**TO HAVE GOOD TEAM QUEEN'S RUGBY FIFTEEN WILL BE IN LINE.**

A Chance Will Be Given Others to Catch a Place—Kingston Like-ly in the O.R.F.U. Series—Gen-eral Sporting Notes.  
Only a few more weeks and Queen's campus will ring with the "old dog-an," when a bunch of husky pigskin chasers, fresh from a six months' holiday, will again don the tricolor uni-form and begin work.  
Everybody points favorably to Cap-tain "Ken" Williams putting a win-ning fifteen in the field. Comparatively few changes will be necessary in the line-up from last year. Donovan and Gibson, have graduated, thus leaving only Hale of last year's scrumline. The half back line will likely be the same three, Williams, Macdonnell and Campbell, with sturdy little "Buck" Crawford, forming the posts. Turner and Cook the two last year outside wings will also be available.  
Many newcomers will be given a chance and some of them should catch a place. Owen, Macklin, who played centre half on Limestone last year, will be at college, and from his work last year should make good. "Alfie" Pierce has the athletic grounds and campus in good trim, and his old smile is beginning to show itself now that the football season is coming on.  
In all probability Kingston will again be represented in the senior O.R.F.U. series. The 14th Club, under the same management as the hockey club, will likely get a bunch together and try their luck. There is certainly lots of material in the city for a first-class team, and it would seem like old times to have some senior battles here again. The citizens should hold up both hands in support of putting in a senior team.  
"Alfie" Pierce has the athletic grounds and campus in good trim, and his old smile is beginning to show itself now that the football season is coming on.

**CHURCH SERVICES.**  
The Filling of the Church Pulpits To-Morrow.  
St. Andrew's—Services, 11 a.m. and 7 p.m. Rev. Alfred Bright, of Ingersoll; offertory solos by Arthur Craig, at both services.  
Bethel Church—The pastor will preach morning and evening. The Torrey and Alexander hymn-books will be used at the evening service.  
St. George's Cathedral—Holy Com-munion, 8 a.m.; matins, 11 a.m.; Evensong, 7 p.m.; Canon Starr, preacher.  
Coke's Presbyterian Church, Brock-street—The pastor, Rev. W. S. Mac-ray, will preach morning and evening. The Torrey and Alexander hymn-books will be used at the evening service.  
Chalmers, Presbyterian, corner Bar-rie and Earl streets—Rev. M. Macgil-livray, D.D., morning services, 11 a.m. and 7 p.m.; evening services, 8 p.m. "God's Watchword for the World," 7 p.m.; "Marking the Perfect Man, and Beholding the Upright." Strangers cordially invited to all the services.

**After "Pod" Hamilton.**  
It is stated on good authority that at a recent meeting of the McGill U. A.A., a certain sum was voted for the purpose of securing a paid coach for the rugby club, and that it was de-cided that "Pod" Hamilton, who suc-cessfully coached the McGill team last year, should be the man. Not more than a week ago, Prof. McLeod, secretary of the McGill grounds and athletic committee, wired an offer of \$200 for the season to the celebrated coach, who is now at the Soo.  
The Toronto Argonauts will have a strong team again this year and will make a desperate attempt to defeat the Hamilton Tigers, something which they have not been able to do for many years. The Argonauts will have most of their last year's players back in harness, including Pete Platt and Lou Burns. They are trying to get "Chaucer" Elliott to show them a few things again this year, but the Tigers have first call on "Chaucer," he may be coaching the cham-pions again.

**Vanhorn's Nine Won.**  
A return game of ball, between the Haberdashers and Dry Goods Hand-icappers, was played in the cricket field, yesterday afternoon, and Capt. Van-horn's nine succeeded in again trim-ming their rivals in trade. After six innings, the score stood 2 to 1 in their favor. "Van" played in a new position, behind the bat, and showed himself to be capable of getting in the big league at any time.

**The Game Is Off.**  
The Kingston lacrosse club were try-ing to bring the Toronto team here for a game on Labor day, but found it impossible. The labor unions are running a large picnic, and they did not see their way clear to put up a purse, so the game is off.

**To Hold Races.**  
The Napanee Yacht Club intends holding its regatta on August 26th, at Foresters' Island, for the cups and other prizes put up by the club.

**To Have Another Race.**  
Another contest for the Bruce Caruthers trophy was billed for this af-ternoon. The Heather is up from Gananouque. The 14th Club, King-ston, Kingston boats will enter, Kath-leen, Tepee, Chiriy and Thistle. The Temeraire is not likely to enter.

