A HOG ORCHESTRA.

French Musician Made Squealers Sing a Tune.

During the reign of Louis XI., of France there was attached to his court one Abbot de Baigne, a man of considerable wit. The abbot was somewhat musically inclined and delighted the court with inventions of odd musical instruments. One day the king, after having enjoyed a hearty laugh over one of these curious contrivances and desiring to baffle this musical genius, commanded him to produce harmonious sounds from the cries of hogs. This seemed an impossibility to the king, and he prepared himself to enjoy the discomfiture of the abbot. Much to his surprise, however, the abbot readily agreed to produce them. All he required was a sum of money, upon receipt of which he declared he would invent the most surprising thing ever heard in the way of musical atrocity.

He scoured the country and secured a large number of hogs, trying their voices as to pitch and quality, and, finally, having fully satisfied himself, he arranged the animals in a sort of pavilion richly decorated. The day of the trial arrived, and the king and his court entered the pavilion prepared for something, but greatly in doubt as to the success of the abbot with the hogs.

However, there were the hogs, sure enough, and, much to the surprise and delight of the king, they commenced to cry harmoniously and in good tune, rendering an air that was fairly recognized. The abbot had arranged a series of stops that were connected with the hogs and upon pulling one of them out caused a spike to prick the hog it connected with, making him squeal his note. The rest was easy, for by pulling out the different stops he produced the tune.

The Bishop's Job.

Harper's Weekly:

To illustrate a point he was making in an address he was delivering the other day, Bishop Potter told the following story: "Not long ago I was staying with a friend in a country house up on the Hudson. On Sunday morning as I passed through the library I found a small boy curled up in a big chair deeply interested in a book. 'Are you going to church, too?' I asked. 'No,' he replied. 'Why not, ma'am,' I said. 'Huh!' he said, 'that's your job.'"

I Took Pe-ru-na, Hardly Daring to Believe

So Writes Mr. Newhof, of Albany.

Pelvic Diseases in Men.

Many an invalid is dragging out a miserable existence with catarrh of the kidneys, catarrh of the bladder, or both.

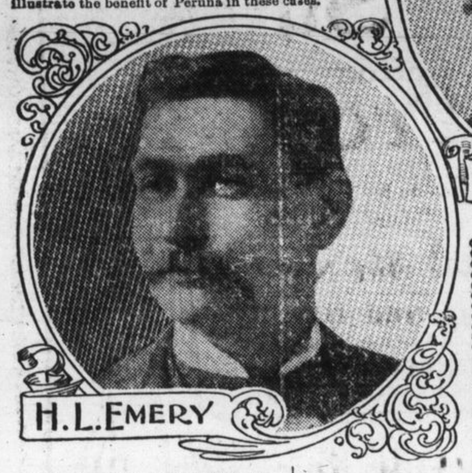
There is no disease equal to catarrh of the bladder in producing complete wretchedness, absolute despair, haggard misery and stubborn weakness.

An army of this sort of victims have one by one discovered that Peruna could be relied upon to relieve such cases.

One man tells another man, and in this way the news spreads until in all parts of the country are to be found men who have been permanently liberated from the thraldom of catarrh of the bladder by a course of Peruna.

Many cases of catarrh of the stomach, kidneys and other abdominal organs have reported themselves as cured.

We give below two prominent testimonials which illustrate the benefit of Peruna in these cases.



Catarrh of the Bladder.

Mr. C. B. Newhof, 10 Delaware street, Albany, N. Y., President Montefiore Club, writes:

"Since my advanced age I find that I have been frequently troubled with ***urinary ailments.*** The ***bladder seemed irritated,*** and my physician said that it was catarrh caused by a protracted cold which would be difficult to overcome on account of my advanced years. ***I took Peruna,*** hardly daring to believe that I would be helped, but found to my relief that I soon began to mend. The irritation gradually subsided, and the ***urinary difficulties passed away.*** I have enjoyed excellent health now for the past seven months. I enjoy my meals, sleep soundly, and am as well as I was twenty years ago. ***I give all praise to Peruna.***"

Catarrh of Stomach and Kidneys.

