It stops falling hair, and prevents baldness. It should be used occasionally, as a preventive to protect the scalp from a new invasion of the dandruff microbe. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes, 50c and \$1. G. W. Mahood, special agent.

**How Not To Sleep.**

Don't sleep on your left side, for it causes too great a pressure on the heart.

Don't sleep on your right side, for it interferes with the respiration of that lung.

Don't sleep on your stomach, for that interferes with the respiration of both lungs and makes breathing difficult.

Don't sleep on your back, for this method of getting rest is bad for the nervous system.

Don't sleep-sitting in a chair, for your body falls into an unnatural position and you cannot get the necessary relation.

Don't sleep standing up, for you may topple over and crack your skull.

Don't sleep.