**Sporting Notes.**  
A new skating rink is being built at Halifax, modelled on the Montreal rink.  
O. H. Latrounville, of Toronto, is the all-around champion of Canadian police forces.  
Jack Welch, the popular referee, will supplant "Jim" Jeffries as the referee in all the important fistie bat-tles on the coast.  
The Chicago Cubs have a fine lead in the National Baseball League, with the New York Giants and Pittsburg fighting it out for second place.  
J. K. Carter, now of New York, formerly of the Toronto Victorias, has resigned from the O.R.F.U. executive on account of his removal from Canada.  
Francis Kanaley, the Boston profes-sional runner, is eager to meet Alfred Shrubb, the world's champion long distance stride, in a race for 1,000 yards or a mile.  
Longboat is asked to run Hughes, a Kamloops man, the British Columbia champion. The offer is \$250 gold cup and expenses. The chances of "Tom" going are slim.  
The Ottawa tennis cracks will com-pete in the annual Quebec cham-pionship in Montreal on the courts of the Yacht & Social Tennis Club, Montreal, on September 2d.  
Shamrock decline to meet Ted-sons before the end of the season. The

**A NEW STEAMER LINE TALK OF A CHANGE ON THE ST. LAWRENCE.**

Boats to Run From Clayton—Proposition Said to Have Been Made to the Central Railroad Company Looking to a New Service.  
In Clayton, N.Y., upon reliable au-thority, it was learned that steps have been taken toward placing another line of boats in public service on the St. Lawrence river between there and Alexandria Bay by another company. According to the statement of one who professes to be on the in-side of affairs, the papers projecting the new line are now in the hands of Watertown lawyers and will be made public before long.  
The new company proposes to run at least two boats which will be prac-tically new and well adapted to the needs of the summer tourist business. It is said that the head of the new company is a millionaire, who has al-ready laid a proposition before the New York Central authorities stating that the company, if granted sup-port, would agree to install a com-plete service of new vessels.

**Delivered The Vessel.**  
Foster Donnelly arrived home to-day, after delivering the steamer Na-vojo to the company in Toledo. The vessel's hull is badly damaged, and the journey had to be made in easy stages. The Nevada will be docked for repairs at Toledo, but it is doubtful if she will be in commission again this season.

**Favor One in Toronto.**  
Toronto steambot men are not very much impressed with the idea of a dry-dock at Port Dalhousie, at least until the company is organized. "There is not a vesselman in this harbor," remarked a mariner, "who would not welcome a dry-dock or marine railway here. The fact that it is not being done is due to King-ton to dry-dock is the best evidence of the truth of my state-ment."

**A Slight Accident.**  
The steamer Wolfe Islander collided with the dock, this morning, on her first trip over, and tore a strip of whaling off the top. The accident was due to the heavy wind, which made it hard to land.

**Marine Notes.**  
The steamship Navajo has arrived from Montreal with a cargo of pack-age freight.  
The schooner Pilot is in Richar-dson's slip, undergoing some much-needed repairs.  
The schooner Corvella has arrived from Sudon Point, with coal for the cotton mill.  
The Reid working crew has the dredge "Sir Wilfrid" within half a mile of Port harbor.  
M. T. Co.'s tug Thomson and Mary arrived from Montreal, each with two light barges.  
The steamer Alouette took a moon-ight excursion out of Morrisburg, last night, and arrived back here at seven o'clock, this morning. It was just about eight o'clock when she tied up.

**Had A Close Call.**  
James Kennedy, one of the line men for the street railway, can well re-nder thanks that he is to-day a liv-ing man. Yesterday afternoon he was working outside the street car barns, being given a lesson in this line by was on top of car No. 9, pulling on a block and tackle. Without warn-ing, the rope gave way, and he fell heavily to the ground, lighting on his head. The shoulder of the wires, heavily charged with electricity, came down on the road with a crash, splut-tering all around the infamed man. If one of these wires had touched him it would have meant instant death. Mr. Kennedy was stunned by his fall, and received a bad wrench to his back and right arm.

**"Faust" Again.**  
No play ever in our city has met with such universal approval as this grand masterpiece of Goethe, the Ger-man Shakespeare, and the portrayal of that weird Satanic Mephisto so in-dubitably stamped upon the minds of an audience who witnesses the part taken by Frederick J. Wilson, and his visit to this city with the board of Sydenham, double its former size, of unsurpassing magnificence, with the grandest electrical and mechanical effects ever shown with a "Faust" pro-duction in any city. This is the local management personally guarantees. This is the only "Faust" company that absolutely carries a full choir for the production of the work, the special-ly engaged from the Church of the Transfiguration, St. Louis, Mo. The Detroit Free Press of recent date says that the beautiful rendition of the Drinking Chorus in the grand opera, "Faust," by this magnificent quartette, was the most impressive of anything ever heard of that nature in Detroit. Will appear here on Wednes-day, August 28th, at the Grand.