Mr. H. L. Emory, Vice Chancellor and Master of Arms, K. P.'s, of Omaha, Neb., writes from 205 North Sixteenth street, the following words of praise for Peruna as a tonic. He says:

"It is with pleasure ***I recommend Peruna as a tonic*** of unusual merit. A large number of prominent members of the different orders with which I have been connected have been cured by the use of Peruna in cases of ***catarrh of the stomach and head;*** also in ***kidney complaints*** and weakness of the ***pelvic organs.***

"Peruna tones up the system, aids digestion, induces sleep, and is well worthy the confidence of sufferers of the above complaints."

Mr. David L. Jaycox, Chaplain Clarinda I. O. G. T. and Chaplain G. A. R., 865 Broadway, Oakland, Cal., writes:

"I am an old war veteran. I contracted severe ***bladder and kidney trouble.*** I spent hundreds of dollars and consulted a host of doctors, but neither did me any good.

"Finally some of my comrades who had been cured by Peruna advised me to try it. I at once bought a bottle, and found it helped me so much that I kept using it for nearly four months.

"Peruna has proven the best medicine I ever used. ***My pains are gone*** and I believe myself to be cured. ***I feel well,*** and would not be without a bottle in time of need for ten times its cost."

Mr. Robert E. Hanvey, Treasurer Knights of Industrial Freedom, also a well known writer and lecturer, writes from 11 South Nicholas St., Chicago, Ill., as follows:

"I was in good health until about four years ago, when my back became lame and sore. The pains kept increasing, with severe twitches and slow exhaustive aches. Urine was highly colored and passed with great irregularity. I knew this must be ***inflammation of the bladder.***

"Having read of Peruna I decided to try it. I found relief from the pain within ten days. The aches gradually diminished, and it was a blessed relief I can assure you. ***Within three months I was well once more.*** My appetite had returned, nervousness and irritability were things of the past, and for over two years now I have been a healthy man.

"I give all thanks to your Peruna, and believe that it is a blessing to mankind."

DOWN IN GANANOQUE

THE AMERICAN CANOE ASSOCIATION.

Painting a Picture For a School in Memory of a Young Lady—T. I. P. Defeated the Garnocks.

Gananoque, Aug. 10.—The annual meeting of the American Canoe Association opened, yesterday, at Sugar Island, a few miles east of the town. The meeting will extend till August 23rd. Quite a number arrived during the past few days and have been getting things in readiness for the formal opening. The races will be held near the close of the meet.

Quite a flutter of excitement was caused by the derailing of a freight car near the King street station yesterday afternoon. No damage was done.

George Gallop, who was engaged, some time ago, to paint a memorial picture for Gananoque high school, in memory of the late Nettie Carpenter, has about completed his task. The picture is an excellent one, representing a young lady sitting before a piano, in an attitude of meditation, while behind her is a background of beautiful white lilies. It will be hung in the school, probably, after the commencement exercises.

The Ladies' Aid Society of Malloryotown, held its annual excursion to Gananoque, on the steamer Mississquoi, yesterday morning. There was a large number on board.

The Garnocks baseball team went down to Thousand Island Park, yesterday afternoon, to play a friendly game with the team of that place. They have met twice before and each team had scored a victory, and their game has been looked forward to with considerable interest. The park team won, after a keenly contested game, by 8 to 7.

Mr. and Mrs. H. Altenberger, of Terre Haute, Ind., who have been spending some time in town, went up to Kingston, yesterday. Miss Bertie Keyworth, Osborne street, who has been spending the past couple of weeks in Quebec and Montreal, has returned. Miss Maud McLellan, corner First and River streets, who has been visiting in Albany, N.Y., with her sister, Miss Margaret McLellan, a nurse in the city hospital, has returned, accompanied by her sister, who will spend a short vacation here with her parents.

