe, which would be swept out of reach. As they were not too far from the shore to reach it by swimming, and no help being in sight, it is believed that the two struggled as long as they could and then gave up the struggle through fatigue.

The little girl was so badly injured that she died soon after.

FIVE KILLED IN RACE

COLLISION BETWEEN RACING AND TOURING CARS

Dust Shut Off Drivers' View—Government Has Ordered Criterion Cup Contest to Come to an End.

Bordeaux, France, Aug. 5.—A fatal automobile accident has just occurred near here, by the collision of two cars five miles north of the city. Two others were killed and two others mortally wounded. One of the cars was competing in the Criterion cup race. It collided while running at full speed with a touring car. Among the men killed are the editors of two newspapers. The racing car left Paris this morning. It is said that the dust over the road prevented the drivers from seeing the other car.

On account of this and other accidents resulting from the efforts of the contestants to make speed, the government has ordered that the Criterion cup race come to an end. The cars had still 431 miles to go.

ANOTHER NEW YORK ASSAULT

Woman Attacked in Her Home—Mobs Beat Suspects.

New York, Aug. 5.—Another murderous assault was added, last night, to the police record of recent crimes against defenceless women and girls. The victim was Miss Ellen Bulger, a woman of middle age, who was attacked in her apartments in the Bronx, cruelly beaten and left in a helpless state. The woman was removed to an hospital, where it was found that her skull had apparently been fractured, her face and hands lacerated and her body otherwise bruised.

There was evidence that the woman had made a courageous fight. From what the police were able to learn from her, she was surprised by a smooth-faced stranger, perhaps forty years of age. He was coatless and wore an outing shirt and dark trousers. He escaped.

Just before Miss Bulger was assaulted, George Kestner, a Russian, charged with attempted assault upon an eight-year-old girl, was set upon by a crowd of men and all but killed. The clothes were torn from his body and he was taken to a station house wrapped in a blanket.

Another mob set upon Hylo Saloda, an Indian palmer, who was similarly assaulted, and only the timely interference of police reserves saved him from rough handling.

APPEALS FOR FUNDS.

"Lord" Seymour, Assks Ottawa's Mayor to Assist Him.

Ottawa, Aug. 5.—"Lord" Frederick A. Barrington Seymour, under sentence of death in Clayton, Missouri, for murder in the first degree, and P. Tressider, of Chicago, who has taken such an interest in him, has appealed to Mayor Scott to use his influence to raise a fund to aid Seymour to obtain a just and fair trial, which he claims he did not get.

The latter declares in his letter that he is perfectly innocent of the crime, and that his conviction was purely a circumstantial evidence, and was due in great part to prejudice incited through the press, which branded him as a one-time notorious criminal named Barton.

He says that the British government aided him financially in his appeal to the supreme court of the United States, but that since its dismissal on a technicality he has not been able to obtain any assistance from that source.

REFUSED TO ACCEPT HIM.

But Inspector Devlin Left His Charge All the Same. Immigration Inspector Devlin is back from Malone, N.Y., whither he took a lunatic from Mimico asylum on Friday. The deported man was Andrew Croake, whom Inspector Devlin was ordered by the Canadian authorities to return to the officials at that town. When Mr. Devlin reached Malone, his charge was refused, on the ground that Croake had been more recently a citizen of the state of Minnesota. The inspector wired to Ottawa for further instructions. Receiving none and being in a quandary as to what to do, Mr. Devlin hit up on a happy plan. He sent Croake with a note to County Judge Peemer, with instructions to wait for an answer. In the meantime, the Kingston inspector took the bus for the railway station, and boarded the train for Montreal, having fulfilled his instructions in handing Croake to the authorities. The law in such a case as this is that when a man or woman, committed to a Canadian prison or asylum is found to be a citizen of the United States, and insane at the time of commitment, he or she shall be deported.

Who Had Fallen Into the Water.

When the steamer Kingston was at Swift's wharf on Saturday morning, a deckhand fell overboard. George Blanchard, second mate, was on the wharf at the time, and picked up a rope with a noose. Mr. Blanchard was formerly catcher with the Toronto professional baseball team. His ability to "throw" has not deserted him.