**To A Hop At Gananouque.**  
A number of the younger set went down to Gananouque on Friday evening, to attend the yacht club's dance there. A party, including Messrs. Harold J. Bages, Garret and Warren Lockett, George G. Merrick, Nat-Steacy, James Swift, and Bruce C. man went down in Warren Lockett's gasoline launch. Many of the mem-bers of the G.Y.C., and take in most of the dances.  
Tooth brushes that give lasting comfort and satisfaction are sold at Gibson's Red Cross drug store. It pays to go there.

**The steamer Davidson cleared for the west Friday, minus one of the members of the crew. The sailor stayed too long with his friends at a hotel bar. Now he is looking for another position that will hold fish and catch them at J. Routley's, 113, 175 Front-street, Brock, 384 King street. The club at Mahood Bros' store played a pleasant outing at Lake Ontario Park, Friday evening. William Swains, 1444a Queen, Freders received at McAuley's, Phone 778.**

**POULTRY MEN MEET AND DECIDE TO HOLD ANOTHER SHOW.**

Will Hold Exhibition on Same Date With Horticultural Society on Sept. 18th and 19th.  
A meeting of the Kingston Poultry Association was held on Thursday night, in the association rooms at the corner of Princess and Montreal streets. President Oldrieve occupied the chair, and there was a large at-tendance of members. The important business of the evening was the ques-tion of holding another show this year, and acting on the suggestion of some of the members, it was de-cided to accept the very generous offer of the Horticultural Society, and con-duct their show on the same date as the Horticultural Society, and in the same place, at the Armouries, thereby adding interest to the exhibition, the admission fee being charged for both. The show is to be held on Sep-tember 18th and 19th. Report says that the poultry is in fine condition for show purposes.  
A committee was appointed to se-lect the necessary fables, and stands, and a committee was also selected to arrange for the necessary printing.  
The members are very enthusiastic over the affair, and have promised to give the undertaking their hearty sup-port, and the show will give every promise of being a great success. The show held in Mr. Oldrieve's store last winter, although on somewhat of a small scale, proved a great success, and delighted the large number of bird-fanciers in Kingston, and there are a great many who have taken a keen interest in this line. The recent show was the means of working up much interest, and many who did not have birds on exhibition then, have prom-ised to be in the "swim" for the one to be held next month. And all this speaks for the success of the affair. Some of the members of the associa-tion have imported some new stock, which has been commented upon most favorably. The pigeon men hope to have an extra good display.  
Dr. Evans has offered to compete in a fifty mile pigeon race with Brock-ville men, on the opening day of the show, the race to be a fifty mile one. The doctor says that he has birds that can travel the fifty miles in one hour.  
The association will hold another meeting in two weeks, when final ar-rangements will be made for the com-ing show. The sale of tickets opened to-day.

**MARRIED AT ARNPRIOR.**  
Miss Ida E. Elliott to T. J. Porter.  
Arnprior Chronicle.  
On Wednesday, August 21st, at the home of her aunt, Mrs. F. W. Howe, Miss Ida E. Elliott, daughter of George Elliott, Esq., was quietly mar-ried to Thompson J. Porter of Arnprior, Western Ontario. The bride was given away by her father, and the ceremony was performed by Rev. G. D. Arm-strong, of Montreal, assisted by Rev. William Philip, pastor of Grace Metho-dist church, Arnprior. Miss Ethel Howe played the wedding march while little Florence acted as flower girl.  
Mr. and Mrs. Porter entertained upon a tour at 4:15 in the afternoon, leav-ing by the C. P. R. local express. Quite a company of friends assembled at the station to wish them bon voyage.  
Miss Elliott has been for the past three years a deaconess—one of a sister-hood of the Methodist church. She was connected with the Sydenham street church in Kingston, and especially interesting among her beautiful gifts is a handsome supply of fac-ture in sterling silver, a testimony of the high esteem in which she was held among the congregation. Sterling silver loomed large among the so-nenants, and particularly fine were the articles from the bride's S.S. class in Kingston.

**"Faust" Again.**  
No play ever in our city has met with such universal approval as this grand masterpiece of Goethe, the Ger-man Shakespeare, and the portrayal of that weird Satanic Mephisto so in-dubitably stamped upon the minds of an audience who witnesses the part taken by Frederick J. Wilson, and his visit to this city with the board of Sydenham, double its former size, of unsurpassing magnificence, with the grandest electrical and mechanical effects ever shown with a "Faust" pro-duction in any city. This is the local management personally guarantees. This is the only "Faust" company that absolutely carries a full choir for the production of the work, the special-ly engaged from the Church of the Transfiguration, St. Louis, Mo. The Detroit Free Press of recent date says that the beautiful rendition of the Drinking Chorus in the grand opera, "Faust," by this magnificent quartette, was the most impressive of anything ever heard of that nature in Detroit. Will appear here on Wednes-day, August 28th, at the Grand.