Mr. and Mrs. J. E. Cook, King street, left, last evening, for Warburton, Mr. Cook having been summoned to the bedside of his mother, who is dangerously ill; Dr. E. Johnston, of Johnstown, N.Y., is spending a short vacation here with his father, R. Johnston, Stone street. Mrs. R. A. Millions, of Aylmer, Que., who has been spending a few days with her brother, John Pappi, Victoria avenue, has returned home. Miss Louise Cowen, who has been visiting with friends in Willetsholme, has returned home.

Miss Janet Robertson, of Boston, is spending a short time in town, the guest of her sister, Mrs. Joseph Miranda, Sydenham street. Miss Murchie, John street, spending a short time with friends in Brockville, has returned home. Miss Dora Thomson, of Cardinal, spending the past ten days with her aunt and uncle, Mr. and Mrs. A. D. Howe, Oak street, returned home yesterday. Mrs. Horace Griffin and Mrs. W. E. Meggs and children, King street, who have been spending a week with friends in Caintown and Mallorytown, returned to-day.

Miss Clendenning, of Toronto, is spending a short time with friends in town. Mrs. Jabez Coombs and daughter, Edith, left, last evening, for a short visit with friends in Picton. Mrs. K. Gould and children, King street, spent yesterday in the Limestone city. J. Francis Chatman, Deseronto, was in town yesterday. Edward Lattimore, of Watertown, N.Y., is spending a few weeks with relatives in town.

TRAGEDY OF WOODS.

Cyrille Vachon Receives a Dozen Stabs.

Quebec, Aug. 10.—Another tragedy has been enacted in Beauce, as the result of which a man named Cyrille Vachon lies at death's door. The scene of the tragedy was at Evariste, Beauce, and the man accused of the act of violence is Napoleon Lessard, formerly of St. Evariste. It appears that bad blood existed between the two men and a quarrel ensued. The victim, who was horribly injured, received about a dozen knife wounds. Vachon comes from St. Romaine de Windsor. Vachon now refuses to lodge a complaint against the other, and the people of the district are displeased. The attorney-general's department may be appealed to.

Train Crew Indicted.

Washington, Aug. 10.—The grand jury of the supreme court, of the district of Columbia, found indictments for manslaughter against the crew of the Baltimore & Ohio train which, on December 31st last, ran into the rear of train No. 63, at Terra Cotta station here, causing a collision that resulted in the death of forty-six persons and the serious injury of probably as many more.

Walls Made From Coffins.

London, Aug. 10.—The bishop of St. Albans, yesterday, re-opened the old parish church of West Thurrock, Essex, which has been restored at a cost of £5,000. During the restoration work it was found that the walls of the church had been formerly repaired with stone coffins, which had been broken up for the purpose.

Within a very short time nearly forty students of the Kingston Business College, head of Queen street, accepted positions as stenographers and bookkeepers in this city. The K.B.C. is open throughout the whole year. Students may enter at any time. Rates very moderate. 'Phone 449. H. F. Metcalfe, principal.

Both markets were well attended to-day, the island market being well represented. The prices to-day were about the same as last Saturday.

Last excursion to Picton and Lake-on-the-Mountain, Monday, 8 a.m., steamer America.

VISITING ENGLAND.

Dr. and Mrs. R. E. Sparks on a Tour.

Interesting letters have been received from Dr. R. E. Sparks, who, with Mrs. Sparks, are enjoying a trip to England. Dr. Sparks says:

"July 29.—We are nearing the Irish coast. It has been rather an uneventful voyage. While we had no decided storm, a continual head wind was strong enough to make the boat pitch. It is called a rough voyage. For about three days the wind caught us on the port quarter, making the boat both pitch and roll. Mrs. Sparks proved to be the better sailor—not 'missing a meal.' This morning the sea has calmed down and to-day the passengers are all doing justice to the good things.