**To A Hop At Gananouque.**  
A number of the younger set went down to Gananouque on Friday evening, to attend the yacht club's dance there. A party, including Messrs. Harold J. Bages, Garret and Warren Lockett, George G. Merrick, Nat-Steacy, James Swift, and Bruce C. man went down in Warren Lockett's gasoline launch. Many of the mem-bers of the G.Y.C., and take in most of the dances.  
Tooth brushes that give lasting comfort and satisfaction are sold at Gibson's Red Cross drug store. It pays to go there.

**The steamer Davidson cleared for the west Friday, minus one of the members of the crew. The sailor stayed too long with his friends at a hotel bar. Now he is looking for another position that will hold fish and catch them at J. Routley's, 113, 175 Front-street, Brock, 384 King street. The club at Mahood Bros' store played a pleasant outing at Lake Ontario Park, Friday evening. William Swains, 1444a Queen, Freders received at McAuley's, Phone 778.**

**Had A Close Call.**  
James Kennedy, one of the line men for the street railway, can well re-nder thanks that he is to-day a liv-ing man. Yesterday afternoon he was working outside the street car barns, being given a lesson in this line by was on top of car No. 9, pulling on a block and tackle. Without warn-ing, the rope gave way, and he fell heavily to the ground, lighting on his head. The shoulder of the wires, heavily charged with electricity, came down on the road with a crash, splut-tering all around the infamed man. If one of these wires had touched him it would have meant instant death. Mr. Kennedy was stunned by his fall, and received a bad wrench to his back and right arm.

**POULTRY MEN MEET AND DECIDE TO HOLD ANOTHER SHOW.**

Will Hold Exhibition on Same Date With Horticultural Society on Sept. 18th and 19th.  
A meeting of the Kingston Poultry Association was held on Thursday night, in the association rooms at the corner of Princess and Montreal streets. President Oldrieve occupied the chair, and there was a large at-tendance of members. The important business of the evening was the ques-tion of holding another show this year, and acting on the suggestion of some of the members, it was de-cided to accept the very generous offer of the Horticultural Society, and con-duct their show on the same date as the Horticultural Society, and in the same place, at the Armouries, thereby adding interest to the exhibition, the admission fee being charged for both. The show is to be held on Sep-tember 18th and 19th. Report says that the poultry is in fine condition for show purposes.  
A committee was appointed to se-lect the necessary fables, and stands, and a committee was also selected to arrange for the necessary printing.  
The members are very enthusiastic over the affair, and have promised to give the undertaking their hearty sup-port, and the show will give every promise of being a great success. The show held in Mr. Oldrieve's store last winter, although on somewhat of a small scale, proved a great success, and delighted the large number of bird-fanciers in Kingston, and there are a great many who have taken a keen interest in this line. The recent show was the means of working up much interest, and many who did not have birds on exhibition then, have prom-ised to be in the "swim" for the one to be held next month. And all this speaks for the success of the affair. Some of the members of the associa-tion have imported some new stock, which has been commented upon most favorably. The pigeon men hope to have an extra good display.  
Dr. Evans has offered to compete in a fifty mile pigeon race with Brock-ville men, on the opening day of the show, the race to be a fifty mile one. The doctor says that he has birds that can travel the fifty miles in one hour.  
The association will hold another meeting in two weeks, when final ar-rangements will be made for the com-ing show. The sale of tickets opened to-day.

**MARRIED AT ARNPRIOR.**  
Miss Ida E. Elliott to T. J. Porter.  
Arnprior Chronicle.  
On Wednesday, August 21st, at the home of her aunt, Mrs. F. W. Howe, Miss Ida E. Elliott, daughter of George Elliott, Esq., was quietly mar-ried to Thompson J. Porter of Arnprior, Western Ontario. The bride was given away by her father, and the ceremony was performed by Rev. G. D. Arm-strong, of Montreal, assisted by Rev. William Philip, pastor of Grace Metho-dist church, Arnprior. Miss Ethel Howe played the wedding march while little Florence acted as flower girl.  
Mr. and Mrs. Porter entertained upon a tour at 4:15 in the afternoon, leav-ing by the C. P. R. local express. Quite a company of friends assembled at the station to wish them bon voyage.  
Miss Elliott has been for the past three years a deaconess—one of a sister-hood of the Methodist church. She was connected with the Sydenham street church in Kingston, and especially interesting among her beautiful gifts is a handsome supply of fac-ture in sterling silver, a testimony of the high esteem in which she was held among the congregation. Sterling silver loomed large among the so-nenants, and particularly fine were the articles from the bride's S.S. class in Kingston.