"There is a small passenger list, so the different classes have gotten pretty well acquainted. Yesterday we sighted the SS. Canada, of this line, and the Empress of Ireland, of the C.P.R. A week ago Sunday we had, in the morning, an English church service, conducted by Col. Kyle, Salvation Army. Rev. Mr. Hassold preached. He used to be at the Methodist church, Portsmouth. The evening service was conducted by an English Quaker. Yesterday, Col. Kyle and Mr. Hassold conducted both services. A Mrs. (Dr.) Alston plays and sings beautifully. Yesterday morning she sang, "The Better Land," and in the evening, "The Holy City." We have eight at our table. A lady from Chicago had a birthday. We surprised her with a note and our autographs accompanying a pin of unique design. It was a design of the steamer and the Dominion line flag in a helmswheel. Another has a birthday to-morrow. We are going to get some memento of the occasion. We saw 'Ould Oireland' this afternoon, but were not near enough to see the green.

"30th—We saw the Isle of Man this morning, and had hoped to see the Giants' Causeway, but were not close enough. On the voyage over we saw three icebergs and passed through a school of jelly fish. They are like small crabs and will sting if they come in contact with the human body. As the trip was so cold and rough, there could be no games. The meals have been very good. The waiters fix the napkins in all kinds of shapes, lillies, crowns, slippers, pyramids, etc."

Dr. and Mrs. Sparks arrived at Liverpool Monday (30th), at noon, and left for Bradford that afternoon, where they joined Misses Louise and Annie Walsh, of this city, for their trip through Scotland and England.

McGUIGAN QUITS.

St. Paul, Aug. 10.—F. H. McGuigan, first vice-president of the Great Northern railroad, has resigned, to take effect on September 1st. Mr. McGuigan acknowledged later that personal difference between himself and J. N. Hill had caused him to break with the Great Northern. Mr. McGuigan intimated that his grievance had been fostered by the dictatorial methods employed by Mr. Hill. It was rumored that the difference were of such a nature that a personal encounter occurred.

BILL MINER AWAY AGAIN.

Notorious Kamloops Train Robber Escapes.

New Westminster, B.C., Aug. 10.—"Bill" Miner, the notorious Kamloops train robber, and three companions, has escaped from the New Westminster penitentiary. They have not been captured, although the neighborhood is aroused, and every possible guard and policeman who can be spared have been rounded up and pressed into service.

Miner, together with three other convicts, J. B. Clarke, J. Woods and A. F. McCloskey, were working in the penitentiary back yard. They apparently excavated a hole near a brick smoke stack, and escaped into another part of the prison grounds. Although this yard is surrounded by a high fence, the fugitives managed to scale this and get clear away.

The apples that have so far appeared on the market are very small, though the season is quite advanced. It is said that they will not be very much larger.

THE ANNUAL MEETING

ASSOCIATION DISCUSSED FISH PROTECTION.

International Poaching Was Eliminated From Discussion By Mutual Consent of Members.

The annual meeting of the Anglers' Association of the St. Lawrence river took place in the parlors of the Lotus house, St. Lawrence Park, on Wednesday. President Charles Skinner presided and prefaced his annual address with a brief outline af the work done by the association during the year past.

The president's address was strong and full of force. Mr. Skinner pointed out the necessity of the Anglers' Association, and dwelt at considerable length on the absolute protection to fish in the local waters.

A general discussion followed the speaker, and reciprocity for international poaching was entirely eliminated from the talk, an unusual happening for the anglers. The question has been dropped by common consent, and actual concurrence of fisherman for the preservation of the fishing relations between the United States and Canada.

Restriction of fishing was brought up when an interesting passage of arms ensued, and the matter was dropped, inasmuch as the continuance of the discussion enhanced the safety of the reciprocity question.

Aside from the foregoing subjects there was little of importance brought up. The association accepted an invitation to gather at Gananoque next year. The election of officers was made and resulted in the selection of the same officials as last year, with the substitution of R. P. Grant, of Clayton, for Charles W. Crossman, of Alexandria Bay.

The banquet was served in the main dining hall of the Lotus, and nearly fifty sat down to horse-shoe shaped tables loaded with seasonable viands. "Mine Host" and President Hon. Charles Skinner did the honors at the head of the board and everybody did ample justice to the excellent cuisine placed in front of them.

The officers are: President, Hon. Charles Skinner, Watertown; vice-presidents, Alexander Robb, Brooklyn Col. O. G. Staples, Washington Thomas B. Kerr, Englewood, N.J.; secretary, W. H. Thompson, Alexandria Bay; treasurer, R. P. Grant Clayton; executive committee, A. C Cornwall, F. H. Taylor, A. E. Clark R. P. Grant, G. T. Rafferty, George C. Boltit, Col. O. G. Staples, T. A Gillespie, C. E. Britton, C. G.Emery W. H. Nichols, T. B. Kerr and Walter Fox.

WATER AND AIR WAGERS.

Curious Bet Made and Won at Luncheon.

Paris, Aug. 10.—Curious wagers were made at a luncheon given by a party of well-known sportsmen in Paris, yesterday.

M. Archdeacon had wagered $10,000 with M. Charron that a speed of fifty miles an hour on water would not be reached before May this year, and the luncheon was given by M. Charron to celebrate his win.

He asked M. Archdeacon to accept a renewal of the wager, but this was declined. M. Santos-Dumont, however, accepted the wager, which was that a speed of fifty miles an hour on water would not be reached by May next year.

Then M. Santos-Dumont wagered $1,000 with M. Charron and M. Reene de Knyff that he would cover 200 yards in an aeroplane within six months from date.

FOUR MURDERS AT INN.

Host, Wife, Grown-Up Daughter and a Milkman Slain.

Vienna, Aug. 10.—A terrible crime was committed on Thursday evening near Danos, in Hungary. Yesterday morning as the postman arrived at a lonely inn, he found the host and his wife all lying murdered. The milkman, who served the inn in the early morning, had evidently arrived as the murderers were leaving.

The entire place had been plundered, and an attempt had been made to fire the house. A great struggle had taken place between the assassins and their victims, and all the furniture was broken.

A gypsy band, which has left the place with some good horses, is suspected, and the police and gendarmerie are on their trail.

GIRL CLIMBS BIG CHIMNEY.

Walks on Edge of Scaffold 150 Feet.

London, Aug. 10.—A feat necessitating nerves of steel was performed at Leicester, yesterday, by Miss Lydia Akiers, the fifteen-year-old daughter of a local builder.

She climbed 150 feet to the top of a chimney which is being built, and then, to the horrow of the crowd which had gathered below, calmly proceeded so walk round the edge of the scaffolding.

This is the second feat of the kind she has performed within a week, and her father is anxious to challenge any other girl steeplejack in the world on her behalf.

PUZZLE TO THE DOCTORS

A Cleveland Girl Twelve Years Without Memory.

New York, Aug. 10.—The Herald has received the following despatch from Cleveland: A twelve-year-old girl, whose brain has been asleep since birth, has been cured, and now it is as active as that of any other child of her age. Physicians declare her case remarkable. The girl is Genevieve Beelman, daughter of W. S. Beelman, an officer of the Baltimore and Ohio railroad. For twelve years she could neither speak nor write nor read.

Doctors say her brain was asleep. She would sit quietly for hours locking and unlocking her folded hands. She had no memory, and, worse still, no power of concentration.

The child would act as though she were in a trance, and the older she grew the worse became her condition. Her parents had to lead her about as if she were an infant. As a last resort her parents brought her to a school here. Her teacher worked seven hours a day with the child. Now she writes and reads fluently and talks well. She copied the entire first reader twice and sent the papers to her mother in her zeal to show what she can do.
